SUMMARY OF OUR BUSINESS OVERVIEW

Sungarner Energies Limited was founded and promoted by Mr. Sumit Tiwari in year 2015, with a motive of providing efficient and low-cost power solutions. Our Company is offering a wide range of power solutions such as Solar Power, UPS, Batteries, Inverters and Solar Panels. We also provide high quality professional solutions like design and engineering services in power sector to our customers.

At the start of our Journey "SEL" was a Design Engineering and Solar EPC company and gradually company also diversified into Manufacturing of Power Electronics and Energy storage Products. Today Sungarner Energies Limited is also into manufacturing of Solar Inverters, Online UPS Systems, EV Chargers, and Lead Acid Batteries. SunGarner has also obtained WMI code for manufacturing of EV Vehicles (although we have only developed prototype only and have not started full scale manufacturing of EV Vehicles). Company recognized the need for a dedicated R&D facility to innovate new product lines and it established in-house R&D facility in 2017 and staffed it with experts. This facility helped us adopt Various Advance features e.g., for Solar Inverters the advanced Maximum Power Point Technology "MPPT" - this is a well-known algorithm that helps in extracting maximum available power from a PV module in any given condition. We established our first in-house product unit for Power Products in 2018.

Today we are one of the leading technology and manufacturing company for power conditioning and storage products. Our Company leadership team consists of various accomplished professionals either as KMP, directors or employees besides our promoters and who have collective experience of more than 100 years in the field of solar energy. This has made our company a highly acclaimed and trusted enterprise in Power Solutions sector within a short time. We are having a professionally managed team having vast techno-commercial knowledge and experience and have successfully executed several projects in sector. Furthermore, our company also provide various kind of services such as Solar Power Plants Projects, Solar Power Generation System and Operation & maintenance thereof.

Sungarner Energies Limited produces lead acid batteries of varying capacities in the range from 12 Volts 40 ampere-hour to 12 volts 300 ampere-hours. Today SunGarner Products are available through its Distributors in To be successful in Lead acid batteries business apart from quality product distribution & Brand recognition is the backbone for growth in revenue. We have already established distribution network in some of the key markets like Haryana, UP, Bihar, Rajasthan, and Assam. SunGarner Today has 6 (six) service Centres in India - Delhi, UP Haryana, Bihar Assam, Bengal. SunGarner is in the process in expanding it's footprint further by appointing additional 500 Franchisee to cover all major Districts of India by end of 2025. Also, SunGarner has also started exports in last 2 years and has exported its products to Nigeria, Lebanon, Nepal, Dubai and Bhutan.

SunGarner Solar EPC Division has till date commissioned more than 50 (fifty) large Solar Projects in last 8 years. Some of the prestigious projects that we have commissioned are for customers like Interglobe Enterprises, DLF, Jubilant Life Sciences, Eli Lilly, Modi Xerox, V N Dyers and Textiles, The ITC Hotels Delhi, The India Thermit Nagpur, Sarovar Portico Lucknow, Satyam Hospital Ludhiana, Dayawati Modi School Rampur to name a few. Further, we have also forayed into international projects by installing the largest solar power project in Bhutan in 2021

Today we are one of the leading technology and manufacturing company for power conditioning and storage

products. Our Company leadership team consists of various accomplished professionals either as KMP, directors or employees besides our promoters and who have collective experience of more than 100 years in the field of solar energy. This has made our company a highly acclaimed and trusted enterprise in Power Solutions sector within a short time. We are having a professionally managed team having vast techno-commercial knowledge and experience and have successfully executed several projects in sector. SUMMARY OF OUR INDUSTRY

Solar Power Industry

India is a fast developing economy and due to high growth in the economy coupled with the fact that per capita consumption of electricity is playing catch up with the developed economies (as India's per capita consumption of electricity is still low), the demand for power has been continuously increasing in India. To meet this rising demand for electricity, absence of fossil fuels in India and India's commitment to Climate Change, India is aggressively moving ahead to increase the share of renewable energy in total power generation capacity in India. Solar power is a fast developing industry in India. The country's total installed capacity in Solar Power was 63.303 GWAC as of 31 December 2022. Solar power generation in India ranks fourth globally in 2021. With the gradual decrease in capex costs involved in executing a SPV project, the project developers are coming forward with a renewed interest in the solar sector. Although the commercialization of CSP technology has so far been very limited globally, the increasing support from CERC and SERCs in the form of aggressive feed in tariff (FIT) mechanism and technological breakthroughs will give a further push to the penetration of this technology in solar business. Surprisingly low bids under JNNSM and signing of PPAs of massive capacities is just an indication of the promising future of Solar power in India.

The Inverter Market

With the sudden increase in demand, dealers are unable to meet requirements. This again, is opportunistic for companies making solar inverters. The Indian PV market has been growing and with the National Solar Mission, and increasing number of players eyeing the market, the solar inverter market shows promise. The push from the government on the PV market has propelled companies to expand their production. The growing usage of power inverters in the residential sector is augmenting the market growth in India. With rapid urbanisation and growing disposable incomes, coupled with the rising ownership of consumer electronics such as televisions, smartphones, and refrigerators, among others, the utilisation of power inverters to ensure seamless electricity supply is growing. The growing prevalence of power cuts, especially in rural and semi-urban regions, is boosting the demand for cost-effective power inverters. Moreover, the India power inverter market is being fuelled by the surging launches of compact, efficient, safe, low maintenance inverters with high-rated performance and minimal carbon footprint. The India power inverter market attained a value of about USD 4.20 billion in 2021. The market is further estimated to grow in the forecast period of 2023-2028 at a CAGR of 14.6% to reach nearly USD 9.81 billion by 2027.

Battery Industry

The Indian Battery Market is segmented by Technology (Lithium-ion Battery, Lead-acid Battery, and Other Technologies) and by Application (SLI Batteries, Industrial Batteries (Motive, Stationary (Telecom, UPS, Energy Storage Systems (ESS), etc.), Portable (Consumer Electronics, etc.), Automotive Batteries (HEV, PHEV, and EV), and Other Applications).

The global battery market size was valued at USD 104.31 billion in 2022 and is expected to expand at a

compound annual growth rate (CAGR) of 15.8% from 2023 to 2030. The high use of UPS devices in healthcare, chemical, and oil & gas sectors for continuous power supply is expected to propel the growth of the battery market. Lead acid batteries are used for critical applications because of their high reliability and low cost. However, lithium-ion battery is expected to capture a significant portion of the lead acid battery market during the forecast period on account of their low energy density and lightweight. The U.S. market is anticipated to witness substantial growth in the forecast period owing to favorable government policies and increasing electric vehicle and consumer electronics sales in the country.

Electrical Accessories Market

India electrical materials market was valued at USD 5969.13 Million in FY2020 and is projected to grow at double digit CAGR of 17.88% during the forecast years, to reach USD 9714.33 Million through FY2026. To accommodate the rapidly growing population of India, there has been a significant rise in construction activities, which has been led to a boost in demand for electrical materials market in India. Growing number of commercial spaces and short-term expansion of construction activities driven by fiscal support and government policies is creating a market opportunity for electrical materials manufacturers in India. Innovations in electrical materials by major market player, adapting sustainable technologies is also one of the factors attributing to growth of India electrical market.

Apart from increasing use in construction sector, electrical materials are witnessing increasing used in various industries such as power plants, refinery cement industry, steel, mining, among others. The Indian government and various state governments seem to be making rapid progress in boosting the country’s industrial sector. Over the next 10-15 years, industrialization in India is likely to continue its growth momentum, which is expected to create significant opportunities for electrical materials in the industrial sector.

Power is among the most critical components of infrastructure, crucial for the economic growth and welfare of nations. The existence and development of adequate power infrastructure is essential for sustained growth of the Indian economy. The fundamental principle of India’s power industry has been to provide universal access to affordable power in a sustainable way. The Ministry of Power has made significant efforts over the past few years to turn the country from one with a power shortage to one with a surplus by establishing a single national grid, fortifying the distribution network, and achieving universal household electrification.

India’s power sector is one of the most diversified in the world. Sources of power generation range from conventional sources such as coal, lignite, natural gas, oil, hydro and nuclear power, to viable non-conventional sources such as wind, solar, agricultural and domestic waste. Electricity demand in the country has increased rapidly and is expected to rise further in the years to come. In order to meet the increasing demand for electricity in the country, massive addition to the installed generating capacity is required.

SECTION III- RISK FACTORS

An investment in the Equity Shares involves a high degree of risk. You should carefully consider all the information in this Draft Prospectus, including the risks and uncertainties summarized below, before making an investment in our Equity Shares. The risks described below are relevant to the industries our Company is engaged in, our Company and our Equity Shares. To obtain a complete understanding of our Company, you should read this section in conjunction with the chapters titled “Our Business” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” beginning on page numbers 99 and 190, respectively, of this Draft Prospectus as well as the other financial and statistical information contained in this Draft Prospectus. Prior to making an investment decision, prospective investors should carefully consider all of the information contained in the section titled “Financial Information, as Restated” beginning on page number 158 of this Draft Prospectus.

If any one or more of the following risks as well as other risks and uncertainties discussed in the Draft Prospectus were to occur, our business, financial condition and results of our operation could suffer material adverse effects, and could cause the trading price of our Equity Shares and the value of investment in the Equity Shares to materially decline which could result in the loss of all or part of investment. Prospective investors should pay particular attention to the fact that our Company is incorporated under the laws of India and is therefore subject to a legal and regulatory environment that may differ in certain respects from that of other countries.

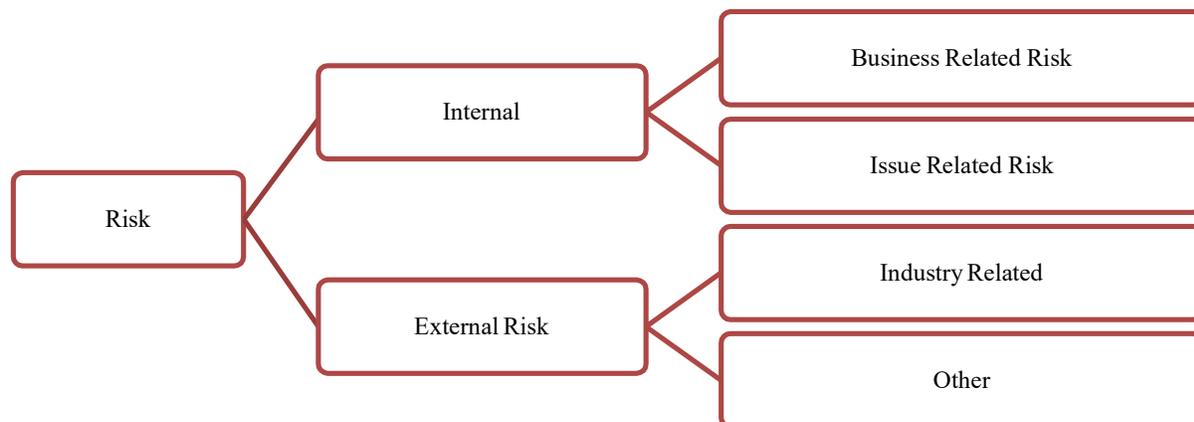

This Draft Prospectus also contains forward looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of many factors, including the considerations described below and elsewhere in the Draft Prospectus. These risks are not the only ones that our Company face. Our business operations could also be affected by additional factors that are not presently known to us or that we currently consider to be immaterial to our operations. Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify financial or other implication of any risks mentioned herein.

Materiality

The Risk factors have been determined based on their materiality, which has been decided based on following factors:

1. Some events may not be material individually but may be material when considered collectively.
2. Some events may have an impact which is qualitative though not quantitative.
3. Some events may not be material at present but may have a material impact in the future.

Classification of Risk Factors

INTERNAL & BUSINESS RISK FACTORS

- We do not have long term contracts with our suppliers and therefore, there may be potential unavailability of raw materials in future which may adversely affect our business operations.*

There are various raw materials which is essential for manufacturing of Solar inverters and batteries, which is supplied through short term contracts. We procure all the raw material on need basis, after considering quotations from different suppliers, quality of raw material and other relevant factors.

Our business largely depends on the availability of raw material and any shortage of it may adversely affect our financial condition and business operations. If we fail to procure good quality raw material, we may not be able to maintain our production and our business operations and financial results may be adversely affected.

- Our present promoters of the Company are first generation entrepreneurs.*

Our present promoters are first generation entrepreneurs. Their experience in managing and being instrumental in the growth of our Company is limited to the extent of their knowledge and experience and we cannot assure that this will not affect our business growth.

- Our company unable to work on its full potential and utilized its full capacity for the production and manufacturing of products.*

Since our company is into manufacturing and trading business, the capacity utilisation is an important factor to determine the strength and potential output that can be produced if capacity was fully used.

The Capacity Utilisation trend is given below:

Products	Unit	Particulars	For the period ended 30 th November, 2022	For the period ended 31 st March, 2022	For the period ended 31 st March, 2021	For the period ended 31 st March, 2020
Solar and Non-Solar Inverter Commercial and Industrial > 2.5kVA	No.	Installed Capacity	5,500	3,500	2,400	1,800
		Actual Production	3,200	2,000	1,600	1,200
		%	58.18	57.14	66.67	66.67
Residential Inverters (Solar and Non-Solar) <2.5kVA	No.	Installed Capacity	10,000	3,000	-	-
		Actual Production	3,000	400	-	-
		%	30.00	13.33	-	-
Solar Industrial Rooftops	Mwp	Installed Capacity	5	4	3	2
		Actual Production	2	1	1	0.5
		%	40.00	25.00	33.33	25.00
Solar & Inverter Batteries	No.	Installed Capacity	36,000	24,000	-	-
		Actual Production	16,000	5,000	-	-
		%	44.44	20.83	-	-

Online UPS	No.	Installed Capacity	100	100	-	-
		Actual Production	40	30	-	-
		%	40.00	30.00	-	-

We have already completed one capex cycle where we have already established a larger manufacturing capacity to take care of our future needs. On face of it looks like we are having a lower capacity utilization but our lower capacity utilization of our manufacturing set-up is primarily due to lack of working capital, post IPO “SEL” will have sufficient working capital funds to rapidly ramp up capacity utilization of our manufacturing capacity in next couple of years.

4. We derive our significant amount of revenue form the manufacturing Solar Inverter and batteries. Any fall in demand of Solar Inverter and batteries may adversely affect our business operations.

A major portion of Our business revenue is derived from the sale of solar inverter and batteries. The solar power storage market is still evolving and is also seeing changes in the technology. If there is a disruption in the form of new technology in the solar inverter or battery industry then it may lead to disruption in the business if our company is unable to adapt to the new technology in a timely manner or if the demand for solar inverter and batteries does not grow faster enough or it takes longer to reach higher volumes than we anticipate, our revenue may disrupt and thereby our business, operational and financial results may be adversely affected.

Many factors may affect the viability of widespread adoption of solar power technology and demand for solar power and the need for and viability of solar power projects, including but not limited to:

- Cost-effectiveness, performance and reliability of solar power compared to traditional energy sources.
- Public perceptions of the direct and indirect benefits of adopting renewable energy technology.
- Price volatility of solar power equipment such as modules, inverters, trackers and transformers, batteries.
- Fluctuations in economic and market conditions that may affect the viability of traditional and other alternative renewable energy sources.
- the cost of capital and availability of credit, loans and other forms of financing for solar power projects.
- regulations and policies governing the development of Lithium-ion batteries, solar power or electric utility industries that may present technical, regulatory or economic barriers to the establishment of solar power projects and the purchase and use of solar energy.

5. Our Company has negative cash flows from its operating activities, investing activities and its financing activities in the current and past years, details of which are given below. Sustained negative cash flow could impact our growth and business.

Our Company had negative cash flows from our investing & financing activities in the current and previous years and in operating activities in current year as per the Restated Financial Statements and the same are summarized as under.

(Amount in Rs. Lakhs)

Net Cash Generated from	For the period ending Nov 30, 2022	For the period ending March 31, 2022	For the period ending March 31, 2021	For the period ending March 31, 2020
Operating Activities	20.77	(66.57)	10.57	13.53
Investing Activities	(5.84)	(41.20)	(12.36)	(3.11)
Financing Activities	(13.24)	106.61	6.34	(15.97)

6. Our business is dependent on developing and maintaining continuing relationships with our clients/customers. Our top Five customers contribute majority of our revenues from operations. Any loss of business from one or more of them may adversely affect our revenues and profitability.

Our company has a small customer base where more than 75% of revenue from operations are arrived from top 5 customers. When a business is overly-reliant on a small group of customers or clients, its revenue will be highly sensitive.

The Company is primarily engaged in the business of manufacturing the solar power and batteries. Further we also engaged in the providing services such as Solar Power Plants Projects, Solar Power Generation System and Operation & maintenance thereof. Our business operations are highly dependent on our top five customers and the loss of any of our customers may adversely affect our sales and consequently on our business and results of operations.

We have not entered into long terms agreements with our customers and the success of our business is accordingly significantly dependent on us maintaining good relationships with our customers. The actual sales by our Company may differ from the estimates of our management due to the absence of long term agreements.

However, company has started developing large dealer network and has started exports under our own brand name. This increase in retail network under own brand name may significantly reduce our vulnerability to dependence on large customers.

7. Our company has issued certain equity shares within last twelve months at a price lower than the issue price (other than bonus issue).

Our company has issued certain equity shares (other than bonus issue) within last twelve months at a price lower than the issue price, details of which are as follows:

Sr. No.	Name of Allottees	No. of Shares Allotted	Face Value (Rs.)	Issue Price (Rs.)	Date of Allotment	Reason for Allotment	Benefit occurred to Issuer
1.	Sumit Tiwari	1,00,000	10.00	40.00	September 13, 2022	Conversion of Loan	-
2.	Anshul Agarwal	25,000	10.00	40.00	October 19, 2022	Preferential Allotment	-
3.	Anshu Agarwal	25,000	10.00	40.00			-
4.	Subhash Agarwal	25,000	10.00	40.00			-
5.	Muskan Agarwal	25,000	10.00	40.00			-
6.	Sunny Raheja	25,000	10.00	40.00			-
Total		2,25,000					

8. *We operate in a competitive industry and any failure to compete effectively may result in a decline in our market share.*

The market for solar Inverter, PV modules and our other products is intensely competitive and continuously evolving. We view our primary competitors to be traditional global and local solar manufacturing companies. Our competitors may have greater financial resources, a more effective or established local business presence. Some of our competitors may have advantages over us in terms of greater operational, technical, management or other resources well as know-how of regulatory and political challenges in the geographies in which we operate or into which we intend to expand our operations.

A few competitors may undertake initiatives for higher backward integration which would enable them to compete on costs and have better margin performance. Furthermore, due to intense competition, there may be a decline in pricing for solar modules, which may have an adverse impact on our results of operations and financial condition.

9. *Our Company has availed certain unsecured loan facility amounting to Rs. 4.77 Lakhs that may be callable on demand by the lender at any point of time.*

As on date of Draft Prospectus, our Company has unsecured loans amounting to Rs. 4.77 Lakhs from unsecured lenders that are repayable on demand to the relevant lender. Further, some of these loans are not repayable in accordance with any agreed repayment schedule and may be recalled by the relevant lender at any time. Any such unexpected demand or accelerated repayment may have a material adverse effect on the business, cash flows and financial condition of the borrower against which repayment is sought. Any demand from lenders for repayment of such unsecured loans, may adversely affect our cash flows.

For further details of unsecured loans of our Company, please refer the chapter titled “Financial Information” on page 158 of this Draft Prospectus.

10. *Our operations are subject to high working capital requirements. Our inability to maintain sufficient cash flow, credit facilities and other sources of funding, in a timely manner, or at all, to meet requirement of working capital or pay out debts, could adversely affect our operations.*

As our revenue as proportion of our total revenue is increasing from the retail business (which is working capital intensive segment), we would require substantial working capital and financing in the form of fund based working capital facilities to meet our increased requirements, which might lead to slower growth than expected. The details of our working capital for the period ended November 30, 2022 and year ended March 31, 2022, March 31, 2021 & March 31, 2020 are as under which is showing continuous increase:

(Amount in Rs. Lakhs)

Particulars	November 30, 2022	March 31, 2022	March 31, 2021	March 31, 2020
Current Assets				
Inventories	345.89	209.83	79.68	27.66
Trade Receivables	204.02	129.19	92.06	84.89
Cash and Cash Equivalents	5.58	3.88	5.04	0.49
Short-term Loans and Advances	177.38	40.31	8.60	20.22
Other Current Assets	2.28	0.11	0.09	-
Total (A)	735.15	383.32	185.47	133.26
Current Liabilities				

Short Term Borrowings	192.08	170.02	78.32	75.76
Trade Payables	153.08	93.51	82.10	52.60
Other Current Liabilities	194.88	31.76	24.94	27.50
Short-term Provisions	40.98	23.35	4.78	6.75
Total (B)	581.02	318.64	190.14	162.61
Net Working Capital (A) – (B)	154.13	64.68	(4.67)	(29.35)

A sudden growth in retail business or delay in payments from dealer network may lead to increase in trade cycle, thereby may lead to increased working capital borrowings and, consequently, higher finance cost which may have an impact our profitability margins. The significant amount of working capital and major portion of our working capital is utilized towards inventories and trade receivables. Our inability to maintain sufficient cash flow, credit facility and other sourcing of funding, in a timely manner, or at all, to meet the requirement of working capital or pay out debts, may have an adverse impact on our financial ratios and overall profitability of the company.

11. *We do not own the premises in which our registered office is located and the same is on lease arrangement. Any termination of such lease/license and/or non-renewal thereof and attachment by Property Owner could adversely affect our operations.*

Our registered office is presently located at 1/5322, S/F, Plot No. 19A, Gali No.13, Balbir Nagar Ext., New Delhi- 110032, India. The registered office is not owned by Company.

The premises have been taken on lease basis for a period of Eleven Months commencing from October 21, 2022.

Upon termination of the lease, we are required to return registered office premises to the Lessor/Licensor, unless it is renewed. There can be no assurance that the term of the agreements will be renewed on commercially acceptable terms and in the event the Lessor/Licensor terminates or does not renew the agreements, we are required to vacate our registered office business where administrative activities are carried out. We may be required to identify alternative premises and enter into fresh lease or leave and license agreement at less favorable terms and conditions. Such a situation could result in loss of business, time overruns and may adversely affect our operations and profitability.

12. *Our Company has applied for trademark “Vault Daudegi Zindagi” which has not been registered under the Trade Marks Act, 1999.*

We have filed application for registration of trademark under class 9 for “Vault Daudegi Zindagi” vide application number 5559018 dated August 05, 2022 which has been objected by Registrar of Trademarks under section 9(1)(b) of Trade Mark Act, 1999. Furthermore, Our Company has filed its reply against the said objection on January 24, 2023 & the matter is pending before Registrar of Trademark as on date. The complete details of Trademark are given in Chapter “Our Business” beginning on page no. 99 of this Draft Prospectus. In the event we are not able to obtain registration in respect of such trademark application, we may not be able to obtain statutory protections available under the Trade Marks Act, 1999, as otherwise available for registered logos and trademarks. Consequently, we are subject to the various risks arising out of the same, including but not limited to infringement or passing off our name and logo by a third party.

13. *We may not have sufficient insurance coverage to cover all possible losses.*

Our operations carry inherent risks of personal injury and loss of life, damage to or destruction of property, plant and machinery and damage to the environment, and are subject to various risks such as fire, theft, flood, earthquakes and terrorism. We maintain insurance coverage, in amounts we consider to be commercially appropriate, including insurance against damage, loss of profit and business interruption, marine inland transit and third-party liability insurance with respect to our assets. Our insured assets primarily consist of property, plant & equipment, furniture, fixtures and fittings, inventory, etc.

While we have not had any such instance in the past three years, there can be no assurance that in the future our losses would not significantly exceed our insurance coverage or may not be recoverable through insurance and consequently our business, financial condition and results of operations could be materially and adversely affected. The complete details of Insurance are given in Chapter “*Our Business*” beginning on page no. 99 of this Draft Prospectus.

14. *Removal/ exemption/ elimination/ expiration of government subsidies and economic incentives to promote solar energy and domestic production could reduce demand for our solar modules.*

The imposition of extra duties being levied on sources of energy that cause carbon dioxide pollution for the purpose of reducing greenhouse gas emissions has indirectly supported the expansion of power generated from renewable energy. The GoI has offered several fiscal benefits, tariffs, safeguard duties on foreign imports, policies and schemes aimed at promoting the solar energy industry. Reduced growth in or the reduction, elimination or expiration of these government subsidies and economic incentives may result in the diminished competitiveness of solar energy relative to conventional and non-solar renewable sources of energy, and could materially and adversely affect the growth of the solar energy industry and our revenue from operations. Furthermore, government incentives typically expire, phase out over time, exhaust the allocated funding or require renewal by the applicable authority, and there can be no assurances that the GoI will continue to offer incentives to the solar energy industry in the future. Thus solar power sector was benefitted.

The regulatory policies in various states in India currently provide a favourable framework for securing attractive returns on capital invested for renewable and solar energy projects. If any of these incentives or policies are adversely amended, eliminated or not extended beyond their current expiration dates, or if funding for these incentives is reduced, or if governmental support of renewable energy development, particularly solar energy, is discontinued or reduced, it could have an adverse effect on our ability to obtain financing, and may affect the viability of new solar energy projects based on current tariff and cost assumptions.

15. *Technological changes, evolving customer requirements and emerging industry trends may affect our business, may render our current technologies obsolete and may require us to make substantial capital investments.*

Our business functions in a high technology sector and our future success depends, in part, on our ability to respond to technological advances, evolving customer requirements and emerging industry standards and practices on a cost-effective and timely basis. we cannot assure you that we will be able to successfully implement new technologies or adapt our processing systems to evolving customer requirements or emerging industry standards.

If we are unable, for technical, legal, financial or other reasons, to adapt in a timely manner to changing market conditions, evolving customer requirements or technological changes, our business, financial condition and results of operations could be materially and adversely affected.

16. *Our results of operations could be adversely affected by a disruption of operations at our manufacturing facilities.*

We operate only one production plant located at Gautam Budh Nagar, Uttar Pradesh. All of these facilities are subject to operational risks, including:

- equipment failure;
- failure to comply with applicable regulations and standards;
- obtaining and maintaining necessary licenses;
- raw material and/or energy supply disruptions;
- labour force shortages or work stoppages; and
- natural disasters.

While our facilities are insured against standard risks such as fire, there can be no assurance that the proceeds available from our insurance policies would be sufficient to protect us from possible loss or damage. In addition, we do not currently have business interruption insurance. As a result, a significant disruption in operations at any of these production facilities resulting from the events above or other events may adversely affect our business, financial condition and results of operations.

17. *The average cost of acquisition of Equity Shares by our Promoter is lower than the issue price.*

Our Promoter average cost of acquisition of Equity Shares in our Company is lower than the Issue Price of the shares proposed to be offered through this Draft Prospectus. For further details regarding average cost of acquisition of Equity Shares by our Promoters in our Company, please refer to page no. 61 of this Draft Prospectus.

18. *Some of our Directors (including promoter) hold equity shares in our company and therefore interested in our company's performance in addition to their remuneration and reimbursement of expenses.*

Some of our Directors/Promoter are interested in our Company to the extent of their shareholding, dividend rights, in addition to normal remuneration or benefits and reimbursement of expenses. We cannot assure you that our directors or promoters would always exercise their rights as Shareholders to the benefit and best interest of our Company. As a result, our directors or Promoter will continue to exercise significant control over our Company, including being able to control the composition of our board of directors and determine decisions requiring simple or special majority voting, and our other Shareholders may be unable to affect the outcome of such voting.

For details relating to benefits and reimbursement of expenses to some of our directors, please refer to section title "Our Management", "Our Promoters", "Promoters' Group" and Annexure IX "Related Party Transaction in chapter titled "Restated Financial Statement" on page nos. 135, 148,151, 186 & 158 respectively of this Draft prospectus.

19. *Our Company has entered into certain related party transactions and may continue to do so in the future.*

Our Company has entered into related party transactions with our Promoter, Directors and the Promoter Group aggregating Rs. 61.13 Lakhs for the last financial year ended March 31, 2022. While our Company

believes that all such transactions have been conducted on the arm's length basis, there can be no assurance that it could not have been achieved on more favorable terms had such transactions not been entered into with related parties.

Furthermore, it is likely that our Company will enter into related party transactions in the future. There can be no assurance that such transactions, individually or in the aggregate, will not have an adverse effect on our financial condition and results of operation. For details, please refer to "Annexure IX – Related Party Transactions" on page no. 186 of this Draft Prospectus.

20. *Our Company may incur penalties or liabilities for non-compliances with certain provisions of the Companies Act and other applicable laws in the last three (3) Years.*

Our Company may incur penalties or liabilities for non-compliance with certain provisions including lapsed/ made delay in certain filings and/or erroneous filing/ non-filing of e-forms under Company Act applicable to it in the past years. Such non-compliances/delay Compliances/ erroneous filing/ Non-Filing/ Non-Registration may incur the penalties or liabilities which may affect the results of operations and financial conditions.

21. *We may not be able to achieve our financial objectives, in case of failure to target or attract the better business opportunities effectively.*

Our ability to achieve our financial objectives will depend on our ability to identify, evaluate and accomplish business opportunities. The solar industry is at a very nascent stage and is still in its development phase. Demand of solar panels and similar products is very fluctuating. It can be possible that the new opportunities may be taken by other competitors at more competitive price, as they take first mover advantage. The solar industry continues to experience increasingly lower costs, improved efficiency and higher electricity output. We may not be able to offer competitive bids to our customers, which may lead to slipping of opportunities.

Our failure to source business opportunities effectively could have a material adverse effect on our business, financial condition and results of operations. It is also possible that the strategies used by us in the future may be different from those presently in use. No assurance can be given that our analysis of market conditions and other data or the strategies that we may use in future to use will be successful under various market conditions.

22. *Our Promoters and members of the Promoter Group will continue jointly to retain majority control over our Company even after the completion of the Issue which will allow them to determine the outcome of matters submitted to shareholders for approval.*

Post this Issue, our Promoters and Promoter Group will collectively own 61.49% of our post issue equity share capital. As a result, our Promoters, together with the members of the Promoter Group, will continue to exercise a significant degree of influence over the Company and will be able to control the outcome of any proposal that can be approved by a majority shareholder vote, including, the election of members to our Board, in accordance with the Companies Act, 2013 and our Articles of Association. Such a concentration of ownership may also have the effect of delaying, preventing or deterring a change in control of our Company. In addition, our Promoters will continue to have the ability to cause us to take actions that are not in, or may conflict with, our interests or the interests of some or all of our creditors or other shareholders, and we cannot assure you that such actions will not have an adverse effect on our future financial performance or the price of our Equity Shares.

23. *Our success depends largely on our senior management and other key personnel and our ability to attract and retain them.*

Our success depends on the continued efforts, services and performance of our senior management and sales agents. Competition for senior employees and sales agents in the industry is intense and we may not be able to retain our existing team members or attract and retain new team members in the future. The loss of any member of our key team may adversely affect our business, results of operations and financial condition. We do not maintain keyman's life insurance for our Promoters, senior members of our management team or other key personnel.

24. *Fluctuations in prices of raw material and if we are unable to maintain appropriate time span between procurement and selling of our product it may cause losses.*

Any fluctuation in the prices of raw material may affect our cost and supply of the services. Therefore, any significant increase in these prices due to any reasons, and our inability to pass on increased costs to our consumers or reduction in demand from our consumers, may adversely affect our revenue and profitability. For further details, see Our Business on page no. 99 of this Draft Prospectus.

25. *Our results of operations could be adversely affected by strikes, work stoppages or increased wage demands by our employees or any other kind of disputes with our employees.*

We employ a significant number of employees. As on date of this Draft Prospectus, we had 46 permanent employees on our rolls.

Historically, we have not experienced any significant strikes or other labour disputes. However, there can be no assurance that we will not experience disruptions to our operations due to disputes or other problems with our work force, which may adversely affect our business and results of operations.

We believe we maintain good relationships with our workforce, there can be no assurance that the Company will not experience future disruptions to its operations due to disputes or other problems with its work force.

26. *Certain Agreements, deeds or licenses may be in the previous name of the company.*

Our certain agreements, deeds or licenses may be in the name of the erstwhile name of the company SunGarner Energies Private Limited. In case, we fail to change the name in the agreements, deeds or licenses it may cause adverse effect on Our Company's business & operations. although we do not foresee any challenge in doing so.

27. *The Objects of the Issue for which funds are being raised, are based on our management estimates and any bank or financial institution or any independent agency has not appraised the same. The deployment of funds in the project is entirely at our discretion, based on the parameters as mentioned in the chapter titles "Objects of the Issue".*

The fund requirement and deployment, as mentioned in the "Objects of the Issue" on page 68 of this Draft Prospectus is based on the estimates of our management and has not been appraised by any bank or financial institution or any other independent agency. These fund requirements are based on our current business plan, current trade cycle and product mix. We cannot assure that the current business plan and product mix will be implemented in its entirety. In view of the highly competitive and dynamic nature of our business, we

may have to revise our business plan from time to time and consequently these fund requirements may increase. The deployment of the funds as stated under chapter –Objects of the Issue, is at the discretion of our Board of Directors and is not subject to monitoring by any external independent agency. Any such variance may be on account of one or more factors, some of which may be beyond our control. Occurrence of any such event may delay our business plans and/or may have an adverse bearing on our expected revenues and earnings.

28. *There is no monitoring agency appointed by our Company and the deployments of funds are at the discretion of our Management and our Board of Directors, though it shall be monitored by the Audit Committee.*

As per SEBI (ICDR) Regulations, 2018 appointment of monitoring agency is required only for Issue size above Rs. 10,000 Lakh. Hence, we have not appointed a monitoring agency to monitor the utilization of Issue proceeds. However, the Audit Committee of our Board will monitor the utilization of Issue proceeds. Further, our Company shall inform about material deviations in the utilization of Issue proceeds to the stock exchange and shall also simultaneously make the material deviations / adverse comments of the audit committee public.

29. *Our ability to pay dividends in the future will depend upon our future earnings, financial condition, cash flows, working capital requirements, capital expenditure and restrictive covenants in our financing arrangements.*

We may retain all our future earnings, if any, for use in the operations and expansion of our business. As a result, we may not declare dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board of Directors and will depend on factors that our Board of Directors deem relevant, including among others, our results of operations financial condition, cash requirements, business prospects and any other financing arrangements.

Additionally, we may not be permitted to declare any dividends under the loan financing arrangement that our Company may enter into future, if there is a default under such loan agreements or unless our Company has paid all the dues to the lender up to the date on which the dividend is declared or paid or has made satisfactory provisions thereof.

Accordingly, realization of a gain on shareholders investments may largely depend upon the appreciation of the price of our Equity Shares. There can be no assurance that our Equity Shares will appreciate in value. For details regarding our dividend policy, please see–Dividend Policy on page no. 157 of this Draft Prospectus.

30. *Our future funds requirements, in the form of fresh issue of capital or securities and/or loans taken by us, may be prejudicial to the interest of the shareholders depending upon the terms on which they are eventually raised.*

We may require additional capital from time to time depending on our business needs. Any fresh issue of shares or convertible securities would dilute the shareholding of the existing shareholders and such issuance may be done on terms and conditions, which may not be favourable to the then existing shareholders. If such funds are raised in the form of loans or debt, then it may substantially increase our interest burden and decrease our cash flows, thus prejudicially affecting our profitability and ability to pay dividends to our shareholders.

31. *Delay in raising funds from the IPO could adversely impact the growth rate.*

The proposed use of issue proceeds, as detailed in the section titled “Objects of the Issue” on page no. 68 is to be partially and/or wholly funded from the proceeds of this IPO. We have not identified any alternate source of funding and hence any failure or delay on our part to mobilize the required resources or any shortfall in the Issue proceeds may delay the implementation schedule which may adversely impact the growth rate of our Company. We, therefore, cannot assure that we would be able to execute the expansion process within the given time frame, or within the costs as originally estimated by us. Any time overrun or cost overrun may adversely affect our growth plans and profitability.

32. *The requirements of being a public listed company may strain our resources and impose additional requirements.*

With the increased scrutiny of the affairs of a public listed company by shareholders, regulators and the public at large, we will incur significant legal, accounting, corporate governance and other expenses that we were not required to incur in the past. We will also be subject to the provisions of the listing agreements signed with the Stock Exchange. In order to meet our financial control and disclosure obligations, significant resources and management supervision will be required. As a result, management’s attention may be diverted from other business concerns, which could have an adverse effect on our business and operations.

In addition, we will need to increase the strength of our management team and hire additional legal and accounting staff with appropriate public company experience and accounting knowledge and we cannot assure that we will be able to do so in a timely manner. Failure of our Company to meet the listing requirements of stock exchange, if any, could lead to imposition of penalties, including suspension of trading in shares of the Company.

33. *We cannot assure you that our equity shares will be listed on the NSE Emerge in a timely manner or at all, which may restrict your ability to dispose of the equity shares.*

Though we shall make best of our efforts to comply with all applicable regulatory, financial and operational requirements for getting the equity shares proposed to be offered through this Draft prospectus listed on NSE emerge platform in a time bound manner, yet on account of any change in applicable laws, economic conditions and/or any other reason/s beyond our control, the said shares may not get listed on the Emerge platform of NSE Limited in a timely manner or at all, which may restrict your ability to dispose of the equity shares. However, even in such circumstances, the company shall stay fully committed to pay such interest and/or refund the full application amount, as may be required in accordance with the applicable regulatory directives.

34. *Sale of Equity Shares by our Promoters or other significant shareholder(s) or any future issue of Equity Shares may dilute your shareholding and adversely affect the trading price of the Equity Shares.*

Any future equity issues by us, including in a primary offering, or any instance of disinvestments of equity shares by our Promoters or by other significant shareholder(s) may significantly affect the trading price of our Equity Shares. Further, our market price may also be adversely affected even if there is a perception or belief that such sales of Equity Shares might occur.

35. *We may not be successful in implementing our business strategies.*

The success of our business depends substantially on our ability to implement our business strategies effectively. Even though we have successfully executed our business strategies in the past, there is no guarantee that we can implement the same on time and within the estimated budget going forward, or that we will be able to meet the expectations of our targeted consumers. Changes in regulations applicable to us may also make it difficult to implement our business strategies. Failure to implement our business strategies would have a material adverse effect on our business and results of operations.

36. *We operate in highly competitive markets and our inability to compete effectively may lead to lower market share or reduced operating margins, and adversely affect our results of operations.*

India is our primary market and we face high competition in our business from local as well as national players in our industry. Our key products are available from a large number of players providing same or similar products in our industry. Thus, factors affecting our competitive success include, amongst other things, price, demand for our product and/or services, brand recognition and reliability. As a result, to remain competitive in our market, we must continuously invest in our brand awareness, increase our distribution channel, strive to reduce our raw material costs and improve our operating efficiencies. If we fail to do so, our competitors may be able to provide their products at prices lower than our prices, which would have an adverse effect on our market share and financial health of the company. Our competitors vary in size, and may have better financial, marketing personnel and other resources than our company and few of our competitors have a longer history and reputation in the Indian market as compared to us. Our failure to compete effectively, including any delay in responding to changes in the industry and market, together with increased spending on advertising, may affect the competitiveness of our services, which may result in a decline in our revenues and profitability.

37. *Industry information included in this Draft Prospectus has been derived from industry reports commissioned by us for such purpose. There can be no assurance that such third-party statistical financial and other industry information is either complete or accurate.*

We have relied on the reports of certain independent third party for purposes of inclusion of such information in this Draft Prospectus. These reports are subject to various limitations and based upon certain assumptions that are subjective in nature. We have not independently verified data from such industry reports and other sources. Although we believe that the data may be considered to be reliable, their accuracy, completeness and underlying assumptions are not guaranteed and their dependability cannot be assured. While we have taken reasonable care in the reproduction of the information, the information has not been prepared or independently verified by us or any of our respective affiliates or advisors and, therefore, we make no representation or warranty, express or implied, as to the accuracy or completeness of such facts and statistics.

Due to possibly flawed or ineffective collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced for other economies and should not be unduly relied upon. Further, there is no assurance that they are stated or compiled on the same basis or with the same degree of accuracy as may be the case elsewhere. Statements from third parties that involve estimates are subject to change, and actual amounts may differ materially from those included in this Draft prospectus.

38. *There are restrictions on daily movements in the price of the Equity Shares, which may adversely affect a shareholder's ability to sell, or the price at which it can sell, Equity Shares at a particular point in time.*

Following the Issue, we will be subject to a daily circuit breaker imposed by NSE, which does not allow transactions beyond specified increases or decreases in the price of the Equity Shares. This circuit breaker operates independently of the index-based, market-wide circuit breakers generally imposed by SEBI on Indian stock exchanges. The percentage limit on our circuit breakers will be set by the stock exchange based on the historical volatility in the price and trading volume of the Equity Shares. This circuit breaker will limit the upward and downward movements in the price of the Equity Shares. As a result of this circuit breaker, no assurance can be given regarding your ability to sell your Equity Shares or the price at which you may be able to sell your Equity Shares at any particular time.

39. *After this Issue, the price of the Equity Shares may be highly volatile, or an active trading market for the Equity Shares may not develop.*

The price of the Equity Shares on the Stock Exchanges may fluctuate as a result of the factors, including:

- a. Volatility in the Indian and global capital market;
- b. Company's results of operations and financial performance;
- c. Performance of Company's competitors,
- d. Adverse media reports on Company or pertaining to our Industry;
- e. Changes in our estimates of performance or recommendations by financial analysts;
- f. Significant developments in India's economic and fiscal policies; and

Current valuations may not be sustainable in the future and may also not be reflective of future valuations for our industry and our Company. There has been no public market for the Equity Shares and the prices of the Equity Shares may fluctuate after this Issue. There can be no assurance that an active trading market for the Equity Shares will develop or be sustained after this Issue or that the price at which the Equity Shares are initially traded will correspond to the price at which the Equity Shares will trade in the market subsequent to this Issue.

40. *The Issue price of our Equity Shares may not be indicative of the market price of our Equity Shares after the Issue and the market price of our Equity Shares may decline below the issue price and you may not be able to sell your Equity Shares at or above the Issue Price.*

The Issue Price of our Equity Shares has been determined by fixed price method. This price is based on numerous factors (For further information, please refer chapter titled –Basis for Issue Price beginning on page 73 of this Draft Prospectus) and may not be indicative of the market price of our Equity Shares after the Issue. The market price of our Equity Shares could be subject to significant fluctuations after the Issue, and may decline below the Issue Price. We cannot assure you that you will be able to sell your Equity Shares at or above the Issue Price. Among the factors that could affect our share price include without limitation.

The following:

- Half yearly variations in the rate of growth of our financial indicators, such as earnings per share, net income and revenues;
- Changes in revenue or earnings estimates or publication of research reports by analysts;
- Speculation in the press or investment community;
- General market conditions; and
- Domestic and international economic, legal and regulatory factors unrelated to our performance.

REGULATORY RISK FACTORS

- 41. *We operate in a regulated environment and central and state government policies and regulations affecting the power sector and related industries could adversely affect our operations and our profitability.***

Several aspects of our operations, including the sourcing and pricing of raw material and the sale of our products are regulated by the central and state governments policies and regulations. Government policies affecting the Solar Power industry, such as environmental regulations, taxes, tariffs, duties, subsidies and import and export restrictions on raw materials and commodity products, can influence industry profitability, the location and size of plant, and the volume of imports and exports. Future government policies in India and elsewhere may adversely affect the supply and demand for and prices of our products and raw materials, and restrict our ability to do business in our existing and target markets and could adversely affect our results of operations. For details of central government policies applicable to us, please see “Key Regulations & Policies” on page 119 of this Draft Prospectus.

- 42. *If we are not able to obtain, renew or maintain the permits and approvals required to operate our businesses, this may have a material adverse effect on our businesses.***

The success of our strategy to grow and optimise its existing operations in the various sectors in which we operate is contingent upon, among other factors, receipt of all required licences, permits and authorisations, including environmental permits and health and safety permits. In the future, we may be required to renew such permits and approvals or to obtain new permits and approvals.

- 43. *If we fail to comply with environmental, employee-related or health and safety laws and regulations or any other local laws or regulations in the countries in which we operate, this may adversely affect our business and results of operations.***

As a manufacturing company, we are required to comply with various laws and regulations relating to the environment. Although we believe that we comply in all material respects with all applicable statutes and with the regulations thereunder, we may incur substantial costs to comply with requirements of environmental laws and regulations in the future.

Our solar panel and battery manufacturing and solar power projects are subject to, amongst other laws, environmental laws and regulations promulgated by the Ministry of Environment of the Government of India and State Pollution Control Boards. If any of our facilities are shut down, we will continue to incur costs in complying with regulations, appealing any decision to stop construction and paying labour and other costs which continue even if production has ceased. As a result, our overall operating expenses may increase, adversely affecting our business and results of operations.

We are also subject to health and safety laws and regulations as well as laws and regulations governing our relationship with our employees in areas such as minimum wages, maximum working hours, overtime, working conditions, hiring and terminating employees, contract labour and work permits. Changes in laws or regulations in the countries in which we operate may result in our incurring significant costs in order to maintain compliance with such laws and regulations.

EXTERNAL RISK FACTORS

44. *Outbreaks of contagious diseases, such as the recent outbreak of COVID-19, may have a material adverse effect on our business, financial condition, results of operations, cash flows and prospects.*

India experienced multiple waves of COVID-19 which had impacted global supply chains and resulted in shortages of materials and components used in the manufacturing operations and an inability to meet the manufacturing targets and this impact continues till date. The COVID-19 pandemic had resulted in restrictions on travel and transportation and prolonged closures of workplaces, businesses and schools, with employees being asked to work from home and citizens being advised to stay at home. Consequently, there was a significant disruption in attendance at the manufacturing facilities.

There can be no assurance that any future outbreak of contagious diseases will not have a material adverse effect on our business, financial condition, results of operations, cash flows and prospects.

45. *We face foreign exchange risks that could adversely affect our results of operations and cash flows.*

Our company export its products, therefore we are exposed to foreign currency fluctuation risk. Although, we closely follow our exposure to foreign currencies by entering into forward contracts to hedge our exposure in an attempt to reduce the risks of currency fluctuations, our results of operations, cash flows and financial performance could be adversely affected in case these currencies fluctuate significantly. We may from time to time be required to make provisions for foreign exchange differences in accordance with accounting standards. While we enter into hedging transactions to minimize our foreign currency exchange risks, there can be no assurance that such measures will enable us to manage our foreign currency risks which may adversely affect our results of operations.

46. *Interest rate fluctuations may adversely affect the Company's business.*

The Company may enter into certain borrowing arrangements to finance its capital requirements in the ordinary course of business in connection with potential acquisitions or for general working capital purposes. In the event interest rates increase, the Company's costs of borrowing will increase, and its profitability and results of operations may be adversely affected.

47. *Changes in the Government Policy could adversely affect economic conditions in India generally and our business in particular.*

Our business, and the market price and liquidity of our Equity Shares, may be affected by interest rates, changes in Government policy, taxation, social and civil unrest and other political, economic or other developments in or affecting India. Elimination or substantial change of policies or the introduction of policies that negatively affect the Company's business could cause its results of operations to suffer. Any significant change in India's economic policies could disrupt business and economic conditions in India generally and the Company's business in particular.

48. *Taxes and other levies imposed by the Government of India or other State Governments, as well as other financial policies and regulations, may have a material adverse effect on our business, financial condition and results of operations.*

Taxes and other levies imposed by the Central or State Governments in India that affect our industry include STT, GST, income tax and other taxes, duties or surcharges introduced on a permanent or temporary basis from time to time. Imposition of any other taxes by the Central and the State Governments may adversely affect our results of operations.

49. Any downgrading of India's sovereign rating by an independent agency may harm our ability to raise financing.

Any adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely impact our ability to raise additional financing, and the interest rates and other commercial terms at which such additional financing may be available. This could have an adverse effect on our business and future financial performance, our ability to obtain financing for capital expenditures and the trading price of our Equity Shares.

50. You may be subject to Indian taxes arising out of capital gains on sale of Equity Shares.

Under current Indian tax laws and regulations, capital gains arising from the sale of equity shares in an Indian company are generally taxable in India. You have either short-term or long-term capital gains depending on the holding period of your investment. Capital gains arising from the sale of equity shares within 12 months in an Indian company are classified as short-term capital gains and generally taxable. Any gain realized on the sale of listed equity shares on a stock exchange that are held for more than 12 months is considered as long-term capital gains and is taxable at 10%, in excess of Rs. 1,00,000, without the benefit of the indexation. Any change in tax provisions may significantly impact your return on investments.

51. Natural calamities could have a negative impact on the Indian economy and cause our Company's business to suffer.

India has experienced natural calamities such as earthquakes, tsunami, floods etc. in recent years. The extent and severity of these natural disasters determine their impact on the Indian economy. Prolonged spells of abnormal rainfall or other natural calamities could have a negative impact on the Indian economy, which could adversely affect our business, prospects, financial condition and results of operations as well as the price of the Equity Shares.

52. Terrorist attacks, civil unrests and other acts of violence or war involving India or other countries could adversely affect the financial markets, our business, financial condition and the price of our Equity Shares.

Any major hostilities involving India or other acts of violence, including civil unrest or similar events that are beyond our control, could have a material adverse effect on India's economy and our business. Incidents such as the terrorist attacks, other incidents such as those in US, Indonesia, Madrid and London, and other acts of violence may adversely affect the Indian stock markets where our Equity Shares will trade as well the global equity markets generally. Such acts could negatively impact business sentiment as well as trade between countries, which could adversely affect our Company's business and profitability. Additionally, such events could have a material adverse effect on the market for securities of Indian companies, including the Equity Shares.

This place has been left blank intentionally.

INVESTOR GRIEVANCES:

Investors may contact the Company Secretary and Compliance Officer and /or the Registrar to the Issue and/or Lead Manager in case of any Pre-Issue or Post-Issue related problems, such as non-receipt of letters of Allotment, non-credit of Allotted Equity Shares in the respective beneficiary account and non-receipt of funds by electronic mode.

All grievances may be addressed to the Registrar to the Issue with a copy to the relevant Designated Intermediary with whom the Application Form was submitted, giving full details such as Name of the Sole or First Applicant, Application Form number, Applicant’s DP ID, Client ID, PAN, address of Applicant, number of Equity Shares applied for, ASBA Account number in which the amount equivalent to the Application Amount was blocked or the UPI ID (for Retail Individual Investors who make the payment of Application Amount through the UPI Mechanism), date of Application Form and the name and address of the relevant Designated Intermediary where the Application was submitted. Further, the Applicant shall enclose the Acknowledgment Slip or the application number from the Designated Intermediary in addition to the documents or information mentioned hereinabove. All grievances relating to Applicants submitted through Registered Brokers may be addressed to the Stock Exchanges with a copy to the Registrar to the Issue.

In terms of SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2018/22 dated February 15, 2018, SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, as amended pursuant to SEBI circular SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and subject to applicable law, any ASBA Applicant whose Application has not been considered for Allotment, due to failure on the part of any SCSB, shall have the option to seek redressal of the same by the concerned SCSB within three months of the date of listing of the Equity Shares. SCSBs are required to resolve these complaints within 15 days, failing which the concerned SCSB would have to pay interest at the rate of 15% per annum for any delay beyond this period of 15 days. Further, the investors shall be compensated by the SCSBs at the rate higher of ₹100 or 15% per annum of the application amount in the events of delayed or withdrawal of applications, blocking of multiple amounts for the same UPI application, blocking of more amount than the application amount, delayed unblocking of amounts for non-allotted/partially-allotted applications for the stipulated period. In an event there is a delay in redressal of the investor grievance in relation to unblocking of amounts, the Lead Manager shall compensate the investors at the rate higher of ₹100 or 15% per annum of the application amount.

WITHDRAWAL OF THE ISSUE

Our Company in consultation with the Lead Manager, reserves the right not to proceed with the Issue at any time after the Issue Opening Date but before the Board meeting for Allotment. In such an event, our Company would issue a public notice in the newspapers, in which the pre-Issue advertisements were published, within two (2) days of the Issue Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Issue. The Lead Manager, through the Registrar to the Issue, shall notify the SCSBs to unblock the bank accounts of the ASBA Applicants within one (1) day of receipt of such notification. Our Company shall also promptly inform NSE Emerge on which the Equity Shares were proposed to be listed. Notwithstanding the foregoing, the Issue is also subject to obtaining the final listing and trading approvals from NSE Emerge, which our Company shall apply for after Allotment. If our Company withdraws the Issue after the Issue Closing Date and thereafter determines that it will proceed with an IPO, our Company shall be required to file a fresh Draft Prospectus.

DETAILS OF THE MARKET MAKING ARRANGEMENT FOR THIS OFFER

Our Company and the Lead Manager have entered into a tripartite agreement dated [●] with **OJ Financial Services Limited** the Market Maker for this Issue, duly registered with NSE Emerge to fulfill the obligations of Market Making:

The Market Maker shall fulfill the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations, and its amendments from time to time and the circulars issued by the NSE and SEBI regarding this matter from time to time. Following is a summary of the key details pertaining to the Market Making arrangement:

1. The Market Maker shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the stock exchange. Further, the Market Maker(s) shall inform the exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker.
2. The prices quoted by Market Maker shall be in compliance with the Market Maker Spread Requirements and other particulars as specified or as per the requirements of NSE Limited and SEBI from time to time.
3. The minimum depth of the quote shall be Rs.1,00,000. However, the investors with holdings of value less than Rs.1,00,000 shall be allowed to offer their holding to the Market Maker(s) (individually or jointly) in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
4. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.
5. There would not be more than five Market Makers for a script at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.
6. On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction.
7. The Marker maker may also be present in the opening call auction, but there is no obligation on him to do so.
8. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.

The Market Maker(s) shall have the right to terminate said arrangement by giving a one month notice or on mutually acceptable terms to the Merchant Banker, who shall then be responsible to appoint a replacement Market Maker(s). In case of termination of the above mentioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Lead Manager to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 261 of the SEBI (ICDR) Regulations, 2018. Further, our Company and the Lead Manager reserve the right to appoint other Market Makers either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed five or as specified by the relevant laws and regulations applicable at that particulars point of time. The Market Making Agreement is available for inspection at our registered office from 11.00 a.m. to 5.00 p.m. on working days.

9. **Risk containment measures and monitoring for Market Makers:** Emerge Platform of NSE will have all margins which are applicable on the NSE Main Board viz., Mark-to-Market, Value- At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. NSE can impose any other margins as deemed necessary from time-to-time.
10. **Punitive Action in case of default by Market Maker:** Emerge Platform of NSE will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Makers, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties/ fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker(s) in case he is not present in the market (offering two-way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership.

The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties/ fines/ suspension for any type of misconduct/ manipulation/ other irregularities by the Market Makers from time to time.

Price Band and Spreads: Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27, 2012, limits on the upper side for Markets Makers during market making process has been made applicable, based on the issue size and as follows:

Issue Size	Buy quote exemption threshold (including mandatory initial inventory of 5% of the Issue Size)	Re-Entry threshold for buy quote (including mandatory initial inventory of 5% of the Issue Size)

2		Sumit Tiwari	Amit Tiwari	100	
3		Sumit Tiwari	Utkarsha Mishra	100	
4		Sumit Tiwari	Amar Nath Tiwari	100	

15. The members of the Promoters Group, our Directors and the relatives of our Directors have not financed the purchase by any other person of securities of our Company, other than in the normal course of the business of the financing entity, during the six months immediately preceding the date of filing this Draft Prospectus.

16. Details of Promoter’s Contribution locked in for 3 years:

As per Sub-Regulation (1) of Regulation 236 of the SEBI (ICDR) Regulations, 2018, an aggregate of 20% of the post-Issue Capital shall be considered as Promoter’s Contribution.

Our Promoters have granted consent to include such number of Equity Shares held by them as may constitute 20.00% of the post-issue Equity Share Capital of our Company as Promoters Contribution and have agreed not to sell or transfer or pledge or otherwise dispose of in any manner, the Promoters Contribution from the date of filing of this Draft Prospectus until the completion of the lock-in period specified above.

In terms of clause (a) of Regulation 238 of the SEBI (ICDR) Regulations, 2018, *Minimum Promoters Contribution as mentioned above shall be locked-in for a period of 3 years from the date of commencement of commercial production or date of allotment in the Initial Public Offer, whichever is later.*

Explanation: The expression “date of commencement of commercial production” means the last date of the month in which commercial production of the project in respect of which the funds raised are proposed to be utilised as stated in the offer document, is expected to commence.

We further confirm that Minimum Promoters Contribution of 20.00% of the post issue paid-up Equity Shares Capital does not include any contribution from Alternative Investment Fund.

The Minimum Promoters Contribution has been brought into to the extent of not less than the specified minimum lot and has been contributed by the persons defined as Promoters under the SEBI (ICDR) Regulations, 2018.

The lock-in of the Minimum Promoters Contribution will be created as per applicable regulations and procedure and details of the same shall also be provided to the Stock Exchange before listing of the Equity Shares.

The details of the Equity Shares held by our Promoters, which are locked in for a period of 3 years from the date of Allotment in the Offer are given below:

Name of Promoter	Date of Transaction and when made fully paid-up	Nature of Transaction	No. of Equity Shares	Face Value (Rs.)	Issue/ Acquisition Price per Equity Share (Rs.)	Percentage of post-Offer paid-up capital (%)	Lock in Period
Sumit Tiwari	September 13, 2022	Bonus issue	4,64,000	10	-	20.01%	3 Years

The Equity Shares that are being locked in are not ineligible for computation of Promoters contribution in terms of Regulation 237 of the SEBI ICDR Regulations. Equity Shares offered by the Promoters for the minimum Promoters contribution are not subject to pledge. Lock-in period shall commence from the date of allotment of Equity Shares in the Public Issue.

We confirm that the minimum Promoters contribution of 20.00% which is subject to lock-in for 3 years does not consist of:

- Equity Shares acquired during the preceding three years for consideration other than cash and revaluation of assets or capitalization of intangible assets;
- Equity Shares acquired during the preceding three years resulting from a bonus issue by utilization of revaluation reserves or unrealised profits of the issuer or from bonus issue against equity shares which are ineligible for minimum Promoters contribution;
- Equity Shares acquired by Promoters during the preceding one year at a price lower than the Issue Price;

- d) The Equity Shares held by the Promoters and offered for minimum 20% Promoters Contribution are not subject to any pledge.
- e) Equity Shares for which specific written consent has not been obtained from the shareholders for inclusion of their subscription in the minimum Promoters Contribution subject to lock-in.

In terms of Regulation 241 of the SEBI (ICDR) Regulations, 2018, our Company confirms that certificates of Equity Shares which are subject to lock in shall contain the inscription “Non-Transferable” and specify the lock-in period and in case such equity shares are dematerialized, the Company shall ensure that the lock in is recorded by the Depository.

Equity Shares locked-in for one year

In addition to above Equity Shares that are locked-in for three years as the minimum Promoters’ contribution, the promoters and public pre-issue shareholding of Equity Share capital of our Company, *i.e.* 12,14,750 Equity Shares shall be locked in for a period of one year from the date of Allotment in the Public Issue. Further, such lock-in of the Equity Shares would be created as per the bye laws of the Depositories.

Pledge of Locked in Equity Shares:

In terms of Regulation 242 of the SEBI (ICDR) Regulations, 2018, the locked-in Equity Shares held by our Promoters can be pledged only with any scheduled commercial banks or public financial institutions as collateral security for loans granted by such banks or financial institutions, subject to the following:

- In case of Minimum Promoters’ Contribution, the loan has been granted to the issuer company or its subsidiary (ies) for the purpose of financing one or more of the Objects of the Issue and pledge of equity shares is one of the terms of sanction of the loan.
- In case of Equity Shares held by Promoters in excess of Minimum Promoters’ contribution, the pledge of equity shares is one of the terms of sanction of the loan.

However, lock in shall continue pursuant to the invocation of the pledge and such transferee shall not be eligible to transfer the equity shares till the lock in period stipulated has expired.

Transferability of Locked in Equity Shares:

In terms of Regulation 243 of the SEBI (ICDR) Regulations, 2018 and subject to provisions of Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 as applicable:

- The Equity Shares held by our Promoters and locked in as per Regulation 238 of the SEBI (ICDR) Regulations, 2018 may be transferred to another Promoters or any person of the Promoters’ Group or to a new promoter(s) or persons in control of our Company, subject to continuation of lock-in for the remaining period with transferee and such transferee shall not be eligible to transfer them till the lock-in period stipulated has expired.
- The equity shares held by persons other than promoters and locked in as per Regulation 239 of the SEBI (ICDR) Regulations, 2018 may be transferred to any other person (including Promoter and Promoters’ Group) holding the equity shares which are locked-in along with the equity shares proposed to be transferred, subject to continuation of lock-in for the remaining period with transferee and such transferee shall not be eligible to transfer them till the lock- in period stipulated has expired.

17. Our Company, our Promoters, our Directors and the Lead Manager to this Offer have not entered into any buy-back, standby or similar arrangements with any person for purchase of our Equity Shares from any person.

18. Our Company has not issued shares for consideration other than cash or out of revaluation of reserves, including Bonus Shares, at any point of time since Incorporation except as following:

#	Name of Allottees	No. of Shares Allotted	Face Value (Rs.)	Issue Price (Rs.)	Date of Allotment	Reason for Allotment	Benefit occurred to Issuer

OBJECTS OF THE ISSUE

Our Company proposes to utilize the funds which are being raised towards funding the following objects and achieve the benefits of listing on the Emerge Platform of NSE.

The objects of the Issue are:-

1. To meet out the Working Capital requirements of the Company;
2. To meet out the General Corporate Purposes; and
3. To meet out the Issue Expenses.

Our Company believes that listing will enhance our Company's corporate image, brand name and create a public market for its Equity Shares in India. The main objects clause of our Memorandum enables our Company to undertake the activities for which funds are being raised in the Issue. The existing activities of our Company are within the objects clause of our Memorandum. The fund requirement and deployment is based on internal management estimates and has not been appraised by any bank or financial institution.

Fund Requirements

Our funding requirements are dependent on a number of factors which may not be in the control of our management, changes in our financial condition and current commercial conditions. Such factors may entail rescheduling and / or revising the planned expenditure and funding requirement and increasing or decreasing the expenditure for a particular purpose from the planned expenditure.

We intend to utilize the proceeds of the Fresh Issue, in the manner set forth below:

S. N.	Particulars	Amount (In Rs. Lakh)
1.	Working Capital Requirement	278.00
2.	General Corporate Purposes	100.00
3.	Issue Expenses*	70.00
	Total	448.00

**As on March 16, 2023 the Company has incurred a sum of Rs. 2.50 Lakh towards issue expenses.*

The requirements of the objects detailed above are intended to be funded from the proceeds of the Issue. Accordingly, we confirm that there is no requirement for us to make firm arrangements of finance through verifiable means towards at least 75% of the stated means of finance, excluding the amount to be raised from the proposed Issue.

The fund requirement and deployment are based on internal management estimates and have not been appraised by any bank or financial institution. These are based on current conditions and are subject to change in light of changes in external circumstances or costs, other financial conditions, business or strategy, as discussed further below.

In case of variations in the actual utilization of funds allocated for the purposes set forth above, increased fund requirements for a particular purpose may be financed by surplus funds, if any, available in respect of the other purposes for which funds are being raised in this Issue. If surplus funds are unavailable, the required financing will be through our internal accruals and/or debt.

We may have to revise our fund requirements and deployment as a result of changes in commercial and other external factors, which may not be within the control of our management. This may entail rescheduling, revising

or cancelling the fund requirements and increasing or decreasing the fund requirements for a particular purpose from its fund requirements mentioned below, at the discretion of our management. In case of any shortfall or cost overruns, we intend to meet our estimated expenditure from internal accruals and/or debt. In case of any such re-scheduling, it shall be made by compliance of the relevant provisions of the Companies Act, 2013.

QUANTITATIVE FACTORS

Information presented below relating to the Company is based on the Restated Financial Statements. Some of the quantitative factors which form the basis or computing the price are as follows:

1. Basic & Diluted Earnings Per Share (EPS):

Financial Year	EPS (Basic & Diluted)	Weight
2021-22	12.36	3
2020-21	3.42	2
2019-20	0.55	1
Weighted Average EPS		7.41
For the period ended November 30, 2022*		3.28

**Not Annualized*

Note:

- a) EPS Calculations have been done in accordance with Accounting Standard 20 - Earning per share issued by the Institute of Chartered Accountants of India.
- b) Basic earnings per share are calculated by dividing the net profit after tax by the weighted average number of Equity Shares outstanding during the period.
- c) Weighted Average number of Equity Shares is the number of Equity Shares outstanding at the beginning of the year/period adjusted by the number of Equity Shares issued during year/period multiplied by the time weighting factor. The time weighting factor is the number of days for which the specific shares are outstanding as a proportion of total number of days during the year.
- d) For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares except where the results are anti-dilutive.

2. Price to Earnings (P/E) ratio in relation to Issue Price of Rs. 70/- per Equity Share of face value Rs. 10/- each fully paid up.

SECTION V – ABOUT THE COMPANY

INDUSTRY OVERVIEW

The information in this section has been extracted from various websites and publicly available documents from various industry sources. The data may have been re-classified by us for the purpose of presentation. None of the Company and any other person connected with the Issue have independently verified this information. Industry sources and publications generally state that the information contained therein has been obtained from believed to be reliable, but their accuracy, completeness and underlying assumptions are not guaranteed and their reliability cannot be assured. Industry sources and publications are also prepared based on information as of specific dates and may no longer be current or reflect current trends. Industry sources and publications may also base their information on estimates, projection forecasts and assumptions that may prove to be incorrect. Accordingly, investors should not place undue reliance on information.

GLOBAL OUTLOOK

- Global growth is projected to fall from an estimated 3.4 percent in 2022 to 2.9 percent in 2023, then rise to 3.1 percent in 2024. The forecast for 2023 is 0.2 percentage point higher than predicted in the October 2022 World Economic Outlook (WEO) but below the historical (2000–19) average of 3.8 percent. The rise in central bank rates to fight inflation and Russia’s war in Ukraine continue to weigh on economic activity. The rapid spread of COVID-19 in China dampened growth in 2022, but the recent reopening has paved the way for a faster-than-expected recovery. Global inflation is expected to fall from 8.8 percent in 2022 to 6.6 percent in 2023 and 4.3 percent in 2024, still above pre-pandemic (2017–19) levels of about 3.5 percent.
- The balance of risks remains tilted to the downside, but adverse risks have moderated since the October 2022 WEO. On the upside, a stronger boost from pent-up demand in numerous economies or a faster fall in inflation are plausible. On the downside, severe health outcomes in China could hold back the recovery, Russia’s war in Ukraine could escalate, and tighter global financing conditions could worsen debt distress. Financial markets could also suddenly reprice in response to adverse inflation news, while further geopolitical fragmentation could hamper economic progress.
- In most economies, amid the cost-of-living crisis, the priority remains achieving sustained disinflation. With tighter monetary conditions and lower growth potentially affecting financial and debt stability, it is necessary to deploy macroprudential tools and strengthen debt restructuring frameworks. Accelerating COVID-19 vaccinations in China would safeguard the recovery, with positive cross-border spillovers. Fiscal support should be better targeted at those most affected by elevated food and energy prices, and broad-based fiscal relief measures should be withdrawn. Stronger multilateral cooperation is essential to preserve the gains from the rules-based multilateral system and to mitigate climate change by limiting emissions and raising green investment.

Forces Shaping the Outlook

The global fight against inflation, Russia’s war in Ukraine, and a resurgence of COVID-19 in China weighed on global economic activity in 2022, and the first two factors will continue to do so in 2023.

Despite these headwinds, real GDP was surprisingly strong in the third quarter of 2022 in numerous economies, including the United States, the euro area, and major emerging market and developing economies. The sources of these surprises were in many cases domestic: stronger-than-expected private consumption and investment amid tight labor markets and greater-than-anticipated fiscal support. Households spent more to satisfy pent-up demand, particularly on services, partly by drawing down their stock of savings as economies reopened. Business investment rose to meet demand. On the supply side, easing bottlenecks and declining transportation costs reduced pressures on input prices and allowed for a rebound in previously constrained sectors, such as motor vehicles. Energy markets have adjusted faster

than expected to the shock from Russia’s invasion of Ukraine.

In the fourth quarter of 2022, however, this uptick is estimated to have faded in most—though not all major economies. US growth remains stronger than expected, with consumers continuing to spend from their stock of savings (the personal saving rate is at its lowest in more than 60 years, except for July 2005), unemployment near historic lows, and plentiful job opportunities. But elsewhere, high-frequency activity indicators (such as business and consumer sentiment, purchasing manager surveys, and mobility indicators) generally point to a slowdown.

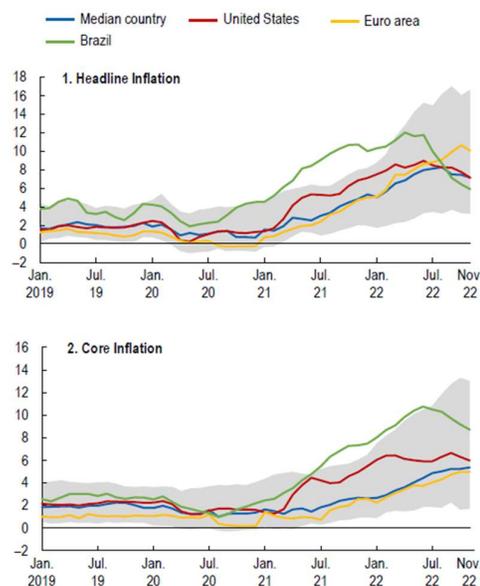

COVID-19 deepens China’s slowdown. Economic activity in China slowed in the fourth quarter amid multiple large *COVID-19* outbreaks in Beijing and other densely populated localities. Renewed lockdowns accompanied the outbreaks until the relaxation of *COVID-19* restrictions in November and December, which paved the way for a full reopening. Real estate investment continued to contract, and developer restructuring is proceeding slowly, amid the lingering property market crisis. Developers have yet to deliver on a large backlog of presold housing, and downward pressure is building on house prices (so far limited by home price floors). The authorities have responded with additional monetary and fiscal policy easing, new vaccination targets for the elderly, and steps to support the completion of unfinished real estate projects.

However, consumer and business sentiment remained subdued in late 2022. China’s slowdown has reduced global trade growth and international commodity prices.

Monetary policy starts to bite. Signs are apparent that monetary policy tightening is starting to cool demand and inflation, but the full impact is unlikely to be realized before 2024. Global headline inflation appears to have peaked in the third quarter of 2022 (Figure 1). Prices of fuel and nonfuel commodities have declined, lowering headline inflation, notably in the United States, the euro area, and Latin America. But underlying (core) inflation has not yet peaked in most economies and remains well above pre-pandemic levels. It has persisted amid second-round effects from earlier cost shocks and tight labor markets with robust wage growth as consumer demand has remained resilient. Medium-term inflation expectations generally remain anchored, but some gauges are up. These developments have caused central banks to raise rates faster than expected, especially in the United States and the euro area, and to signal that rates will stay elevated for longer. Core inflation is declining in some economies that have completed their tightening cycle—such as Brazil. Financial markets are displaying high sensitivity to inflation news, with equity markets rising following recent releases of lower inflation data in anticipation of interest rate cuts (Box 1), despite central banks’ communicating their resolve to tighten policy further. With the peak in US headline inflation and an acceleration in rate hikes by several non-US central banks, the dollar has weakened since September but remains significantly stronger than a year ago.

Winter comes to Europe. European economic growth in 2022 was more resilient than expected in the face of the large negative terms-of-trade shock from the war in Ukraine. This resilience—which is visible in consumption and investment data for the third quarter—partly reflects government support of about 1.2 percent of European Union GDP (net budgetary cost) to households and firms hit by the energy crisis, as well as dynamism from economies reopening. Gas prices have declined by more than expected amid higher non-Russian pipeline and liquefied natural gas flows, compression of demand for gas, and a warmer-than-usual winter. However, the boost from reopening appears to be fading. High-frequency indicators for the fourth quarter suggest that the manufacturing and services sectors are contracting. Consumer confidence and business sentiment have worsened. With inflation at about 10 percent or above in several euro area

Note: The figure shows the developments in headline and core inflation across 18 advanced economies and 17 emerging market and developing economies. Core inflation is the change in prices for goods and services, but excluding those for food and energy (or the closest available measure). For the euro area (and other European countries for which the data are available), energy, food, alcohol, and tobacco are excluded. The gray bands depict the 10th to 90th percentiles of inflation across economies.

countries and the United Kingdom, household budgets remain stretched. The accelerated pace of rate increases by the Bank of England and the European Central Bank is tightening financial conditions and cooling demand in the housing sector and beyond.

The Forecast

Growth Bottoming out

For advanced economies, growth is projected to decline sharply from 2.7 percent in 2022 to 1.2 percent in 2023 before rising to 1.4 percent in 2024, with a downward revision of 0.2 percentage point for 2024. About 90 percent of advanced economies are projected to see a decline in growth in 2023.

- In the United States, growth is projected to fall from 2.0 percent in 2022 to 1.4 percent in 2023 and 1.0 percent in 2024. With growth rebounding in the second half of 2024, growth in 2024 will be faster than in 2023 on a fourth-quarter-over-fourth-quarter basis, as in most advanced economies. There is a 0.4 percentage point upward revision for annual growth in 2023, reflecting carryover effects from domestic demand resilience in 2022, but a 0.2 percentage point downward revision of growth in 2024 due to the steeper path of Federal Reserve rate hikes, to a peak of about 5.1 percent in 2023.
- Growth in the euro area is projected to bottom out at 0.7 percent in 2023 before rising to 1.6 percent in 2024. The 0.2 percentage point upward revision to the forecast for 2023 reflects the effects of faster rate hikes by the European Central Bank and eroding real incomes, offset by the carryover from the 2022 outturn, lower wholesale energy prices, and additional announcements of fiscal purchasing power support in the form of energy price controls and cash transfers.
- Growth in the United Kingdom is projected to be -0.6 percent in 2023, a 0.9 percentage point downward revision from October, reflecting tighter fiscal and monetary policies and financial conditions and still-high energy retail prices weighing on household budgets.

For emerging market and developing economies, growth is projected to rise modestly, from 3.9 percent in 2022 to 4.0 percent in 2023 and 4.2 percent in 2024, with an upward revision of 0.3 percentage point for 2023 and a downward revision of 0.1 percentage point for 2024. About half of emerging market and developing economies have lower growth in 2023 than in 2022.

- Growth in emerging and developing Asia is expected to rise in 2023 and 2024 to 5.3 percent and 5.2 percent, respectively, after the deeper-than-expected slowdown in 2022 to 4.3 percent attributable to China's economy. China's real GDP slowdown in the fourth quarter of 2022 implies a 0.2 percentage point downgrade for 2022 growth to 3.0 percent—the first time in more than 40 years with China's growth below the global average. Growth in China is projected to rise to 5.2 percent in 2023, reflecting rapidly improving mobility, and to fall to 4.5 percent in 2024 before settling at below 4 percent over the medium term amid declining business dynamism and slow progress on structural reforms. Growth in **India** is set to decline from 6.8 percent in 2022 to 6.1 percent in 2023 before picking up to 6.8 percent in 2024, with resilient domestic demand despite external headwinds. Growth in the **ASEAN-5** countries (**Indonesia, Malaysia, Philippines, Singapore, Thailand**) is similarly projected to slow to 4.3 percent in 2023 and then pick up to 4.7 percent in 2024.
- In **Latin America** and the **Caribbean**, growth is projected to decline from 3.9 percent in 2022 to 1.8 percent in 2023, with an upward revision for 2023 of 0.1 percentage point since October. The forecast revision reflects upgrades of 0.2 percentage point for **Brazil** and 0.5 percentage point for **Mexico** due to unexpected domestic demand resilience, higher-than-expected growth in major trading partner economies, and in Brazil, greater-than-expected fiscal support. Growth in the region is projected to rise to 2.1 percent in 2024, although with a downward revision of 0.3 percentage point, reflecting tighter financial conditions, lower prices of exported commodities, and downward revisions to trading partner growth.

- Growth in the *Middle East and Central Asia* is projected to decline from 5.3 percent in 2022 to 3.2 percent in 2023, with a downward revision of 0.4 percentage point since October, mainly attributable to a steeper-than-expected growth slowdown in *Saudi Arabia*, from 8.7 percent in 2022 (which was stronger than expected by 1.1 percentage points) to 2.6 percent in 2023, with a negative revision of 1.1 percentage points. The downgrade for 2023 reflects mainly lower oil production in line with an agreement through OPEC+ (Organization of the Petroleum Exporting Countries, including Russia and other non-OPEC oil exporters), while non-oil growth is expected to remain robust.
- In *sub-Saharan Africa*, growth is projected to remain moderate at 3.8 percent in 2023 amid prolonged fallout from the COVID-19 pandemic, although with a modest upward revision since October, before picking up to 4.1 percent in 2024. The small upward revision for 2023 (0.1 percentage point) reflects *Nigeria's* rising growth in 2023 due to measures to address insecurity issues in the oil sector. In *South Africa*, by contrast, after a COVID-19 reopening rebound in 2022, projected growth more than halves in 2023, to 1.2 percent, reflecting weaker external demand, power shortages, and structural constraints.

Inflation Peaking

About 84 percent of countries are expected to have lower headline (consumer price index) inflation in 2023 than in 2022. Global inflation is set to fall from 8.8 percent in 2022 (annual average) to 6.6 percent in 2023 and 4.3 percent in 2024—above pre-pandemic (2017–19) levels of about 3.5 percent. The projected disinflation partly reflects declining international fuel and nonfuel commodity prices due to weaker global demand. It also reflects the cooling effects of monetary policy tightening on underlying (core) inflation, which globally is expected to decline from 6.9 percent in the fourth quarter of 2022 (year over year) to 4.5 percent by the fourth quarter of 2023. Still, disinflation will take time: by 2024, projected annual average headline and core inflation will, respectively, still be above pre-pandemic levels in 82 percent and 86 percent of economies.

In advanced economies, annual average inflation is projected to decline from 7.3 percent in 2022 to 4.6 percent in 2023 and 2.6 percent in 2024—above target in several cases. In emerging market and developing economies, projected annual inflation declines from 9.9 percent in 2022 to 8.1 percent in 2023 and 5.5 percent in 2024, above the 4.9 percent pre-pandemic (2017–19) average. In low-income developing countries, inflation is projected to moderate from 14.2 percent in 2022 to 8.6 percent in 2024—still high, but close to the pre-pandemic average.

Slowing aggregate demand and weaker than expected inflation prints in some major advanced economies have prompted investors' anticipation of a further reduction in the pace of future policy rate hikes. Corporate earnings forecasts have been cut due to headwinds from slowing demand, and margins have contracted across most regions. In addition, survey-based probabilities of recession have been increasing, particularly in The United States and Europe. **However, upside risks to the inflation outlook remain.** Despite the recent moderation in headline inflation, core inflation remains stubbornly high across most regions, labor markets are still tight, energy prices remain pressured by Russia's ongoing war in Ukraine, and supply chain disruptions may reappear. To keep these risks in check, financial conditions will likely need to tighten further. If not, central banks may need to increase policy rates even more in order to achieve their inflation objectives.

Given the tension between rising recession risks and monetary policy uncertainty, markets have seen significant volatility. While many central banks in advanced economies have stepped down the size of hikes, they have also explicitly stated they will need to keep rates higher, for a longer period of time, to tamp down inflation. Risk assets could face significant declines if earnings retrench further or if investors reassess their outlook for monetary policy given central bank communications. Globally, the partial reversal of the dollar rally has contributed to recent easing due to improved risk appetite, and some emerging market central banks have paused tightening amid tentative signs that inflation may have peaked.

Risks to the Outlook

The balance of risks to the global outlook remains tilted to the downside, with scope for lower growth and higher inflation, but adverse risks have moderated since the October 2022 World Economic Outlook.

INDIAN ECONOMY OVERVIEW

India to witness GDP growth of 6.0 per cent to 6.8 per cent in 2023-24, depending on the Trajectory of economic and political Developments globally, economic survey 2022-23 projects a baseline GDP growth of 6.5 per cent in real terms in FY-24 economy. Economy is expected to grow at 7 per cent (in real terms) for the year ending march 2023, this follows an 8.7 per cent growth in the previous financial year. Capital expenditure (capex) of the central Government, which increased by 63.4 per cent in the first eight months of FY-23, was another Growth driver of the Indian economy in the Current year.

Surge in growth of exports in FY-22 and the first half of FY-23 induced a shift in the gears of the production processes from mild acceleration to cruise mode. Private consumption as a percentage of GDP stood at 58.4 per cent in Q2 of FY-23, the highest among the second quarters of all the years since 2013-14, supported by a rebound in contact-intensive services such as trade, hotel and transport. Survey points to the lower forecast for Growth in global trade by the world trade Organization, from 3.5 per cent in 2022 to 1.0 percent in 2023.

The optimistic growth forecasts stem from a number of positives like the rebound of private consumption given a boost to production activity, higher Capital Expenditure (Capex), near-universal vaccination coverage enabling people to spend on contact-based services, such as restaurants, hotels, shopping malls, and cinemas, as well as the return of migrant workers to cities to work in construction sites leading to a significant decline in housing market inventory, the strengthening of the balance sheets of the Corporates, a well-capitalised public sector banks ready to increase the credit supply and the credit growth to the Micro, Small, and Medium Enterprises (MSME) sector to name the major ones.

The Union Minister for Finance & Corporate Affairs Smt. Nirmala Sitharaman tabled the Economic Survey 2022-23, which projects a baseline GDP growth of 6.5 per cent in real terms in FY24. The projection is broadly comparable to the estimates provided by multilateral agencies such as the World Bank, the IMF, and the ADB and by RBI, domestically. It says, growth is expected to be brisk in FY24 as a vigorous credit disbursal, and capital investment cycle is expected to unfold in India with the strengthening of the balance sheets of the corporate and banking sectors. Further support to economic growth will come from the expansion of public digital platforms and path-breaking measures such as PM Gati-Shakti, the National Logistics Policy, and the production linked Incentive schemes to boost manufacturing output. The Survey says, in real terms, the economy is expected to grow at 7 per cent for the year ending March 2023. This follows an 8.7 per cent growth in the previous financial year. Despite the three shocks of COVID-19, Russian-Ukraine conflict and the Central Banks across economies led by Federal Reserve responding with synchronized policy rate hikes to curb inflation, leading to appreciation of US Dollar and the widening of the Current Account Deficits (CAD) in net importing economies, agencies worldwide continue to project India as the fastest-growing major economy at 6.5-7.0 per cent in FY23.

According to Survey, India’s economic growth in FY23 has been principally led by private consumption and capital formation and they have helped generate employment as seen in the declining urban unemployment rate and in the faster net registration in Employee Provident Fund. Moreover, World’s second-largest vaccination drive involving more than 2 billion doses also served to lift consumer sentiments that may prolong the rebound in consumption. Still, private capex soon needs to take up the leadership role to put job creation on a fast track.

It also points out that the upside to India’s growth outlook arises from (i) limited health and economic fallout for the rest of the world from the current surge in Covid-19 infections in China and, therefore, continued normalization of supply chains; (ii) inflationary impulses from the reopening of China’s economy turning out to be neither significant nor persistent; (iii) recessionary tendencies in major Advanced Economies (AEs) triggering a cessation of monetary tightening and a return of capital flows to

India amidst a stable domestic inflation rate below 6 per cent; and (iv) this leading to an improvement in animal spirits and providing further impetus to private sector investment.

The Survey says, the credit growth to the Micro, Small, and Medium Enterprises (MSME) sector has been remarkably high, over 30.6 per cent, on average during Jan-Nov 2022, supported by the extended “a Credit Linked Guarantee Scheme (ECLGS) of the Union Government. It adds that the recovery of MSMEs is proceeding apace, as is evident in the amounts of Goods and Services Tax (GST) they pay, while the Emergency Credit Linked Guarantee Scheme (ECLGS) is easing their debt servicing concerns. Apart from this, increase in the overall bank credit has also been influenced by the shift in borrower’s choices from volatile bond markets, where yields have increased, and external commercial borrowings,

where interest and hedging costs have increased, towards banks. If inflation declines in FY-24 and if real cost of credit does not rise, then credit growth is likely to be brisk in FY24.

Dwelling on halt in construction activities during the Pandemic, the Survey underscores that vaccinations have facilitated the return of migrant workers to cities to work in construction sites as the rebound in consumption spilled over into the housing market. This is evident in the housing market witnessing a significant decline in inventory overhang to 33 months in Q3 of FY23 from 42 months last year.

The Survey notes with optimism that Indian economy appears to have moved on after its encounter with the pandemic, staging a full recovery in FY22 ahead of many nations and positioning itself to ascend to the pre-pandemic growth path in FY23. Yet in the current year, India has also faced the challenge of reining in inflation that the European strife accentuated. Measures taken by the government and RBI, along with the easing of global commodity prices, have finally managed to bring retail inflation below the RBI upper tolerance target in November 2022.

It, however, cautions that the challenge of the depreciating rupee, although better performing than most other currencies, persists with the likelihood of further increases in policies rates by the US Fed. The loss of export stimulus is further possible as the wing world growth and trade shrinks the global market size in the second half of the current year.

Therefore, the Global growth has been projected to decline in 2023. The slowing demand will likely push down global commodity prices and improve India's CAD in FY24. However, a downside risk to the Current Account Balance stems from a swift recovery driven mainly by domestic demand, and to a lesser extent, by exports. The CAD needs to be closely monitored as the growth momentum of the current year spills over into the next.

India's Economic Resilience and Growth Drivers

The Survey points out that factors like monetary tightening by the RBI, the widening of the CAD, and the plateauing growth of exports have essentially been the outcome of geopolitical strife in Europe. As these developments posed downside risks to the growth of the Indian economy in FY23, many agencies worldwide have been revising their growth forecast of the Indian economy downwards. These forecasts, including the advance estimates released by the NSO, now broadly lie in the range of 6.5-7.0 per cent.

Despite the downward revision, the growth estimate for FY23 is higher than for almost all major economies and even slightly above the average growth of the Indian economy in the decade leading up

to pandemic.

IMF estimates India to be one of the top two fast-growing significant economies in 2022. Despite strong global headwinds and tighter domestic monetary policy, if India is still expected to grow between 6.5-7.0 percent, and that too without the advantage of a base effect, it is a reflection of India’s underlying economic resilience; of its ability to recoup, renew and re-energise the growth drivers of the economy. India’s economic resilience can be seen in the domestic stimulus to growth seamlessly replacing the external stimuli. The growth of exports may have moderated in the second half of FY23. Their surge in FY22 and the first half of FY23 induced a shift in the gears of the production processes from mild acceleration to cruise mode.

Manufacturing and investment activities consequently gained traction. By the time the growth of exports moderated, the rebound in domestic consumption had sufficiently matured to take forward the growth of India’s economy. Private Consumption as a percentage of GDP stood at 58.4 per cent in Q2 of FY23, the highest among the second quarters of all the years since 2013-14, supported by a rebound in contact-intensive services such as trade, hotel and transport, which registered sequential growth of 16 per cent in real terms in Q2 of FY23 compared to the previous quarter.

Although domestic consumption rebounded in many economies, the rebound in India was impressive for its scale. It contributed to a rise in domestic capacity utilisation. Domestic private consumption remains buoyant in November 2022. Moreover, RBI’s most recent survey of consumer confidence released in December 2022 pointed to improving sentiment with respect to current and prospective employment and income conditions.

The Survey also points to another recovery and adds that the “release of pent-up demand” was reflected in the housing market too as demand for housing loans picked up. Consequently, housing inventories have declined, prices are firming up, and construction of new dwellings is picking up pace and this has stimulated innumerable backward and forward linkages that the construction sector is known to carry. The universalization of vaccination coverage also has a significant role in lifting the housing market as, in its absence, the migrant workforce could not have returned to construct new dwellings.

Apart from housing, construction activity, in general, has significantly risen in FY23 as the much enlarged capital budget (Capex) of the central government and its public sector enterprises is rapidly being deployed.

Going by the Capex multiplier estimated for the country, the economic output of the country is set to increase by at least four times the amount of Capex. States, in aggregate, are also performing well with their Capex plans. Like the central government, states also have a larger capital budget supported by the centre’s grant-in-aid for capital works and an interest-free loan repayable over 50 years.

Also, a capex thrust in the last two budgets of the Government of India was not an isolated initiative meant only to address the infrastructure gaps in the country. It was part of a strategic package aimed at crowding-in private investment into an economic landscape broadened by the vacation of non-strategic PSEs (disinvestment) and idling public sector assets.

Macroeconomic and Growth Challenges in the Indian Economy

After the impact of the two waves of the pandemic seen in a significant GDP contraction in FY21, the quick recovery from the virus in third wave of Omicron contributed to minimizing the loss of economic output in the January-March quarter of 2022. Consequently, output in FY22 went past its pre-pandemic level in FY20, with the Indian economy staging a full recovery ahead of many nations. However, the conflict in Europe necessitated a revision in expectations for economic growth and inflation in FY23. The country's retail inflation had crept above the RBI's tolerance range in January 2022 and it remained above the target range for ten months before returning to below the upper end of the target range of 6 per cent in November 2022.

It says that the Global commodity prices may have eased but are still higher compared to pre-conflict levels and they have further widened the CAD, already enlarged by India's growth momentum. For FY23, India has sufficient forex reserves to finance the CAD and intervene in the forex market to manage volatility in the Indian rupee.

Dwelling on the Outlook for 2023-24, the Survey says, India's recovery from the pandemic was relatively quick, and growth in the upcoming year will be supported by solid domestic demand and a pickup in capital investment. It says that aided by healthy financials, incipient signs of a new private sector capital formation cycle are visible and more importantly, compensating for the private sector's cautions in capital expenditure, the government raised capital expenditure substantially.

Budgeted capital expenditure rose 2.7 times in the last seven years, from FY16 to FY23, re-invigorating the Capex cycle. Structural reforms such as the introduction of the Goods and Services Tax and the insolvency and Bankruptcy Code enhanced the efficiency and transparency of the economy and ensured financial discipline and better compliance, the Survey added.

Entrenched inflation may prolong the tightening cycle, and therefore, borrowing costs may stay 'higher for longer'. In such a scenario, global economy may be characterized by low growth in FY24. However, the scenario of subdued global growth presents two silver linings — oil prices will stay low, and India's CAD will be better than currently projected. The overall external situation will remain manageable.

With electricity generation (including renewable sources) of 846.18 BU in India between April-September 2022, the country witnessed a growth of 10.67% YoY. According to data from the Ministry of Power, India's power consumption increased 1.64% YoY in October 2022 to 114.64 BU.

The peak power demand in the country stood at 210.79 GW on June 9, 2022.

All India actual PLF of thermal power plants stood at 68.24% in June 2022, compared with 67.92% in May 2022.

Solar Power Industry

Solar power is a fast-developing industry in India. The country's solar installed capacity was 63.303 GWAC as of 31 December 2022. Solar power generation in India ranks fourth globally in 2021.

The Indian Government had an initial target of 20 GW capacity for 2022, which was achieved four years ahead of schedule. In 2015 the target was raised to 100 GW of solar capacity (including 40 GW from rooftop solar) by 2022, targeting an investment of US\$100 billion. India has established nearly 42 solar parks to make land available to the promoters of solar plants.

Rooftop solar power accounts for 2.1 GW in 2018, of which 70% is industrial or commercial. In addition to its large-scale grid-connected solar photovoltaic (PV) initiative, India is developing off-grid solar power for local energy needs. Solar products have increasingly helped to meet rural needs; by the end of 2015 just under one million solar lanterns were sold in the country, reducing the need for kerosene. That year, 118,700 solar home lighting systems were installed and 46,655 solar street lighting installations were provided under a national programme; just over 1.4 million (1.4 million) solar cookers were distributed in India.

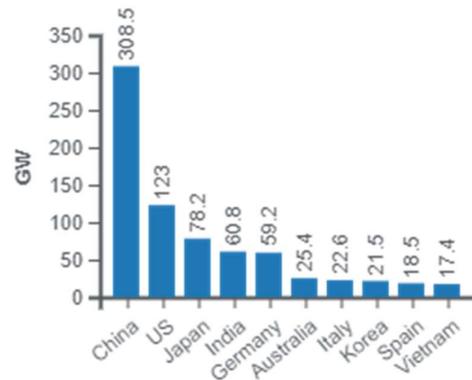

Chart showing Top 10 countries by cumulative solar power installed capacity in 2021.

During 2010–19, the foreign capital invested in India on Solar power projects was nearly 20.7 billion US\$. The International Solar Alliance (ISA), proposed by India as a founder member, is headquartered in India. India has also put forward the concept of "One Sun One World One Grid" and "World Solar Bank" to harness abundant solar power on global scale.

Solar Potential

With about 300 clear and sunny days in a year, the calculated solar energy incidence on India's land area is about 5 quadrillion kilowatt-hours (kWh) per year (or 5 EWh/yr). The solar energy available in a single year exceeds the possible energy output of all of the fossil fuel energy reserves in India. The daily average solar-power-plant generation capacity in India is 0.30 kWh per m² of used land area, equivalent to 1,400–1,800 peak (rated) capacity operating hours in a year with available, commercially-proven technology.

In June 2015, India began a ₹40 crore (US\$5.0 million) project to measure solar radiation with a spatial resolution of 3 by 3 kilometres (1.9 mi × 1.9 mi). This solar-radiation measuring network provides the basis for the Indian solar-radiation atlas. 121 solar radiation resource assessment (SRRA) stations have been installed across India by the National Institute of Wind Energy, Ministry of New and Renewable Energy to create a database of solar-energy potential. Data is collected and reported to the Centre for Wind Energy Technology (C-WET). Among the parameters measured are Global Horizontal Irradiance (GHI), Direct Normal Irradiance (DNI) and Diffuse Horizontal Irradiance (DHI).

Solar-panel manufacturing in India

As of November 2021, manufacturing capacity of solar cells and solar modules in India was 4.3 GW and 18 GW, respectively. Nearly 80 per cent of solar-panel's weight is flat glass. 100–150 tons of flat glass is used to manufacture a MW of solar panels. Low-iron flat or float glass is manufactured from soda ash and iron-free silica. Soda-ash manufacturing from common salt is an energy-intensive process unless it is extracted from soda lakes or glasswort cultivation in alkali soil. To increase installation of photovoltaic

solar-power plants, the production of flat glass and its raw materials must expand commensurately to eliminate supply constraints or future imports.

The Ministry of New and Renewable Energy (MNRE), India, has issued a memorandum to ensure the quality of solar cells and solar modules. Compliance with the requisite specifications will grant manufacturers and their specific products an entry in the ALMM (Approved List of Models and Manufacturers.) Indian manufacturers are gradually enhancing the production capacity of monocrystalline silicon PERC cells to supply better performing and enduring solar cells to local market.

For utility scale solar projects, top solar module suppliers in 2016–17 were: Waaree Energies Ltd., Trina Solar, JA Solar, Canadian Solar, Risen, and Hanwha.

Battery Industry

India is one of the largest automobile markets in the world, and, in 2021, the total passenger vehicles production reached 22,652,108 units. The country produced 624,000 commercial vehicles in FY-2021.

The two-wheeler segment dominates the automotive market owing to a growing middle class and a young population. Organized companies sell branded batteries with warranties, while unorganized companies provide no warranty or after-sales, sell recycled batteries, and offer products at a 30-35% discount to branded ones. The Indian automotive replacement battery market is leading the lead-acid battery market.

The government's efforts to boost automotive battery manufacturing in India will drive the segment's growth. On November 11, 2020, the Indian government announced incentives worth INR 3 trillion (approximately USD 40 billion) to encourage companies in ten sectors to boost local manufacturing and increase exports. The incentive scheme worth INR 180 billion (about USD 2.4 billion) will be directed toward advanced cell chemistry, aimed at bringing at least 50 GW of lithium-ion batteries to be manufactured in India.

Automotive production trends in India, in Units, FY 2020-2021

Increasing Demand for Electric Vehicles (EVs) to Drive the Market

- Electric vehicles (EVs) are expected to play a central role in achieving the UN Sustainable Development Goals. In India, the adoption of EVs is likely to grow significantly with the increasing demand for clean energy sources. The government has plans to achieve a target of 30% electric vehicle adoption by 2030 powered primarily by electrification of two-wheeler, three-wheeler, and commercial vehicles in India.
- In India, more than 3 million fossil fuel-powered passenger vehicles are sold annually, and a few automakers, including Mahindra & Mahindra Ltd, Tata Motors Ltd, and Ashok Leyland Ltd, are making EVs domestically. Overseas companies such as Hyundai Motor Co. and Suzuki Motor Corp. are also entering the new segment as the government plans to have green vehicles comprise about a third of its fleet by 2030.
- The market is likely to be dominated by electric vehicles that are majorly used for passenger carriers. The market for supplying batteries to e-rickshaws and small privately-owned three-wheeler taxis is expected to grow at a compounded rate of about 20% over the next five years.

Inverter Industry

The India power inverter market attained a value of about USD 4.20 billion in 2021. The market is further estimated to grow in the forecast period of 2023-2028 at a CAGR of 14.6% to reach nearly USD 9.81 billion by 2027.

Growing Demand for Power Inverters in the Residential Sector Aiding the India Market Growth

The growing usage of power inverters in the residential sector is augmenting the market growth in India. With rapid urbanisation and growing disposable incomes, coupled with the rising ownership of consumer electronics such as televisions, smartphones, and refrigerators, among others, the utilisation of power inverters to ensure seamless electricity supply is growing. The growing prevalence of power cuts, especially in rural and semi-urban regions, is boosting the demand for cost-effective power inverters.

Market Segmentation

A power inverter is an electronic device that transforms direct current (DC) into alternative current (AC). It is used to ensure seamless electricity supply to electrical gadgets by using batteries and energy from sources like wind turbines and solar PVs. Power inverters are typically energy-efficient, durable, and ideal for handling high power requirements, due to which they find extensive use in the residential, commercial, and utility sectors.

The major ratings of power inverter are:

- <5KW
- 5kW to 100kW
- 100kW to 500kW
- Above 500kW

With the rising exploration of solar energy as a renewable power source and the expansion of solar plants in India, the demand for power inverters for large-scale solar plants is significantly growing. The introduction of various favourable government initiatives to boost the adoption of solar PVs in the residential, commercial, and industrial sectors are also surging the demand for power inverters.

Increasing Availability of Smart Power Inverters to Drive the Market Growth in India

The growing penetration of smart power inverters that efficiently delivers energy while regulating voltage, withstanding abnormal frequency and voltage, responding to frequency, and changing operations in response to instructions is expected to fuel the market. As distributed and renewable energy sources require advanced power electronics that can offer anti-islanding functionalities, the deployment of smart inverters is likely to surge. With the increasing launches of innovative smart power inverters offering advanced functions such as voltage and frequency regulation, enhanced situational awareness, adaptive protection, advanced system recovery and restoration, and DER reconnect/disconnect, among others, the India power inverter market is poised to witness rapid growth in the forecast period.

With the rising exploration of solar energy as a renewable power source and the expansion of solar plants in India, the demand for power inverters for large-scale solar plants is significantly growing. The introduction of various favourable government initiatives to boost the adoption of solar PVs in the residential, commercial, and industrial sectors are also surging the demand for power inverters. The growth of the power inverter market in India can further be attributed to the rising demand for high-capacity PV modules, the ease of installation offered by innovative power inverters, and the increasing emphasis on reducing the levelised cost of electricity (LCOE). Furthermore, various leading companies are expanding their manufacturing capabilities in response to the “Make in India” scheme, which is expected to boost the accessibility and cost-effectiveness of innovative power inverters in the country in the coming years.

Key Players in the India Market for Power Inverter

The report presents a detailed analysis of the following key players in the India power inverter market, looking into their capacity, market shares, and latest developments like capacity expansions, plant turnarounds, and mergers and acquisitions:

- ABB Ltd.
- Huawei Technologies Co., Ltd.
- Delta Electronics, Inc.
- SMA Solar India Private Limited
- Others.

Electrical Accessories Industry

India electrical materials market was valued at USD 5969.13 Million in FY2020 and is projected to grow at double digit CAGR of 17.88% during the forecast years, to reach USD 9714.33 Million through FY2026. To accommodate the rapidly growing population of India, there has been a significant rise in construction activities, which has been led to a boost in demand for electrical materials market in India. Growing number of commercial spaces and short-term expansion of construction activities driven by fiscal support and government policies is creating a market opportunity for electrical materials manufacturers in India. Innovations in electrical materials by major market player, adapting sustainable technologies is also one of the factors attributing to growth of India electrical market.

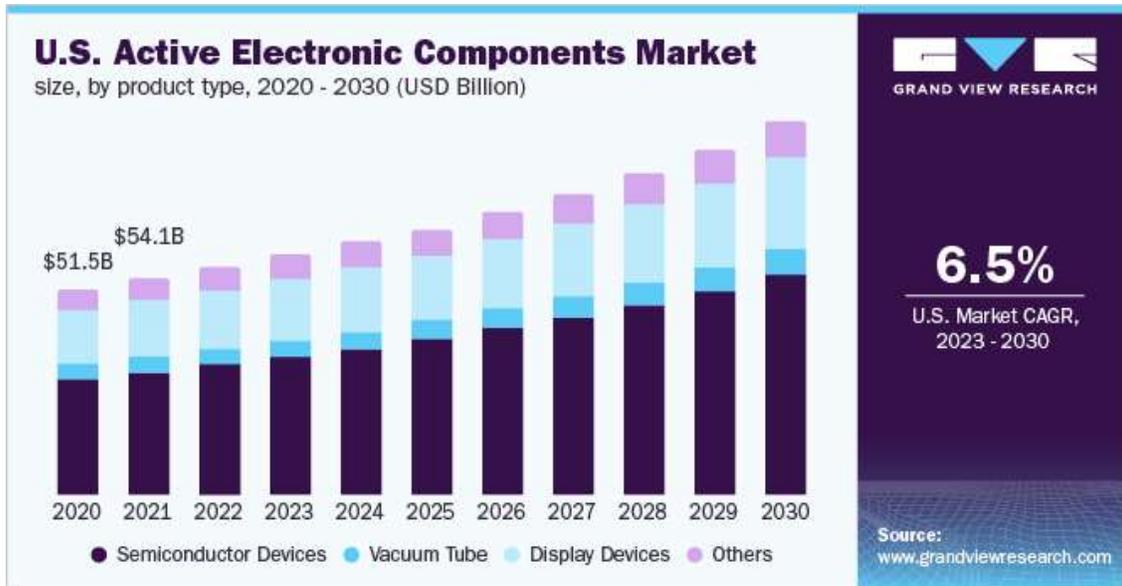

Apart from increasing use in construction sector, electrical materials are witnessing increasing used in various industries such as power plants, refinery cement industry, steel, mining, among others. The Indian government and various state governments seem to be making rapid progress in boosting the country's industrial sector. Over the next 10-15 years, industrialization in India is likely to continue its growth momentum, which is expected to create significant opportunities for electrical materials in the industrial sector.

India electrical materials market is segmented on the basis of type, end user and region. In terms of type, market can be segregated into circuit breakers, light switches, plugs & sockets, voltage switcher, cable management, cable duct, electrical conduit, and others. Among these, cable management is major demand generating segment with share of 25.25% in FY2020. Cable management includes cable trays, cable ladder, and cable baskets and is needed for the management of all electrical cables during installation, contributing for the leading share of the segment.

The global active electronic components market size was valued at USD 304.30 billion in 2022 and is expected to expand at a compound annual growth rate (CAGR) of 6.6% from 2023 to 2030. Active electronic components are incorporated into circuits to amplify electrical input signals and generate electricity. These components can act as AC circuits in electronic equipment, increasing power and voltage. All active components require an energy source, usually derived from a DC circuit. Increasing demand for active electronic components in numerous sectors and widespread usage of connected devices are some of the reasons driving this market's growth.

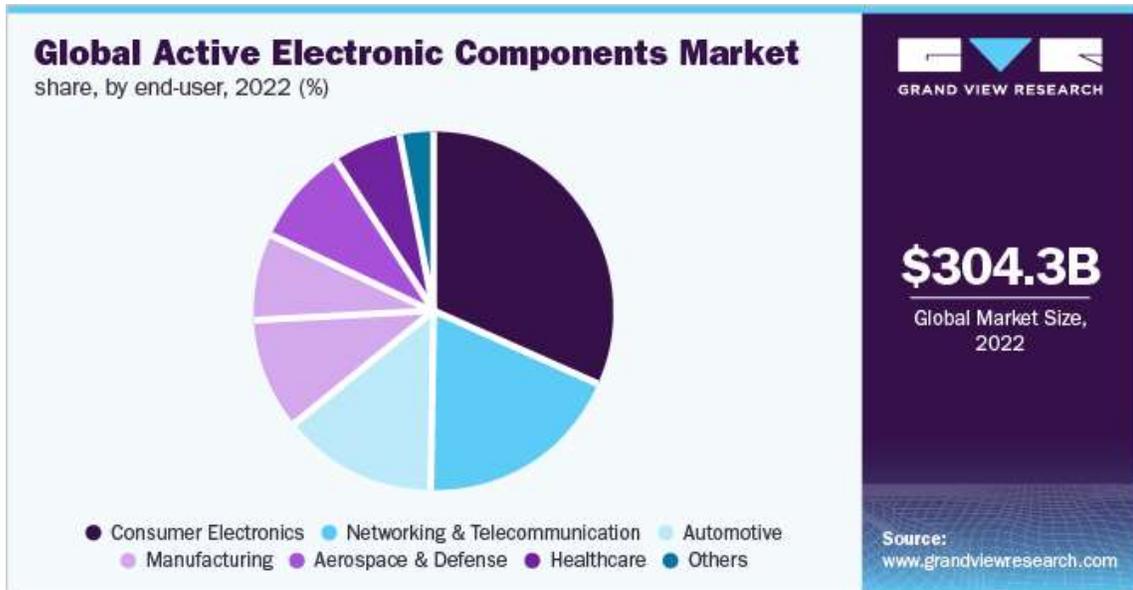

The increasing popularity of smartphones, laptops, and other wearable devices, as well as increased industrial automation, has raised the demand for active electronic components. The global market benefits from increased demand for active electronic components in the healthcare and automotive industries owing to the fast use of MEMS technology. One of the most significant advantages of active electronic components is the ability to manage tiny inputs of electricity to match a greater power output. The most active components are semiconductors such as diodes, transistors, and integrated circuits.

The automotive industry is undergoing fast change, and there is a rising market for electric vehicles, thus increasing global adoption of different autonomous vehicle technologies. Numerous vehicle applications use the above-mentioned technologies, including parking assistance, safety airbags, telematics, and navigation. Additionally, a considerable rise in consumer smartphone use is anticipated to fuel the booming electronic components market's expansion throughout the projected years.

Product Type Insights

The semiconductor segment dominated with a revenue share of 57.5% in 2022 and is also anticipated to witness the fastest CAGR of over 7.0% during the forecast period. ICs, the sub-segment of semiconductor devices, dominated the overall market with a revenue share of 55.3% in 2022 and is also to witness the fastest CAGR of over 8.1% in the forthcoming years. A semiconductor substance exists between the insulator and the conductor, which controls and regulates the current flow in electrical devices and equipment. As a result, it has become an essential component of electronic chips used in computing components and various electronic devices, such as solid-state storage.

An SMD (Surface Mount Device) Electronic Component made of multiple transistors, diodes, resistors, and capacitors in a tiny semiconductor chip are an Integrated Circuit (IC). ICs, or Integrated Circuit Electronic Components, are small and light, providing more significant outcomes while using less power. An Integrated Circuit (IC) is the integration or assimilation of several electronic components (primarily transistors) on a chip (or single device) constructed of semiconductor material. ICs are extensively utilized in various applications such as televisions, mobile phones, laptops, audio players, routers, etc.

OUR BUSINESS

Some of the information in this section, including information with respect to our plans and strategies, contain forward-looking statements that involve risks and uncertainties. Before deciding to invest in the Equity Shares, Shareholders should read this entire Draft Prospectus. An investment in the Equity Shares involves a high degree of risk. For a discussion of certain risks in connection with investment in the Equity Shares, you should read “Risk Factors” on page 24 for a discussion of the risks and uncertainties related to those statements, as well as “Financial Statements” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” on pages 158, 190 respectively, for a discussion of certain factors that may affect our business, financial condition or results of operations. Our actual results may differ materially from those expressed in or implied by these forward-looking statements. Unless otherwise stated, the financial information used in this section is derived from our Restated Financial Statements.

BACKGROUND OF COMPANY

Our Company was originally incorporated as a private limited Company under the Companies Act, 2013 in the name and style of “Sungarner Energies Private Limited” bearing corporate identification number U74900DL2015PTC279632, dated April 30, 2015 issued by the Registrar of Companies, Delhi. subsequently the Company altered its objects pursuant to a shareholders’ resolution passed at an extraordinary general meeting held on January 31, 2022, and a certificate of confirming alteration of object clause dated February 27, 2020, was issued by Registrar of Companies, Delhi bearing corporate identification number U34100DL2015PTC279632. subsequently, the name of our company was changed to “Sungarner Energies Limited” pursuant to a shareholders’ resolution passed at an annual general meeting held on September 30, 2022, and a fresh certificate of incorporation dated November 17, 2022 was issued by Registrar of Companies, Delhi bearing corporate identification number U34100DL2015PLC279632.

As on date of this Draft Prospectus the Corporate Identification Number of our Company is U34100DL2015PLC279632.

Mr. Sumit Tiwari is a promoter and managing director of the Company and is first generation entrepreneur with a rich experience of more than 18 years in the various sectors including power sector. In the past, he has been engaged with various companies like Tata BP solar, Emerson Network Power & Delta. He Joined Tata BP Solar in 2010 and worked for green energy solutions. He has successfully established various verticals for organizations i.e., Power Audit for Emerson Network, UPS Systems in IT and Telecom sector, Solar Solutions for Rooftop and Telecom at Tata BP Solar. He has commercial blend and market insights which has enabled Sungarner to build various verticals as strong pillars of organization.

Sungarner Energies Limited was founded and promoted by Mr. Sumit Tiwari in year 2015, with a motive of providing efficient and low-cost power solutions. Our Company is offering a wide range of power solutions such as Solar Power, UPS, Batteries, Inverters and Solar Panels. We also provide high quality professional solutions like design and engineering services in power sector to our customers.

At the start of our Journey “SEL” was a Design Engineering and Solar EPC company and gradually company also diversified into Manufacturing of Power Electronics and Energy storage Products. Today Sungarner Energies Limited is also into manufacturing of Solar Inverters, Online UPS Systems, EV Chargers, and Lead Acid Batteries. SunGarner has also obtained WMI code for manufacturing of EV Vehicles (although we have only developed prototype only and have not started full scale manufacturing of EV Vehicles). Company recognized the need for a dedicated R&D facility to innovate new product lines and it established in-house R&D facility in 2017 and staffed it with experts. This facility helped us adopt Various Advance features e.g., for Solar Inverters the advanced Maximum Power Point Technology “MPPT” - this is a well-known algorithm that helps in extracting maximum available power from a PV module in any given condition. We established our first in-house product unit for Power Products in 2018.

Today we are one of the leading technology and manufacturing company for power conditioning and storage products. Our Company leadership team consists of various accomplished professionals either as KMP, directors or employees besides our promoters and who have collective experience of more than 100 years in the field of solar energy. This has made our company a highly acclaimed and trusted enterprise in Power Solutions sector within a short time. We are having a professionally managed team having vast techno-commercial knowledge and experience and have successfully executed several projects in sector. Furthermore, our company also provide various kind of services such as Solar Power Plants Projects, Solar Power Generation System and Operation & maintenance thereof.

SunGarner Energies Limited produces lead acid batteries of varying capacities in the range from 12 Volts 40 ampere-hour to 12 volts 300 ampere-hours. Today SunGarner Products are available through its Distributors in To be successful in Lead acid batteries business apart from quality product distribution & Brand recognition is the backbone for growth in revenue. We have already established distribution network in some of the key markets like Haryana, UP, Bihar, Rajasthan, and Assam. SunGarner Today has 6 (six) service Centres in India - Delhi, UP Haryana, Bihar Assam, Bengal. SunGarner is in the process in expanding it's footprint further by appointing additional 500 Franchisee to cover all major Districts of India by end of 2025. Also, SunGarner has also started exports in last 2 years and has exported its products to Nigeria, Lebanon, Nepal, Dubai and Bhutan.

SunGarner Solar EPC Division has till date commissioned more than 50 (fifty) large Solar Projects in last 8 years. Some of the prestigious projects that we have commissioned are for customers like Interglobe Enterprises, DLF, Jubilant Life Sciences, Eli Lilly, Modi Xerox, V N Dyers and Textiles, The ITC Hotels Delhi, The India Thermit Nagpur, Sarovar Portico Lucknow, Satyam Hospital Ludhiana, Dayawati Modi School Rampur to name a few. Further, we have also forayed into international projects by installing the largest solar power project in Bhutan in 2021.

Today we are one of the leading technology and manufacturing company for power conditioning and storage products. Our Company leadership team consists of various accomplished professionals either as KMP, directors or employees besides our promoters and who have collective experience of more than 100 years in the field of solar energy. This has made our company a highly acclaimed and trusted enterprise in Power Solutions sector within a short time. We are having a professionally managed team having vast techno-commercial knowledge and experience and have successfully executed several projects in sector. Furthermore, our company also provide various kind of services such as Solar Power Plants Projects, Solar Power Generation System and Operation & maintenance thereof.

We are also an integrated solar energy solutions provider offering engineering, procurement and construction ("EPC") services to our customers. We strive to deliver reliable solar solutions through innovative products, and we achieve this majorly through our specialized high efficiency PV module manufacturing line and comprehensive EPC solutions.

We actively pursue environmental, social and governance initiatives as part of our business operations. Our business is environmentally focused, and we strive towards facilitating a cleaner environment and reduced carbon emissions through the use of our solar PV modules, as well as our EPC contracts, for solar power generation, which is an environment friendly method of power generation.

Our company caters to engineering projects and products to its various clients in India & overseas. we focus on reliable, efficient & lowest cost of energy solutions. Our services include design, engineering & implementation of solar Off Grid and On Grid Power Plants. Our in-house R&D has enabled us to develop application centric products.

Our in-house R&D and manufacturing makes us one of the power solution providers of Pure Sine Wave Solar Online UPS, Solar MPPT PCU & Batteries. Our Company adheres to some of the industry's best quality product accreditations. Our Company has obtained certifications such as ISO 9001:2015, ISO 14001:2015, ISO 45001 etc.

After deepening our roots in Indian market with our expert range of products and exemplary services, we are further in progression of marking our presence global. SunGarner has spread its wings in the international arena too. We have done considerable business in foreign countries such as Dubai, Lebanon, Nepal, and Nigeria.

OUR COMPANY VISION AND MISSION

Vision:	Mission:
<p>To become a Premier engineering organization and a leader for all power requirements globally offering power generation and energy conservation solutions under one roof with cutting edge technology. Every team member will encourage, challenge constructively and support each other to achieve our Vision.</p>	<p>Our Mission is to add value to our customers with cost effective, energy efficient, innovative, and reliable power backup. We also add on power conditioning products, services and solutions.</p>

OUR COMPETITIVE STRENGTH

Our Company's Strengths are:

Experienced Management Team

Our management team includes professionals with experience in the Solar Power Industry and Battery industry as well as finance and marketing functions. Our Promoter Sumit Tiwari brings his entrepreneurial vision and leadership which has been instrumental in growing and sustaining our business operations. We believe that our management team is growth oriented and has ability to manage growth in rapidly changing business environment and delivery of high-quality materials at sustainable cost. For details regarding the education and experience of our promoter, please refer to chapter titled "***Our Management***" beginning on page no. 135 of the Draft Prospectus.

Quality Assurance and Standards

Our Company believes in the quality in our process and products. We are committed to deliver the good quality product in proper manner at all steps from manufacturing to dispatch. Our dedicated internal quality control team ensures the compliance with good standard practices. We give prime focus to providing quality material to our customers and follows high quality standards.

Cordial Relationships with our Suppliers

We have cordial relationship with our suppliers for supply of materials, which we believe provides us with the competitive advantage of effective and timely sourcing of raw materials. We also believe effective sourcing of materials ensures timely delivery of our products to our customers, thereby enhancing the value provided to our customers.

OUR STRATEGIES

Improving operational efficiencies

We make continuous efforts to improve efficiencies to achieve cost reductions so that we can be competitive in market. We believe that we can achieve the same by gaining economies of scale in our operations and continuous research and development. Our operations team including senior management adopts good practices in line with industry standards across our product facilities.

Expand geographical reach

We seek to expand and enhance our presence in our existing business segments by identifying markets where we can provide cost-effective and quality products to prospective consumers. We seek to capitalize on our existing experience, established contacts with suppliers and entering in the new products market considering the local working conditions.

Strengthening our brand

We intend to invest in developing and enhancing recognition of our brand through brand building efforts, communication and promotional initiatives such as participation in industry events, public relations and investor relations efforts. This will help us to maintain and improve our reach. We believe that our branding exercise will enhance the recall value and trust in the minds of our customers and will help in increasing demand for our products.

Training our employees

We believe that the successful implementation of our business and growth strategies depends on our employees’ commitment to our vision. We also believe that to sustain our future growth, we need to continue to train and empower our employees. As we expand our business into other geographical region, our ability to successfully train our existing and new employees will play a crucial role.

To build-up a professional organization

We believe in transparency, commitment and coordination in our work, with our suppliers and customers. We have a blend of experienced and sufficient staff for taking care of our day-to-day operations. We also consult with external agencies on a case-to-case basis on technical and financial aspects of our business. We wish to make it sounder and stronger in times to come.

SWOT ANALYSIS

SALES AND MARKETING STRATEGY

Sales and marketing for our products is dependent on our long-term relationships with our customers in certain product categories and dealer network in certain categories. We have a marketing and business development team, comprising of full time employees, who are responsible for marketing and selling our products. Our sales teams are responsible for growing our relationships with our key customers and developing strategies to ensure that we are developing the right products in line with the market trends and our business strategy. We participate in exhibitions and fairs which gives us a platform to exhibit our products in the market and gives boost to our Company as whole.

We are also in the process of developing Ecommerce website to increase our reach and enhance sales of products like battery, solar inverter, solar panels etc..

COLLABORATIONS

Except as disclosed in this Draft Prospectus and in our normal course of business, we do not have any collaboration as on date

EXPORT OBLIGATION

Our Company does not have any export obligations, as on date of this Draft Prospectus

RAW MATERIAL AND COMPONENTS

The following is the list of raw materials used by our Company:

1. Aluminium components
2. Brass components
3. Steel components
4. Plastic granules and plastic components
5. Bare Printed Circuit Boards
6. Semi-conductor components
7. Pressure die casting components, etc.

The raw material used in the manufacturing of products are procured from pan India across different states Delhi, Uttar Pradesh etc. we procure raw material after considering the quotation received from every vendor. Further, we also verify the quality of raw material to be used in the manufacturing of our products.

FUTURE BUSINESS PLAN

SEL is now working to expand its retail and export business in 8 States and 7 Countries in next financial year. SEL is continuously focussing to R &D to provide efficient and latest technology products to its Retail and B2B Customers, e.g., Lithium-Ion batteries, EV Chargers, Solar Air Conditioners etc.

SEL is poised to have 500 domestic and 20 international distributors in India by 2026. SEL is launching its online and offline SelTriK store for all its products , enabling digital platform to support our physical franchises that will play key role.

The scope of the electric vehicle market is multidimensional, involving wide array of stakeholders. Automotive market is fifth largest market in the world and is expected to be the Third largest market. According to Times of India, over 3,30,000 electric vehicle units were sold in 2021, registering a growth of 168 percent over 2020.

According to the IBEF report, the electric vehicle (EV) market is estimated to reach Rs. 50,000 crore (US\$ 7.09 billion) in India by 2025. A study by CEEW Centre for Energy Finance recognised a US\$ 206 billion opportunity for electric vehicles in India by 2030. This will necessitate a US\$ 180 billion investment in vehicle manufacturing and charging infrastructure.

According to NITI Aayog and the Rocky Mountain Institute (RMI), India's EV finance industry is likely to reach Rs. 3.7 lakh crore (US\$ 50 billion) by 2030. A report by the India Energy Storage Alliance estimated that the EV market in India is likely to increase at a CAGR of 36% until 2026. In addition, projection for the EV battery market is expected to expand at a CAGR of 30% during the same period.

Our company has also obtained World Manufacturer Identifier Number (WMI), which is required to be obtain by the Automotive manufacturers. This number uniquely identifies the manufacturer of the vehicle.

Our company proposed to engage in the manufacturing and/or assembly of electric two wheelers, three wheelers, four wheelers vehicles, buses and trucks and other activities related to manufacturing and/or assembly of electric vehicles.

PLACE OF BUSINESS OF THE COMPANY

The Company is prominent manufacturer & supplier of Solar Power, UPS, Batteries, Inverters, and Electric Vehicle (EV) products from our registered office and warehouses. Details of which are as following:

Sr. No.	Particulars	Address
1.	Registered Office	1/5322, S/F, Plot No. 19A, Gali No.13, Balbir Nagar Ext., New Delhi-110032, India

UTILITIES & INFRASTRUCTURE FACILITIES

Power

Our Company requires power for the normal requirement of our registered office and corporate office/plant for lighting, Computer systems etc.

Power supplies for our registered office is met through the electric supply by the BSES Yamuna Power Limited. Further, adequate power is available at plant situated at Plot No. 113, Udyog Kendra-II, Sector Ecotech-III, Greater Noida, Gautam Buddha Nagar, Uttar Pradesh- 201306 which is met through the electric supply by the (NPCL) Noida Power Company Limited. Also, we have inverter & generator facility at all of our offices.

Water

Our Business does not have major water requirements. Water required for human consumption and other purposes is fully met at the existing premises by internal supply & also with private supply.

HUMAN RESOURCE

We believe that a motivated and empowered employee base is the key to our operations and business strategy. We have developed a large pool of skilled and experienced personnel. Currently we have 46 full time employees as on February 28, 2023. Our manpower is a prudent mix of the experienced and young people which gives us the dual advantage of stability and growth, whereas execution of services within time and quality. Our skilled resources together with our strong management team have enabled us to successfully implement our growth plans.

COMPETITION

We operate in the highly competitive industry. We face tough competition in our business from a large number of unorganized and a few organized players. There are no entry barriers in our industry which puts us to the threat of competition from new entrants. Our aim is to provide the branded, standardized and uniform quality products at competitive prices to our consumers. We compete with our competitors on a regional or product line basis. Many of our competitors have substantially large capital base and resources than we do and offer broader range of products.

We believe that the principal factors affecting competition in our business include relative quality, client relationships, reputation, the abilities of employees, market focus, timely delivery and price of the services and products. We believe that our cost effective and integrated offerings, our focus on customer satisfaction and our reliability combined with our quality consciousness provides us with competitive advantage in our business.

Our major Competitors:

- Luminous,
- V guard
- Exide
- Insolation Energy Limited,
- Servotech Power Systems Limited,
- Waaree Energies Ltd. Etc.

INSURANCE

Our Company has insurance coverage which we consider reasonably sufficient to cover all normal risks associated with our operations and which we believe is in accordance with the industry standards.

Our Company has taken following insurance policies against any damage or loss:

KEY REGULATIONS AND POLICIES

The business of our Company requires, at various stages, the sanction of the concerned authorities under the relevant Central, State legislation and local laws. The following description is an overview of certain laws and regulations in India, which are relevant to our Company. Certain information detailed in this chapter has been obtained from publications available in the public domain. The regulations set out below are not exhaustive and are only intended to provide general information to Applicants and is neither designed nor intended to be a substitute for professional legal advice.

The statements below are based on current provisions of Indian law, and the judicial and administrative interpretations thereof, which are subject to change or modification by subsequent legislative, regulatory, administrative or judicial decisions.

RELATED TO OUR BUSINESS

ELECTRICITY ACT, 2003 (“ELECTRICITY ACT”)

The Electricity Act is the central legislation which covers, among others, generation, transmission, distribution, trading and use of electricity. Under the Electricity Act, the transmission, distribution and trade of electricity are regulated activities that require licenses from the Central Electricity Regulatory Commission (“CERC”), the State Electricity Regulatory Commissions (“SERCs”) or a joint commission (constituted by an agreement entered into by two or more state governments or the central government in relation to one or more state governments, as the case may be). Under the Electricity Act, the appropriate commission, guided by, inter alia, the methodologies specified by the CERC, with the aim of promotion of co-generation and generation of electricity from renewable sources of energy shall specify the terms and conditions for the determination of tariff.

The Electricity Act currently requires the GoI to, from time to time, prepare the national electricity policy and tariff policy, in consultation with the state governments and Central Electricity Authority. The Draft Electricity (Amendment) Act, 2018 (“Draft EAA”) is sought to be enacted to amend certain provisions of the Electricity Act. Among others, the amendment empowers the GoI to establish and review a national renewable energy policy, tariff policy and electricity policy. Further, the GoI may in consultation with the state governments, notify policies and adopt measures for promotion of the national renewable energy fund, development of the renewable energy industry and for effective implementation and enforcement of related measures. The Draft EAA also seeks to inter alia exempt persons intending to generate and supply electricity from renewable energy resources from the requirement of obtaining a license for the generation and supply of electricity, subject to compliance with certain requirements specified under the Electricity Act.

DRAFT NATIONAL RENEWABLE ENERGY ACT, 2015 (“DRAFT NRE ACT”)

MNRE released the draft National Renewable Energy Act, 2015 on July 17, 2015. The draft Act provides for a framework to facilitate and promote the use of renewable energy. It aims to address issues that are not adequately covered under the Electricity Act, 2003, as amended (“Electricity Act”) or its amendments with respect to renewable energy such as the principles of grid planning and operation and the concept of national targets and its compliance by utilities.

It proposes provisions for facilitating generation of renewable energy through sound institutional structure, supportive eco-system, viable economic and financial framework and promotion of renewable energy applications including distributed and grid connected renewable electricity. Among other things, the Act proposes to empower the GoI and State Governments to establish national renewable energy funds and state green funds respectively, in order to meet the expenses of implementing the national renewable energy policy and national renewable energy plan.

NATIONAL ELECTRICITY POLICY, 2005

The GoI approved the National Electricity Policy on February 12, 2005, in accordance with the provisions of the Electricity Act. The National Electricity Policy lays down the guidelines for development of the power sector including renewable energy and aims to accelerate the development of power sector by providing supply of electricity to all areas and protecting interests of consumers and other stakeholders. The National Electricity Policy provides that the SERCs should specify appropriate tariffs in order to promote renewable energy, until renewable energy power producers relying on non-conventional technologies can compete with conventional sources of energy.

The SERCs are required to ensure progressive increase in the share of generation of electricity from non-conventional sources and provide suitable measures for connectivity with grid and sale of electricity to any person. Further, the SERCs are required to specify, for the purchase of electricity from renewable energy sources, a percentage of the total consumption of electricity in the area of a distribution licensee. Furthermore, the National Electricity Policy provides that such purchase of electricity by distribution companies should be through a competitive bidding process. The National Electricity Policy permits the SERCs to determine appropriate differential prices for the purchase of electricity from renewable energy power producers, in order to promote renewable sources of energy.

NATIONAL TARIFF POLICY

The GoI notified the revised National Tariff Policy effective from January 28, 2016. Among others, the National Tariff Policy seeks to ensure availability of electricity to consumers at reasonable and competitive rates, financial viability of the sector and attract investments and promote generation of electricity from renewable sources. The National Tariff Policy mandates that SERCs must reserve a minimum percentage for purchase of solar energy equivalent to 8% of total consumption of energy by March 2022.

JAWAHARLAL NEHRU NATIONAL SOLAR MISSION (“JNNSM”)

The Jawaharlal Nehru National Solar Mission (JNNSM), or the National Solar Mission, is an initiative of the Government of India and State Governments to promote solar power in India. The JNNSM was approved by the GoI on November 19, 2009 and launched on January 11, 2010. The JNNSM has set a target of 100 GW of solar power in India by 2022 and seeks to implement and achieve the target in three phases (Phase I from 2012 to 2013, Phase II from 2013 to 2017 and Phase III from 2017 to 2022). The target will principally comprise of 40 GW rooftop solar power projects and 60 GW large and medium scale grid connected solar power projects. The JNNSM aims at creating conditions for rapid scale up of capacity and technological innovation to drive down costs towards grid parity. In addition, the GoI on March 22, 2017 sanctioned the implementation of a scheme to enhance the capacity of solar parks from 20,000 MW to 40,000 MW for setting up at least 50 solar parks each with a capacity of 500 MW and above by 2019 or 2020.

PRADHAN MANTRI KISAN URJA SURAKSHA EVAM UTTHAAN MAHABHIYAN SCHEME 2019

This Scheme aimed at ensuring energy security for farmers in India, along with honouring India’s commitment to increase the share of installed capacity of electric power from non-fossil-fuel sources to 40% by 2030 as part of Intended Nationally Determined Contributions (INDCs).

The PM-KUSUM Scheme was launched in 2019 with 3 components:

Component-A: For Setting up of 10,000 MW of Decentralized Grid Connected Renewable Energy Power Plants on barren land. Under this component, renewable energy based power plants (REPP) of capacity 500 kW to 2 MW will be setup by individual farmers/ group of farmers/ cooperatives/ panchayats/ Farmer Producer Organizations (FPO)/Water User associations (WUA) on barren/fallow land. These power plants can also be installed on cultivable land on stilts where crops can also be grown below the solar panels. The renewable energy power project will be installed within five km radius of the sub-stations in order to avoid high cost of sub-transmission lines and to reduce transmission losses. The power generated will be purchased by local

DISCOM at pre-fixed tariff.

Component-B: For Installation of 17.50 Lakh stand-alone solar agriculture pumps. Under this Component, individual farmers will be supported to install standalone solar Agriculture pumps of capacity up to 7.5 HP for replacement of existing diesel Agriculture pumps / irrigation systems in off-grid areas, where grid supply is not available. Pumps of capacity higher than 7.5 HP can also be installed, however, the financial support will be limited to 7.5 HP capacity.

Component-C: For Solarisation of 10 Lakh Grid Connected Agriculture Pumps. Under this Component, individual farmers having grid connected agriculture pump will be supported to solarise pumps. The farmer will be able to use the generated solar power to meet the irrigation needs and the excess solar power will be sold to DISCOMs at pre-fixed tariff.

LABOUR LAWS

India has extensive labour related legislations. Certain other laws and regulations that may be applicable to our Company in India include the following which is an indicative list of labour laws applicable to the business and operations of Indian companies engaged in manufacturing activities:

- Factories Act, 1948
- Contract Labour (Regulation and Abolition) Act, 1970;
- Employees' Compensation Act, 1923;
- Workmen's Compensation Act, 1923;
- Employees (Provident Fund and Miscellaneous Provisions) Act, 1952;
- Employees' State Insurance Act, 1948;
- Industrial Disputes Act, 1947;
- Industrial Employment (Standing orders) Act 1946;
- Child Labour (Prohibition and Regulation) Act, 1986
- Maternity Benefit Act, 1961;
- Minimum Wages Act, 1948;
- Payment of Bonus Act, 1965;
- Payment of Gratuity Act, 1972;
- Apprentices Act, 1961;
- Weekly Holidays Act, 1942
- Payment of Wages Act, 1936;
- Equal Remuneration Act, 1976;
- Public Liability Insurance Act, 1991;
- Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013; and
- Inter-State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979

The Micro, Small and Medium Enterprises Development Act, 2006

The Micro, Small and Medium Enterprises Development Act, 2006 as amended from time to time (**MSMED Act**) seeks to facilitate the development of micro, small and medium enterprises. The MSMED Act provides that where an enterprise is engaged in the manufacturing and production of goods pertaining to any industry specified in the first schedule to the Industries (Development and Regulation) Act, 1951, the classification of an enterprise will be as follows:

- i. where the investment in plant and machinery does not exceed twenty-five Lakh rupees shall be regarded as a micro enterprise;

- ii. where the investment in plant and machinery is more than twenty-five Lakh rupees but does not exceed five crore rupees shall be regarded as a small enterprise;
- iii. Where the investment in plant and machinery is more than five crore rupees but does not exceed ten crore rupees shall be regarded as a medium enterprise.

The MSMED Act provides for the memorandum of micro, small and medium enterprises to be submitted by the relevant enterprises to the prescribed authority. While it is compulsory for medium enterprises engaged in manufacturing to submit the memorandum, the submission of the memorandum by micro and small enterprises engaged in manufacturing is optional. The MSMED Act defines a supplier to mean a micro or small enterprise that has filed a memorandum with the concerned authorities. The MSMED Act ensures that the buyer of goods makes payment for the goods supplied to him immediately or before the date agreed upon between the buyer and supplier. The MSMED Act provides that the agreed period cannot exceed forty five days from the day of acceptance of goods. The MSMED Act also stipulates that in case the buyer fails to make payment to the supplier within the agreed period, then the buyer will be liable to pay compound interest at three times of the bank rate notified by the Reserve Bank of India from the date immediately following the date agreed upon. The MSMED Act also provides for the establishment of the Micro and Small Enterprises Facilitation Council (–Council”). The Council has jurisdiction to act as an arbitrator or conciliator in a dispute between the supplier located within its jurisdiction and a buyer located anywhere in India.

The MSMED act provides for appointment and establishment of National Board by the Central Government for MSME enterprise with its head office at Delhi. The Central Government may from time to time for the purpose of promotion and development of the MSME and to enhance the competitiveness in the sector organise such programmes, guidelines or instructions, as it may deem fit. In case of any offences under this act, no court inferior to that of Metropolitan Magistrate or Chief Metropolitan Magistrate shall try the offence under this act.

TAXATION LAWS

Income-Tax Act, 1961

The government of India imposes an income tax on taxable income of all persons including individuals, Hindu Undivided Families (HUFs), companies, firms, association of persons, body of individuals, local authority and any other artificial judicial person. Levy of tax is separate on each of the persons. The levy is governed by the Indian Income Tax Act, 1961. The Indian Income Tax Department is governed by CBDT and is part of the Department of Revenue under the Ministry of Finance, Govt. of India. Income tax is a key source of fund that the government uses to fund its activities and serve the public. The quantum of tax determined as per the statutory provisions is payable as: a) Advance Tax; b) Self-Assessment Tax; c) Tax Deducted at Source (TDS); d) Tax Collected at Source (TCS); e) Tax on Regular Assessment.

The Goods and Service Tax Act, 2017

The Goods and Services Tax (“GST”) is levied on supply of goods or services or both jointly by the Central Government and State Governments. GST provides for imposition of tax on the supply of goods or services and will be levied by the Central Government and by the state government including union territories on intra-state supply of goods or services. Further, Central Government levies GST on the inter-state supply of goods or services. The GST is enforced through various acts viz. Central Goods and Services Act, 2017 (“CGST”), relevant state’s Goods and Services Act, 2017 (“SGST”), Union Territory Goods and Services Act, 2017 (“UTGST”), Integrated Goods and Services Act, 2017 (“IGST”), Goods and Services (Compensation to States) Act, 2017 and various rules made thereunder.

INTELLECTUAL PROPERTY LAWS

Trademarks Act, 1999 (Tm Act)

A trademark is used in relation to goods so as to indicate a connection in the course of trade between the goods and a person having the right as proprietor or user to use the mark. The Trademarks Act, 1999, (Trademarks Act) governs the registration, acquisition, transfer and infringement of trademarks and remedies available to a registered proprietor or user of a trademark. Registration is valid for a period of 10 years but can be renewed in accordance with the specified procedure. As per the Trademarks (Amendment) Bill, 2009, Registrar of Trade Marks is empowered to deal with international applications originating from India as well as those received from the International Bureau and maintain a record of international registrations. It also removes the discretion of the Registrar to extend the time.

Copyrights Act, 1957

The Copyrights Act governs copyright protection in India. Under the Copyright Act, copyright may subsist in original literary, dramatic, musical or artistic works, cinematograph films, and sound recordings. Following the issuance of the International Copyright Order, 1999, subject to certain exceptions, the provisions of the Copyright Act apply to nationals of all member states of the World Trade Organization.

While copyright registration is not a prerequisite for acquiring or enforcing a copyright, registration creates a presumption favoring ownership of the copyright by the registered owner. Copyright registration may expedite infringement proceedings and reduce delay caused due to evidentiary considerations. Once registered, the copyright protection of a work lasts for 60 years.

The remedies available in the event of infringement of a copyright under the Copyright Act include civil proceedings for damages, account of profits, injunction and the delivery of the infringing copies to the copyright owner. The Copyright Act also provides for criminal remedies, including imprisonment of the accused, imposition of fines and seizure of infringing copies.

Patents Act, 1970 (Patent Act)

The purpose of the Patent Act in India is to protect inventions. Patents provide the exclusive rights for the owner of a patent to make, use, exercise, distribute and sell a patented invention. The patent registration confers on the patentee the exclusive right to use, manufacture and sell his invention for the term of the patent. An application for a patent can be made by (a) person claiming to be the true and first inventor of the invention; (b) person being the assignee of the person claiming to be the true and first invention in respect of the right to make such an application; and (c) legal representative of any deceased person who immediately before his death was entitled to make such an application. Penalty for the contravention of the provisions of the Patents Act include imposition of fines or imprisonment or both.

The Information Technology (“IT”) Act, 2000

This Act aims to provide the legal infrastructure for e-commerce in India. And the cyber laws have a major impact for e-businesses and the new economy in India. So, it is important to understand what are the various perspectives of the IT Act, 2000 and what it offers. The Information Technology Act, 2000 also aims to provide for the legal framework so that legal sanctity is accorded to all electronic records and other activities carried out by electronic means. The Act states that unless otherwise agreed, an acceptance of contract may be expressed by electronic means of communication and the same shall have legal validity and enforceability.

PROPERTY RELATED LAWS

Transfer of Property Act, 1882

The transfer of property, including immovable property, between living persons, as opposed to the transfer of property by operation of law, is governed by the Transfer of Property Act, 1882. This Act establishes the general principles relating to the transfer of property, including among other things, identifying the categories of property that are capable of being transferred, the persons competent to transfer property, the validity of restrictions and conditions imposed on the transfer and the creation of contingent and vested interest in the property. The Act recognizes, among others, the following forms in which an interest in an immovable property may be transferred:

- **Sale:** the transfer of ownership in property for a price paid or promised to be paid.
- **Mortgage:** the transfer of an interest in property for the purpose of securing the payment of a loan, existing or future debt, or performance of an engagement which gives rise to a pecuniary liability. The Act recognizes several forms of mortgages over a property.
- **Charges:** transactions including the creation of security over property for payment of money to another which are not classifiable as a mortgage. Charges can be created either by operation of law, e.g. decree of the court attaching to specified immovable property, or by an act of the parties.
- **Leases:** the transfer of a right to enjoy property for consideration paid or rendered periodically or on specified occasions.

Registration Act, 1908 (The “Registration Act”)

The Registration Act has been enacted with the objective of providing public notice of the execution of documents affecting, inter alia, the transfer of interest in immovable property. The purpose of the Registration Act is the conservation of evidence, assurances, title and publication of documents and prevention of fraud. It details the formalities for registering an instrument. Section 17 of the Registration Act identifies documents for which registration is compulsory and includes, among other things, any non-testamentary instrument which purports or operates to create, declare, assign, limit or extinguish, whether in present or in future, any right, title or interest, whether vested or contingent, in any immovable property of the value of one hundred rupees or more, and a lease of immovable property for any term exceeding one year or reserving a yearly rent. A document will not affect the property comprised in it, nor be treated as evidence of any transaction affecting such property (except as evidence of a contract in a suit for specific performance or as evidence of part performance under the TP Act or as collateral), unless it has been registered. Evidence of registration is normally available through an inspection of the relevant land records, which usually contains details of the registered property. Further, registration of a document does not guarantee title of land.

The Indian Stamp Act, 1899

Stamp duty is payable on all instruments/ documents evidencing a transfer or creation or extinguishment of any right, title or interest in immoveable property. The Indian Stamp Act, 1899 (the –Stamp Act) provides for the imposition of stamp duty at the specified rates on instruments listed in Schedule I of the Stamp Act. However, under the Constitution of India, the states are also empowered to prescribe or alter the stamp duty payable on such documents executed within the state. Instruments chargeable to duty under the Stamp Act but which have not been duly stamped, are incapable of being admitted in court as evidence of the transaction contained therein. The Stamp Act also provides for impounding of instruments by certain specified authorities and bodies and imposition of penalties, for instruments which are not sufficiently stamped or not stamped at all. Instruments which have not been properly stamped can be validated by paying a penalty of up to 10 times of the total duty payable on such instruments.

Indian Easements Act, 1882 (The “Easement Act”)

An easement is a right which the owner or occupier of land possesses for the beneficial enjoyment of that land and which permits him to do or to prevent something from being done, in or upon, other land not his own. Under the Easements Act, a license is defined as a right to use property without any interest in favour of the licensee. The period and incident may be revoked and grounds for the same may be provided in the license agreement entered in between the licensee and the licensor.

The Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 (“2013 Land Acquisition Act”)

The 2013 Land Acquisition Act has replaced the Land Acquisition Act, 1894 and aims at establishing a participative, informed and transparent process for land acquisition for industrialization, development of essential infrastructural facilities and urbanization. While aiming to cause least disturbance to land owners and other affected families, it contains provisions aimed at ensuring just and fair compensation to the affected families whose land has been acquired or is proposed to be acquired. It provides for rehabilitation and resettlement of such affected persons. Under the 2013 Land Acquisition Act, the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement (Maharashtra) Rules, 2014 have been notified which frame rules in relation to inter alia the consent process, the compensation mechanism and rehabilitation and resettlement.

The Real Estate (Regulation and Development) Act, 2016

This Act was notified by the Parliament on 25th March, 2016 and extends to the whole of India except the State of Jammu and Kashmir. It establishes the Real Estate Regulatory Authority for regulations and promotions of the real estate sector and to ensure sale of plot, apartment or building, as the case may be, or sale of real estate project, in an efficient and transparent manner and to protect the interest of consumers in the real estate sector and to establish an adjudicating mechanism for speedy dispute redressal and also to establish the Appellate Tribunal to hear appeals from the decisions, directions or orders of the Real Estate Regulatory Authority and the adjudicating officer and for matters connected therewith or incidental thereto. The salient features of the Act are as following:

- Under the Act, instead of a regular forum of consumers, the purchasers of real estate units from a developer would have a specialized forum called the "Real Estate Regulatory Authority" which will be setup within one year from the date of coming into force of the Act. In the interim, the appropriate Government (i.e., the Central or State Government) shall designate any other regulatory authority or any officer preferably the Secretary of the department dealing with Housing, as the Regulatory Authority.
- The promoter has to register their project (residential as well as commercial) with the Regulatory Authority before booking, selling or offering apartments for sale in such projects. In case a project is to be promoted in phases, then each phase shall be considered as a standalone project, and the promoter shall obtain registration for each phase.
- Under the Act, developers can sell units only on carpet area, which means the net usable floor area of an apartment. This excludes the area covered by the external walls, areas under services shafts, exclusive balcony or verandah area and exclusive open terrace area, but includes the area covered by the internal partition walls of the apartment.
- The Act mandates that a promoter shall deposit 70% of the amount realised from the allottees, from time to time, in a separate account to be maintained in a scheduled bank. This is intended to cover the cost of construction and the land cost and the amount deposited shall be used only for the concerned project.

- Stringent penal provisions have been prescribed under the Act against the promoter in case of any contravention or non-compliance of the provisions of the Act or the orders, decisions or directions of the Regulatory Authority or the Appellate Tribunal which are the following: a) If promoter does not register its project with the Regulatory Authority – the penalty may be up to 10% of the estimated cost of the project as determined by the Regulatory Authority; b) If promoter does not comply with the aforesaid order of the Regulatory Authority - imprisonment of up to three years and a further penalty of up to 10% of the estimated cost, or both; and c) In case the promoter provides any false information while making an application to the Regulatory Authority or contravenes any other provision of the Act – the penalty may be up to 5% of the estimated cost of the project or construction.

STATE LAW

Urban Development Laws

State legislations provide for the planned development of urban areas and the establishment of regional and local development authorities charged with the responsibility of planning and development of urban areas within their jurisdiction. Real estate projects have to be planned and developed in conformity with the norms established in these laws and regulations made thereunder and require sanctions from the government departments and developmental authorities at various stages. For instance, in certain states such as Haryana, for developing a residential colony, a license is required from the relevant local authority. Where projects are undertaken on lands which form part of the approved layout plans and/or fall within municipal limits of a town, generally the building plans of the projects have to be approved by the concerned municipal or developmental authority. Building plans are required to be approved for each building within the project area. Clearances with respect to other aspects of development such as fire, civil aviation and pollution control are required from appropriate authorities depending on the nature, size and height of the projects. The approvals granted by the authorities generally prescribe a time limit for completion of the projects. These time limits are renewable upon payment of a prescribed fee. The regulations provide for obtaining a completion/occupancy certificate upon completion of the project.

Agricultural Development Laws

The acquisition of land is regulated by state land reform laws which prescribe limits up to which an entity may acquire agricultural land. Any transfer of land which results in the aggregate land holdings of the acquirer in the state exceeding this ceiling is void, and the surplus land is deemed, from the date of the transfer, to have been vested in the state government free of all encumbrances. When local authorities declare certain agricultural areas as earmarked for townships, lands are acquired by different entities. After obtaining a conversion certificate from the appropriate authority with respect to a change in the use of the land from agricultural to non-agricultural for development into townships, commercial complexes etc., such ceilings are not applicable. While granting licenses for development of townships, the authorities generally levy development/ external development charges for provision of peripheral services. Such licenses require approvals of layout plans for development and building plans for construction activities. The licenses are transferable on permission of the appropriate authority. Similar to urban development laws, approvals of the layout plans and building plans, if applicable, need to be obtained.

ENVIRONMENTAL REGULATIONS

The Environment Protection Act, 1986 (“Environment Protection Act”)

The purpose of the Environment Protection Act is to act as an "umbrella" legislation designed to provide a framework for Central government co-ordination of the activities of various central and state authorities established under previous laws. The Environment Protection Act authorizes the central government to protect and improve environmental quality, control and reduce pollution from all sources, and prohibit or restrict the setting and /or operation of any industrial facility on environmental grounds. The Act prohibits persons carrying on business, operation or process from discharging or emitting any environmental pollutant in excess of such standards as may be prescribed. Where the discharge of any environmental pollutant in excess of the prescribed standards occurs or is apprehended to occur due to any accident or other unforeseen act, the person responsible for such discharge and the person in charge of the place at which such discharge occurs or is apprehended to occur is bound to prevent or mitigate the environmental pollution caused as a result of such discharge and should intimate the fact of such occurrence or apprehension of such occurrence; and (b) be bound, if called upon, to render all assistance, to such authorities or agencies as may be prescribed.

Air (Prevention and Control of Pollution) Act, 1981

Air (Prevention and Control of Pollution) Act 1981(—the Act) was enacted with an objective to protect the environment from smoke and other toxic effluents released in the atmosphere by industries. With a view to curb air pollution, the Act has declared several areas as air pollution control area and also prohibits the use of certain types of fuels and appliances. Prior written consent is required of the board constituted under the Act, if a person intends to commence an industrial plant in a pollution control area.

Water (Prevention and Control of Pollution) Act, 1974

The Water (Prevention and Control of Pollution) Act 1974 (—the Act) was enacted with an objective to protect the rivers and streams from being polluted by domestic and industrial effluents. The Act prohibits the discharge of toxic and poisonous matter in the river and streams without treating the pollutants as per the standard laid down by the Pollution control boards constituted under the Act. A person intending to commence any new industry, operation or process likely to discharge pollutants must obtain prior consent of the board constituted under the Act.

National Environmental Policy, 2006

The Policy seeks to extend the coverage, and fill in gaps that still exist, in light of present knowledge and accumulated experience. This policy was prepared through an intensive process of consultation within the Government and inputs from experts. It does not displace, but builds on the earlier policies. It is a statement of India's commitment to making a positive contribution to international efforts. This is a response to our national commitment to a clean environment, mandated in the Constitution in Articles 48 A and 51 A (g), strengthened by judicial interpretation of Article 21. The dominant theme of this policy is that while conservation of environmental resources is necessary to secure livelihoods and well-being of all, the most secure basis for conservation is to ensure that people dependent on particular resources obtain better livelihoods from the fact of conservation, than from degradation of the resource. Following are the objectives of National Environmental Policy:

- Conservation of Critical Environmental Resources
- Intra-generational Equity: Livelihood Security for the Poor
- Inter-generational Equity
- Integration of Environmental Concerns in Economic and Social Development
- Efficiency in Environmental Resource Use
- Environmental Governance
- Enhancement of resources for Environmental Conservation

IN GENERAL

Companies Act, 2013

The Companies Act, 2013 deals with incorporation and post incorporation. The conversion of private company into public company and vice versa is also laid down under the Companies Act, 2013. The provisions of this act shall also apply to banking companies, companies engaged in generation or supply of electricity and any other company governed by any special act for the time being in force. A company can be formed by seven or more persons in case of public company and by two or more persons in case of private company. A company can even be formed by one person i.e. One Person Company. The provisions relating to formation and allied procedures are mentioned in the act.

Foreign Exchange Management Act, 1999

The Foreign investment in India is governed primarily by the provisions of the FEMA which relates to regulation primarily by the RBI and the rules, regulations and notifications there under, and the policy prescribed by the Department of Industrial Policy and Promotion, Ministry of Commerce & Industry, Government of India. As laid down by the FEMA Regulations no prior consents and approvals are required from the Reserve Bank of India, for Foreign Direct Investment under the ‘automatic route’ within the specified sectoral caps. In respect of all industries not specified as FDI under the automatic route, and in respect of investment in excess of the specified sectoral limits under the automatic route, approval may be required from the FIPB and/or the RBI. The RBI, in exercise of its power under the FEMA, has notified the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2000 (-FEMA Regulations) to prohibit, restrict or regulate, transfer by or issue security to a person resident outside India and Foreign Exchange Management (Export of Goods and Services) Regulations, 2000 for regulation on exports of goods and services.

The Competition Act, 2002

The Competition Act, 2002 (the -Competition Act) prohibits anti competitive agreements, abuse of dominant positions by enterprises and regulates -combinations in India. The Competition Act also established the Competition Commission of India (the -CCI) as the authority mandated to implement the Competition Act. The provisions of the Competition Act relating to combinations were notified recently on March 4, 2011 and came into effect on June 1, 2011. Combinations which are likely to cause an appreciable adverse effect on competition in a relevant market in India are void under the Competition Act. A combination is defined under Section 5 of the Competition Act as an acquisition, merger or amalgamation of enterprise(s) that meets certain asset or turnover thresholds.

There are also different thresholds for those categorized as Individuals and Group. The CCI may enquire into all combinations, even if taking place outside India, or between parties outside India, if such combination is Likely to have an appreciable adverse effect on competition in India. Effective June 1, 2011, all combinations have to be notified to the CCI within 30 days of the execution of any agreement or other document for any acquisition of assets, shares, voting rights or control of an enterprise under Section 5(a) and (b) of the Competition Act (including any binding document conveying an agreement or decision to acquire control, shares, voting rights or assets of an enterprise); or the board of directors of a company (or an equivalent authority in case of other entities) approving a proposal for a merger or amalgamation under Section 5(c) of the Competition Act. The obligation to notify a combination to the CCI falls upon the acquirer in case of an acquisition, and on all parties to the combination jointly in case of a merger or amalgamation.

Consumer Protection Act, 1986 (COPRA)

The Consumer Protection Act, 1986 (-COPRA) aims at providing better protection to the interests of consumers and for that purpose makes provisions for the establishment of authorities for the settlement of consumer disputes. The COPRA provides a mechanism for the consumer to file a complaint against a trader or service provider in cases of unfair trade practices, restrictive trade practices, defects in goods, deficiency in services, price charged being unlawful and goods being hazardous to life and safety when used. The COPRA provides for a three tier consumer grievance redressal mechanism at the national, state and district levels. Non compliance of the orders of these authorities attracts criminal penalties.

The Indian Contract Act, 1872 (“Contract Act”)

The Contract Act 1872 codifies the way in which a contract may be entered into, executed, implementation of the provisions of a contract and effects of breach of a contract. A person is free to contract on any terms he chooses. The Contract Act consists of limiting factors subject to which contract may be entered into, executed and the breach enforced. It provides a framework of rules and regulations that govern formation and performance of contract. The contracting parties themselves decide the rights and duties of parties and terms of agreement.

Taxes on Professions, Trades, Callings and Employments

Every person engaged in any profession, trade, callings and employment is liable to pay tax at the rate prescribed by the respective state government. It is considered necessary to levy tax on profession, trade callings and employment in order to augment state revenues. Every state is empowered by the Constitution of India to make laws relating to levy of taxes on professions, trades, callings and employments that shall serve as the governing provisions in that state.

Note:-

1. The above Cash Flow Statement has been prepared under the "Indirect Method" as set out in Accounting Standard -3 'Cash Flow Statement'. Previous year's figures have been regrouped / rearranged / recasted wherever necessary to make them comparable with those of current year.

2. The above statement should be read with Significant accounting policy and notes to Restated financial statements appearing in Annexure IV & V respectively.

A. Background of the Company:

SunGarner Energies Limited having its registered office at 1/5322, S/F, Plot No. 19A, Gali No.-13, Balbir Nagar Extn., New Delhi - 110032 and corporate office at Plot No. 113 Udyog Kendra-II, Greater Noida, Gautam Budh Nagar, Uttar Pradesh - 201306, was incorporated on 30th April 2015, under Companies Act, 2013.

The corporate identification number of the company is U34100DL2015PTC27962. The Company is engaged in Manufacturing, Design, Engineering of Power Equipments and Appliances such as Online UPS, Solar Inverters, EV Chargers, Storage Solutions (Lead Acid and Lithium ion), Solar Equipment and Installation and Commissioning of Solar Power Plants. The Company presently provides these products and these services to corporate houses / Channel Partners all over India and Abroad.

B. Statement of Significant Accounting Policies

1.1 Basis of Preparation of Financial Statements:

The Restated Summary Statement of the Assets and Liabilities of the Company as at 30th November 2022, 31st March 2022, 31st March 2021 and 31st March 2020, the Restated Summary Statement of Profit and Loss and the Restated Summary Statement of Cash Flow thereof (collectively referred to as 'Restated Summary Statements') have been compiled by the management of the Company and have been prepared specifically for the purpose of inclusion in the offer document to be filed by the Company with the Securities and Exchange Board of India ('SEBI') in connection with the proposed Initial Public Offering (hereinafter referred to as 'IPO').

These financial statements have been prepared to comply with the Generally Accepted Accounting Principles in India (Indian GAAP), including the Accounting Standards notified under Section 133 of the Companies Act, 2013 read with rule 7 of the companies (Accounts) rules 2015. The financial statements are prepared on accrual basis under the historical cost convention. The financial statements are presented in Indian rupees.

1.2 Use of Estimates:

The presentation of the financial statements, in conformity with Indian GAAP, requires the Management to make estimates and assumptions that affect the reported amounts of assets and liabilities, revenues and expenses and disclosure of contingent liabilities. Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable, future results could differ, the differences between the actual results and the estimates are recognised in the period in which the results are known / materialise.

1.3 Property, plant and equipment (PPE)

Tangible assets are carried at cost less accumulated depreciation and accumulated impairment losses, if any. Cost comprises of the purchase price including import duties and non-refundable taxes, and directly attributable expenses incurred to bring the asset to the location and condition necessary for it to be capable of being operated in the manner intended by management. Capital expenditure incurred on rented properties is classified as 'Leasehold improvements' under property, plant and equipment.

Subsequent costs related to an item of Property, Plant and Equipment are recognised in the carrying amount of the item if the recognition criteria are met. Items of Property, Plant and Equipment that have been retired from active use and are held for disposal are stated at the lower of their net carrying amount and net realisable

value and are shown separately in the financial statements under the head ‘Other current assets’. Any write-down in this regard is recognised immediately in the Statement of Profit and Loss. An item of Property, Plant and Equipment is derecognised on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising on derecognition is recognised in the Statement of Profit and Loss.

Depreciation on tangible asset is recognised on a straight line basis based on a useful life of the assets prescribed in Schedule II to the Act. If the management’s estimates of the useful life of an asset at the time of acquisition of assets or of the remaining useful life on a subsequent review is shorter than that envisaged in the aforesaid schedule, depreciation is provided at a higher rate owing to their risk of higher obsolescence / wear & tear. The useful life of the assets has been reassessed based on the number of years for which the assets have already been put to use and the estimated minimum balance period for which the assets can be used in the Company. The estimated life of property, plant and equipment has been determined as follows:

Estimated useful life has been tabulated below:

Nature of Assets	Useful Life (In years)
Building	30
Building (Temporary Structure)	3
Computer Hardware	3
Electric Installations	10
Office Equipment	5
Furniture & Fixture	10
Plant And Machinery	15

1.4 Intangible assets

Intangible assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortised on a straight line basis over their estimated useful lives. A rebuttable presumption that the useful life of an intangible asset will not exceed fifteen years from the date when the asset is available for use is considered by the management. The amortisation period and the amortisation method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortisation period is changed accordingly.

Gains or losses arising from the retirement or disposal of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of the asset and recognized as income or expense in the Statement of Profit and Loss. The estimated useful lives of intangible assets are as follows:

Nature of Assets	Useful Life (In years)
Software	3

1.5 Impairment

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognized in the Statement of Profit and Loss account. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount

is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

1.6 Investment

Investments are classified between long term and current categories as per the Accounting Standards issued by Institute of Chartered Accountants of India.

Long term investments are stated at cost. Provision for diminution in the value of investments, if any, is made if the decline in value is of permanent nature. Current investments are valued at lower of cost or market value.

As a conservative and prudent policy, the Company does not provide for increase in the book value of individual investment held by it on the date of Balance Sheet.

1.7 Inventories

The figure of closing stock is taken on the basis of physical count of stock by the management at the end of the year.

Inventories are valued at lower of historical cost and net realizable value.

Cost of inventories have been computed to include all costs of purchases, cost of conversion, all non-refundable duties & taxes and other costs incurred in bringing the inventories to their present location and condition.

Stock-in-trade are based on weighted average cost basis.

Obsolete, slow moving and defective inventories are valued at net realizable value i.e. scrap rate.

Goods in transit are stated at actual cost incurred up to the date of Balance Sheet.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated cost of completion and estimated cost necessary to make the sale. Necessary adjustment for shortage / excess stock is given based on the available evidence and past experience of the Company.

1.8 Revenue Recognition

- Revenue from sale of product

Revenue is recognized in respect of sales on dispatch of product to the customers. Quality rebates, claims and other discounts, if any, are disclosed separately.

- Other revenue

Interest on bank deposits is recognized on the time proportion basis taking into account the amounts invested and the rate of interest as applicable.

1.9 Employee Benefits

Gratuity is a post-employment benefit and is in the nature of a defined benefit plan. The liability recognised in the balance sheet in respect of gratuity is the present value of the defined benefit obligation at the balance sheet date. The defined benefit obligation is calculated at the balance sheet date by an independent actuary using the projected unit credit method. Actuarial gains and losses arising from past experience and changes in actuarial assumptions are charged to the Statement of Profit and Loss in the year in which such gains or losses are determined.

Employee benefits in the form of Provident Fund and Employee State Insurance Scheme are defined contribution plans and the contributions are charged to the Statement of Profit and Loss of the year when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the respective funds

Short-term employee benefits: All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits and are recognised in the Statement of Profit and Loss in the period in which the employee renders the related service.

Liability in respect of compensated absences becoming due or expected to be availed within one year from the date is recognised on the basis undiscounted value of estimated amount required to be paid or estimated value of benefit expected to be availed by the employees. Liability in respect of compensated absences becoming due or expected to be availed more than one year after the balance sheet date is estimated on the basis of an actuarial valuation performed by an independent actuary using the projected unit credit method.

1.10 Foreign currency transactions

Initial recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Conversion

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction; and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

Exchange differences

Exchange differences arising on the settlement of monetary items or on restatement of the Company's monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognised as income or as expenses in the year in which they arise other than of the capitalisation of exchange differences which is referred to in PPE above.

1.11 Taxation

The tax expense comprises of current tax and deferred tax. Current tax is the amount of income tax determined to be payable in respect of taxable income for a period as per the provisions of Income Tax Act, 1961. Deferred tax is the effect of timing differences between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are reviewed at each balance sheet date and recognised/derecognised only to the extent that there is reasonable/virtual certainty, depending on the nature of the timing differences, that sufficient future taxable income will be available against which such deferred tax assets can be realised.

Minimum Alternate Tax ('MAT') credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which MAT credit becomes eligible to be recognised as an asset in accordance with the recommendations contained in Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of a credit to the Statement of Profit and Loss and shown as MAT credit entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent it is not reasonably certain that the Company will pay normal income tax during the specified period.

1.12 Contingent liabilities and provisions

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably.

A disclosure is made for a contingent liability when there is a:

- a) possible obligation, the existence of which will be confirmed by the occurrence/non-occurrence of one or more uncertain events, not fully within the control of the Company;
- b) present obligation, where it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation;
- c) present obligation, where a reliable estimate cannot be made.

A provision is recognised when the Company has a present obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not disclosed to their present value and are determined based on best estimates required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and are adjusted to reflect the current best estimates.

1.13 Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

1.14 Cash, Cash Equivalents and Bank Balances

Cash, Cash Equivalents and Bank Balances for the purpose of Cash Flow Statement comprise Cash at Bank, Cash in Hand, Cheques / Drafts in Hand, Deposits with Bank within 12 months maturity and other permissible instruments as per Accounting Standard AS-3.

1.15 Borrowing Cost:

Borrowing Cost attributable to the acquisition or construction of a qualifying asset is capitalized as part of the cost of the asset. Other borrowing costs are recognized as an expense in the period in which they are incurred.

1.16 Segment Information:

Based on the principles for determination of segments given in Accounting Standard 17 "Segment Reporting" issued by accounting standard notified by Companies (Accounting Standard) Rules, 2008, the Company is mainly engaged in the activity surrounded with main business of the Company hence there is no reportable

segment.

1.17 Prior Period Expenditure:

The change in estimate due to error or omission in earlier period is treated as prior period items. The items in respect of which liability has arisen/crystallized in the current year, though pertaining to earlier year is not treated as prior period expenditure.

1.18 Extra Ordinary Items:

The income or expenses that arise from event or transactions which are clearly distinct from the ordinary activities of the Company and are not recurring in nature are treated as extra ordinary items. The extra ordinary items are disclosed in the statement of profit and loss as a part of net profit or loss for the period in a manner so as the impact of the same on current profit can be perceived.

1.19 Impact of Covid19:

On the basis of assessment of the impact of the outbreak of COVID-19 on business operations of the entity, the entity's management may conclude that no adjustment are required in the financial statement as it does not impact the current financial year. However, the situation with COVID-19 is still evolving. Also, some of the various preventive measures taken are still in force, leading to highly uncertain economic environment. Due to these circumstances, the management's assessment of the impact on the subsequent period is dependent upon the circumstances as they evolve.

MINIMUM NUMBER OF ALLOTTEES

Further in accordance with the Regulation 268(1) of SEBI (ICDR) Regulations, the minimum number of allottees in this Issue shall be 50 shareholders. In case the minimum number of prospective allottees is less than 50, no allotment will be made pursuant to this Issue and all the monies blocked by SCSBs shall be unblocked within four (4) working days of closure of Issue.

JOINT HOLDERS

Where 2 (two) or more persons are registered as the holders of any Equity Shares, they will be deemed to hold such Equity Shares as joint-holders with benefits of survivorship.

JURISDICTION

Exclusive Jurisdiction for the purpose of this Issue is with the competent courts/authorities in India.

The Equity Share have not been and will not be registered under the U.S. Securities Act or any state securities laws in the United States and may not be issued or sold within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws. Accordingly, the Equity Shares are being issued and sold only outside the United States in off-shore transactions in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those issues and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be issued or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

NOMINATION FACILITY TO THE INVESTOR

In accordance with Section 72 of the Companies Act, 2013, read with Companies (Share Capital and Debentures) Rules, 2014, the sole Applicant, or the first Applicant along with other joint Applicants, may nominate any one person in whom, in the event of the death of sole Applicant or in case of joint Applicants, death of all the Applicants, as the case may be, the Equity Shares Allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed

manner, any person to become entitled to equity share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale/transfer/alienation of Equity Share(s) by the person nominating. A buyer will be titled to make afresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered Office or Corporate Office or to the registrar and transfer agents of our Company.

Any person who becomes a nominee by virtue of the provisions of Section 72 of the Companies Act shall upon production of such evidence, as may be required by the Board, elect either:

1. to register himself or herself as the holder of the equity shares; or
2. to make such transfer of the equity shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the equity shares, and if the notice is not complied with within a period of ninety (90) days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the equity shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Issue will be made only in dematerialized form, there is no need to make a separate nomination with our Company. Nominations registered with respective depository participant of the applicant would prevail. If the Applicants require changing of their nomination, they are requested to inform their respective depository participant.

Phased implementation of Unified Payments Interface

SEBI has issued UPI Circulars in relation to streamlining the process of public issue of equity shares and convertibles. Pursuant to the UPI Circulars, UPI will be introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under the ASBA) for applications by RIIs through intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to up to three Working Days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI Mechanism, the UPI Circulars proposes to introduce and implement the UPI Mechanism in three phases in the following manner:

- a. Phase I: This phase was applicable from January 01, 2019 and lasted till June 30, 2019. Under this phase, a Retail Individual applicant, besides the modes of Bidding available prior to the UPI Circulars, also had the option to submit the Bid cum Application Form with any of the intermediary and use his / her UPI ID for the purpose of blocking of funds. The time duration from public issue closure to listing continued to be six Working Days.
- b. Phase II: This phase commenced on completion of Phase I i.e. with effect from July 1, 2019 and was to be continued for a period of three months or launch of five main board public issues, whichever is later. Further, as per the SEBI circular SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019, the UPI Phase II has been extended until March 31, 2020. Further still, as per SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020, the current Phase II of Unified Payments Interface with Application Supported by Blocked Amount be continued till further notice. Under this phase, submission of the Application Form by a Retail Individual Applicant through intermediaries to SCSBs for blocking of funds will be discontinued and will be replaced by the UPI Mechanism. However, the time duration from public issue closure to listing would continue to be six Working Days during this phase.
- c. Phase III: The commencement period of Phase III is yet to be notified. In this phase, the time duration from public issue closure to listing would be reduced to be three Working Days. Accordingly, upon commencement of Phase III, the reduced time duration shall be applicable for the Issue.

All SCSBs offering the facility of making applications in public issues are required to provide a facility to make applications using the UPI Mechanism. Further, in accordance with the UPI Circulars, our Company has appointed ICICI Bank Limited as the Sponsor Bank to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and / or payment instructions of the Retail Individual Investors into the UPI mechanism.

SEBI through its circular (SEBI/HO/CFD/DIL2/CIR/P/2022/45) dated April 5, 2022, has prescribed that all individual investors applying in initial public offerings opening on or after May 1, 2022, where the application amount is up to ₹ 500,000, shall use UPI. Individual investors bidding under the Non-Institutional Portion bidding for more than ₹ 200,000 and up to ₹ 500,000, using the UPI Mechanism, shall provide their UPI ID in the Bid-cum-Application Form for Bidding through Syndicate, sub-syndicate members, Registered Brokers, RTAs or CDPs, or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers.

A Retail Individual Investor making applications using the UPI Mechanism shall use only his / her own bank account or only his / her own bank account linked UPI ID to make an application in the Offer. The SCSBs, upon receipt of the Application Form will upload the Bid details along with the UPI ID in the bidding platform of the Stock Exchange. Applications made by the Retail Individual Investors using third party bank accounts or using UPI IDs linked to the bank accounts of any third parties are liable for rejection. The Bankers to the Issue shall provide the investors' UPI linked bank account details to the RTA for the purpose of reconciliation. Post uploading of the Bid details on the bidding platform, the Stock Exchanges will validate the PAN and demat account details of Retail Individual Investors with the Depositories.

Application Form used by ASBA applicants. Upon completing and submitting the Application Form for Applicants to the SCSB, the Applicant is deemed to have authorized our Company to make the necessary changes in the Draft Prospectus and the ASBA as would be required for filing the Draft Prospectus with the RoC and as would be required by RoC after such filing, without prior or subsequent notice of such changes to the Applicant. Application forms submitted to the SCSBs should bear the stamp of respective intermediaries to whom the application form submitted. Application form submitted directly to the SCSBs should bear the stamp of the SCSBs and/or the Designated Branch. Application forms submitted by Applicants whose beneficiary account is inactive shall be rejected.

The aforesaid intermediaries shall, at the time of receipt of application, give an acknowledgement to investor, by giving the counter foil or specifying the application number to the investor, as a proof of having accepted the application form, in physical or electronic mode, respectively.

BASIS OF ALLOTMENT

Allotment will be made in consultation with the NSE. In the event of oversubscription, the allotment will be made on a proportionate basis in marketable lots as set forth here:

1. The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e. the total number of Shares applied for in that category multiplied by the inverse of the over subscription ratio (number of applicants in the category X number of Shares applied for).
2. The number of Shares to be allocated to the successful applicants will be arrived at on a proportionate basis in marketable lots (i.e. Total number of Shares applied for into the inverse of the over subscription ratio).
- a) For applications where the proportionate allotment works out to less than 2,000 equity shares the allotment will be made as follows:
 1. Each successful applicant shall be allotted 2,000 equity shares; and
 2. The successful applicants out of the total applicants for that category shall be determined by the drawl of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (2) above.
- b) If the proportionate allotment to an applicant works out to a number that is not a multiple of 2,000 equity shares, the applicant would be allotted Shares by rounding off to the nearest multiple of 2,000 equity shares subject to a minimum allotment of 2,000 equity shares.
- c) If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the applicants in that category, the balance available Shares for allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful applicants in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising of applicants applying for the minimum number of Shares. If as a result of the process of rounding off to the nearest multiple of 2,000 equity shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the offer specified under the Capital Structure mentioned in this Draft Prospectus.
- d) The above proportionate allotment of shares in an Issue that is oversubscribed shall be subject to the reservation for small individual applicants as described below:
 1. As the retail individual investor category is entitled to more than fifty percent on proportionate basis, the retail individual investors shall be allocated that higher percentage.
 2. The balance net offer of shares to the public shall be made available for allotment to
 - a) Individual applicants other than retails individual investors and
 - b) Other investors, including Corporate Bodies/ Institutions irrespective of number of shares applied for.
 3. The unsubscribed portion of the net offer to any one of the categories specified in a) or b) shall/may be made available for allocation to applicants in the other category, if so required.

Retail Individual Investor⁴ means an investor who applies for shares of value of not more than Rs. 2,00,000/. Investors may note that in case of over subscription allotment shall be on proportionate basis and will be finalized in consultation with NSE.

The Executive Director / Managing Director of NSE – the Designated Stock Exchange in addition to Lead Manager and Registrar to the Public Issue shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI (ICDR) Regulations.

TERMS OF PAYMENT

The entire Issue price of Rs. 70/- per share is payable on application. In case of allotment of lesser number of Equity Shares than the number applied, the Registrar shall instruct the SCSBs or Sponsor Bank to unblock the excess amount paid on Application to the Applicants.

SCSBs or Sponsor Bank will transfer the amount as per the instruction of the Registrar to the Public Issue Account, the balance amount after transfer will be unblocked by the SCSBs or Sponsor Bank.

The applicants should note that the arrangement with Banker to the Issue or the Registrar or Sponsor Bank is not prescribed by SEBI and has been established as an arrangement between our Company, Banker to the Issue and the Registrar to the Issue to facilitate collections from the Applicants.

OTHER INSTRUCTIONS

Joint Applications in the case of Individuals

Applications may be made in single or joint names (not more than three). In the case of joint Applications, all payments will be made out in favour of the Applicant whose name appears first in the Application Form or

Revision Form. All communications will be addressed to the First Applicant and will be dispatched to his or her address as per the Demographic Details received from the Depository.

Multiple Applications

An Applicant should submit only one Application (and not more than one) for the total number of Equity Shares required. Two or more Applications will be deemed to be multiple Applications if the sole or First Applicant is one and the same.

In this regard, the procedures which would be followed by the Registrar to the Issue to detect multiple applications are given below:

- (i) All applications are electronically strung on first name, address (1st line) and applicant's status. Further, these applications are electronically matched for common first name and address and if matched, these are checked manually for age, signature and father/ husband's name to determine if they are multiple applications.
- (ii) Applications which do not qualify as multiple applications as per above procedure are further checked for common DP ID/ beneficiary ID. In case of applications with common DP ID/ beneficiary ID, are manually checked to eliminate possibility of data entry error to determine if they are multiple applications.
- (iii) Applications which do not qualify as multiple applications as per above procedure are further checked for common PAN. All such matched applications with common PAN are manually checked to eliminate possibility of data capture error to determine if they are multiple applications.

In case of a mutual fund, a separate Application can be made in respect of each scheme of the mutual fund registered with SEBI and such Applications in respect of more than one scheme of the mutual fund will not be treated as multiple Applications provided that the Applications clearly indicate the scheme concerned for which the Application has been made.

In cases where there are more than 20 valid applications having a common address, such shares will be kept in abeyance, post allotment and released on confirmation of know your client' norms by the depositories. The Company reserves the right to reject, in our absolute discretion, all or any multiple Applications in any or all categories.

After submitting an ASBA Application either in physical or electronic mode, an ASBA Applicant cannot apply (either in physical or electronic mode) to either the same or another Designated Branch of the SCSB. Submission of a second Application in such manner will be deemed a multiple Application and would be rejected. More than one ASBA Applicant may apply for Equity Shares using the same ASBA Account, provided that the SCSBs will not accept a total of more than five Application Forms with respect to any single ASBA Account.

Duplicate copies of Application Forms downloaded and printed from the website of the Stock Exchange bearing the same application number shall be treated as multiple applications and are liable to be rejected. The Company, in consultation with the Lead Manager reserves the right to reject, in its absolute discretion, all or any multiple applications in any or all categories. In this regard, the procedure which would be followed by the Registrar to the Issue to detect multiple applications is given below:

1. All Applications will be checked for common PAN. For Applicants other than Mutual Funds and FII subaccounts, Applications bearing the same PAN will be treated as multiple Applications and will be rejected.

2. For Applications from Mutual Funds and FII sub-accounts, submitted under the same PAN, as well as Applications on behalf of the Applicants for whom submission of PAN is not mandatory such as the Central or State Government, an official liquidator or receiver appointed by a court and residents of Sikkim, the Application Forms will be checked for common DP ID and Client ID.

PERMANENT ACCOUNT NUMBER OR PAN

Pursuant to the circular MRD/DoP/Circ 05/2007 dated April 27, 2007, SEBI has mandated Permanent Account Number (PAN) to be the sole identification number for all participants transacting in the securities market, irrespective of the amount of the transaction w.e.f. July 02, 2007. Each of the Applicants should mention his/her PAN allotted under the IT Act. **Applications without this information will be considered incomplete and are liable to be rejected.** It is to be specifically noted that Applicants should not submit the GIR number instead of the PAN, as the Application is liable to be rejected on this ground.

RIGHT TO REJECT APPLICATIONS

In case of QIB Applicants, the Company in consultation with the LM may reject Applications provided that the reasons for rejecting the same shall be provided to such Applicant in writing. In case of Non-Institutional Applicants, Retail Individual Applicants who applied, the Company has a right to reject Applications based on technical grounds.

GROUND FOR REJECTIONS

a) In case of ASBA Applicants: Within 6 (six) Working Days of the Issue Closing Date, the Registrar to the Issue may give instructions to SCSBs for unblocking the amount in ASBA Account on unsuccessful Application, for any excess amount blocked on Application, for any ASBA application withdrawn, rejected or unsuccessful or in the event of withdrawal or failure of the Offer

b) In the case of Applications from Eligible NRIs and FPIs, refunds, if any, may generally be payable in Indian Rupees only and net of bank charges and/ or commission. If so desired, such payments in Indian Rupees may be converted into U.S. Dollars or any other freely convertible currency as may be permitted by the RBI at the rate of exchange prevailing at the time of remittance and may be dispatched by registered post. The Company may not be responsible for loss, if any, incurred by the applicant on account of conversion of foreign currency.

c) In case of Other Investors: Within six Working Days of the Issue Closing Date, the Registrar to the Issue may dispatch the refund orders for all amounts payable to unsuccessful Investors. In case of Investors, the Registrar to the Offer may obtain from the depositories, the Applicants' bank account details, including the MICR code, on the basis of the DP ID, Client ID and PAN provided by the Investors in their Investor Application Forms for refunds. Accordingly, Investors are advised to immediately update their details as appearing on the records of their depositories. Failure to do so may result in delays in dispatch of refund orders or refunds through electronic transfer of funds, as applicable, and any such delay may be at the Investors' sole risk and neither the Issuer, the Registrar to the Issue, the Escrow Collection Banks, may be liable to compensate the Investors for any losses caused to them due to any such delay, or liable to pay any interest for such delay.

MODE OF MAKING REFUNDS FOR APPLICANTS OTHER THAN ASBA APPLICANTS

The payment of refund, if any, may be done through various modes as mentioned below:

(i) NECS - Payment of refund may be done through NECS for Applicants having an account at any of the centers specified by the RBI. This mode of payment of refunds may be subject to availability of complete bank account details including the nine-digit MICR code of the applicant as obtained from the Depository

(ii) NEFT - Payment of refund may be undertaken through NEFT wherever the branch of the Applicants' bank is NEFT enabled and has been assigned the Indian Financial System Code ("IFSC"), which can be linked to the MICR of that particular branch. The IFSC Code may be obtained from the website of RBI as at a date prior to the date of payment of refund, duly mapped with MICR numbers. Wherever the Applicants have registered their nine-digit MICR number and their bank account number while opening and operating the demat account, the same may be duly mapped with the IFSC Code of that particular bank branch and the payment of refund may be made to the Applicants' through this method. In the event NEFT is not operationally feasible, the payment of refunds may be made through any one of the other modes as discussed in this section;

(iii) Direct Credit – Applicants having their bank account with the Refund Banker may be eligible to receive refunds, if any, through direct credit to such bank account;

(iv) RTGS – Applicants having a bank account at any of the centres notified by SEBI where clearing houses are managed by the RBI, may have the option to receive refunds, if any, through RTGS. The IFSC code shall be

obtained from the demographic details. Investors should note that on the basis of PAN of the applicant, DP ID and beneficiary account number provided by them in the Application Form, the Registrar to the Issue will obtain from the Depository the demographic details including address, Investors' account details, IFSC code, MICR code and occupation (hereinafter referred to as "Demographic Details"). The bank account details for would be used giving refunds. Hence, Applicants are advised to immediately update their bank account details as appearing on the records of the Depository Participant. Please note that failure to do so could result in delays in dispatch/ credit of refunds to Applicants at their sole risk and neither the Lead Manager or the Registrar to the Issue or the Escrow Collection Bank nor the Company shall have any responsibility and undertake any liability for the same;

(v) Please note that refunds, on account of our Company not receiving the minimum subscription, shall be credited only to the bank account from which the Bid Amount was remitted to the Escrow Bank. For details of levy of charges, if any, for any of the above methods, Bank charges, if any, for cashing such cheques, pay orders or demand drafts at other centers etc. Investors may refer to Prospectus.

INTEREST IN CASE OF DELAY IN ALLOTMENT OR REFUND

The Issuer shall make the Allotment within the period prescribed by SEBI. The Issuer shall pay interest at the rate of 15% per annum if Allotment is not made and refund instructions have not been given to the clearing system in the disclosed manner/instructions for unblocking of funds in the ASBA Account are not dispatched within such times as maybe specified by SEBI.

In case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding four Working Days from the Bid/ Issue Closing Date, the Bidder shall be compensated in accordance with applicable law. ISSUE PROCEDURE FOR ASBA (APPLICATION SUPPORTED BY BLOCKED ACCOUNT) APPLICANTS

In accordance with the SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 all the Applicants have to compulsorily apply through the ASBA Process. Our Company and the LM are not liable for any amendments, modifications, or changes in applicable laws or regulations, which may

occur after the date of this Draft Prospectus. ASBA Applicants are advised to make their independent investigations and to ensure that the ASBA Application Form is correctly filled up, as described in this section.

This section is for the information of investors proposing to subscribe to the Issue through the ASBA process. Our Company and the LM are not liable for any amendments, modifications, or changes in applicable laws or regulations, which may occur after the date of this Draft Prospectus. ASBA Applicants are advised to make their independent investigations and to ensure that the ASBA Application Form is correctly filled up, as described in this section.

The lists of banks that have been notified by SEBI to act as SCSB (Self Certified Syndicate Banks) for the ASBA Process are provided on http://www.sebi.gov.in/cms/sebi_data/attachdocs/1480483399603.html. For details on designated branches of SCSB collecting the Application Form, please refer the above mentioned SEBI link.

ASBA PROCESS

A Resident Retail Individual Investor shall submit his Application through an Application Form, either in physical or electronic mode, to the SCSB with whom the bank account of the ASBA Applicant or bank account utilized by the ASBA Applicant (ASBA Account) is maintained. The SCSB shall block an amount equal to the Application Amount in the bank account specified in the ASBA Application Form, physical or electronic, on the basis of an authorization to this effect given by the account holder at the time of submitting the Application. The Application Amount shall remain blocked in the aforesaid ASBA Account until finalization of the Basis of Allotment in the Issue and consequent transfer of the Application Amount against the allocated shares to the ASBA Public Issue Account, or until withdrawal/failure of the Issue or until withdrawal/rejection of the ASBA Application, as the case may be.

The ASBA data shall thereafter be uploaded by the SCSB in the electronic IPO system of the Stock Exchange. Once the Basis of Allotment is finalized, the Registrar to the Issue shall send an appropriate request to the Controlling Branch of the SCSB for unblocking the relevant bank accounts and for transferring the amount allocable to the successful ASBA Applicants to the ASBA Public Issue Account. In case of withdrawal/failure of the Issue, the blocked amount shall be unblocked on receipt of such information from the LM.

ASBA Applicants are required to submit their Applications, either in physical or electronic mode. In case of application in physical mode, the ASBA Applicant shall submit the ASBA Application Form at the Designated Branch of the SCSB. In case of application in electronic form, the ASBA Applicant shall submit the Application Form either through the internet banking facility available with the SCSB, or such other electronically enabled mechanism for applying and blocking funds in the ASBA account held with SCSB, and accordingly registering such Applications.

Who can apply?

In accordance with SEBI circular no. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 all investors have to compulsorily apply through the ASBA Process.

Mode of Payment

Upon submission of an Application Form with the SCSB, whether in physical or electronic mode, each ASBA Applicant shall be deemed to have agreed to block the entire Application Amount and authorized the Designated Branch of the SCSB to block the Application Amount, in the bank account maintained with the SCSB. Application Amount paid in cash, by money order or by postal order or by stock invest, or ASBA Application Form accompanied by cash, money order, postal order or any mode of payment other than blocked amounts in the SCSB bank accounts, shall not be accepted. After verifying that sufficient funds are available in the ASBA Account, the SCSB shall block an amount equivalent to the Application Amount mentioned in the ASBA Application Form till the Designated Date. On the Designated Date, the SCSBs shall transfer the amounts allocable to the ASBA Applicants from the respective ASBA Account, in terms of the SEBI Regulations, into the Public Issue Account. The balance amount, if any against the said Application in the ASBA Accounts shall then be unblocked by the SCSBs on the basis of the instructions issued in this regard by the Registrar to the Issue. The entire Application Amount, as per the Application Form submitted by the respective ASBA Applicants, would be required to be blocked in the respective ASBA Accounts until finalization of the Basis of Allotment in the Issue and consequent transfer of the Application Amount against allocated shares to the Public Issue Account, or until withdrawal/failure of the Issue or until rejection of the ASBA Application, as the case may be.

Unblocking of ASBA Account

On the basis of instructions from the Registrar to the Issue, the SCSBs shall transfer the requisite amount against each successful ASBA Applicant to the Public Issue Account as per the provisions of section 40(3) of the Companies Act, 2013 and shall unblock excess amount, if any in the ASBA Account. However, the Application Amount may be unblocked in the ASBA Account prior to receipt of intimation from the Registrar to the Issue by the Controlling Branch of the SCSB regarding finalization of the Basis of Allotment in the Issue, in the event of withdrawal/failure of the Issue or rejection of the ASBA Application, as the case may be.

RESTRICTION ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and FEMA. While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. Foreign investment is allowed up to 100% under automatic route in our Company.

The Government has from time to time made policy pronouncements on FDI through press notes and press releases. The Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India (DIPP), issued consolidated FDI Policy, which with effect from August 28, 2017 consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DIPP that were in force and effect as on August 27, 2017. The Government proposes to update the consolidated circular on FDI Policy once every year and therefore, the Consolidation FDI Policy will be valid until the DIPP issues an updated circular.

The transfer of shares by an Indian resident to a Non-Resident does not require the prior approval of the FIPB or the RBI, provided that (i) the activities of the investee company are under the automatic route under the Consolidated FDI Policy and transfer does not attract the provisions of the SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011; (ii) the non-resident shareholding is within the sectoral limits under the Consolidated FDI Policy; and (iii) the pricing is in accordance with the guidelines prescribed by SEBI/RBI.

As per the existing policy of the Government of India, OCBs cannot participate in this Issue. The Equity Shares offered in the Issue have not been and will not be registered under the Securities Act and may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable U.S. state securities laws.

Accordingly, the Equity Shares are being offered and sold (i) within the United States to persons reasonably believed to be “qualified institutional investors” (as defined in Rule 144A under the Securities Act) pursuant to Rule 144A under the Securities Act or other applicable exemption under the Securities Act and (ii) outside the United States in offshore transactions in reliance on Regulations under the Securities Act and the applicable laws of the jurisdictions where such offers and sales occur.

The above information is given for the benefit of the Applicants. Our Company and the LM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Prospectus. Applicants are advised to make their independent investigations and ensure that the Applications are not in violation of laws or regulations applicable to them.

9.	<p>Where at any time Company having Share Capital proposes to increase its subscribed capital by the issue of further Shares, such shares shall be offered in compliance with the relevant provisions of Companies Act, 2013 and any other applicable law.</p>
10.	<p>The Company in general meeting may decide to issue fully paid up bonus share to the members if so recommended by the Board of Directors.</p>
Dematerialisation of Shares	
11.	<p>I. Notwithstanding anything contained in these Articles, the Company shall be entitled to dematerialise its shares, debentures and other securities and to offer any shares, debentures or other securities proposed to be issued by it for subscription in a dematerialized form and on the same being done, the Company shall further be entitled to maintain a Register of Members/ Debenture holders/ other security holders with the details of members/debenture holders/ other securities both in materialized and dematerialized form in any medium as permitted by the Act.</p> <p>II. Every person subscribing to or holding securities of the Company shall have the option to receive security certificates or to hold the securities in electronic form with a Depository. If a</p>

	<p>person opts to hold his security with a Depository, the Company shall intimate such Depository the details of allotment of the security, and on receipt of the information, the Depository shall enter in its records the name of the allottee as the Beneficial Owner of the Security.</p> <p>III. Save as herein otherwise provided, the Company shall be entitled to treat the person whose name appears as the beneficial owner of the shares, debentures and other securities in the records of the Depository as the absolute owner thereof as regards receipt of dividends or bonus on shares, interest/premium on debentures and other securities and repayment thereof or for service of notices and all or any other matters connected with the Company and accordingly the Company shall not (except as ordered by the Court of competent jurisdiction or as by law required and except as aforesaid) be bound to recognise any benami trust or equity or equitable, contingent or other claim to or interest in such shares, debentures or other securities as the case may be, on the part of any other person whether or not it shall have express or implied notice thereof.</p> <p>IV. In the case of transfer of shares, debentures or other securities where the Company has not issued any certificates and where such shares, debentures or other securities are being held in an electronic and fungible form, the provisions of the Depositories Act, shall apply.</p> <p>Provided that in respect of the shares and securities held by the depository on behalf of a beneficial owner, provisions of Section 9 and any other applicable section as amended of the Depositories Act shall apply so far as applicable.</p> <p>V. Every Depository shall furnish to the Company, information about the transfer of securities in the name of the Beneficial Owner at such intervals and in such manner as may be specified by the bye-laws of the Depository and the Company in that behalf.</p> <p>VI. Except as specifically provided in these Articles, the provisions relating to joint holders of shares, calls, lien on shares, forfeiture of shares and transfer and transmission of shares shall be applicable to shares held in electronic form so far as they apply to shares in physical form subject however to the provisions of the Depositories Act.</p>
Lien	
<p>12.</p>	<p>(i) The company shall have a first and paramount lien—</p> <p>(a) on every share (not being a fully paid share), for all monies (whether presently payable or not) called, or payable at a fixed time, in respect of that share; and</p> <p>(b) on all shares (not being fully paid shares) standing registered in the name of a single person, for all monies presently payable by him or his estate to the company:</p> <p>Provided that the Board of directors may at any time declare any share to be wholly or in part exempt from the provisions of this clause.</p> <p>Every fully paid share shall be free from all lien and that in the case of partly paid shares the issuer's lien shall be restricted to moneys called or payable at fixed time in respect of such shares.</p> <p>(ii) The company's lien, if any, on a share shall extend to all dividends payable and bonuses declared from time to time in respect of such shares.</p>
<p>13.</p>	<p>The company may sell, in such manner as the Board thinks fit, any shares on which the company has lien:</p> <p>Provided that no sale shall be made—</p> <p>(a) unless a sum in respect of which the lien exists is presently payable; or</p> <p>(b) until the expiration of fourteen days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently payable, has been given to the registered holder for the time being of the share or the person entitled thereto by reason of his death or insolvency.</p>
<p>14.</p>	<p>(i) To give effect to any such sale, the Board may authorise some person to transfer the shares sold</p>

	<p>to the purchaser thereof.</p> <p>(ii) The purchaser shall be registered as the holder of the shares comprised in any such transfer.</p> <p>(iii) The purchaser shall not be bound to see to the application of the purchase money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings in reference to the sale.</p>
15.	<p>(i) The proceeds of the sale shall be received by the company and applied in payment of such part of the amount in respect of which the lien exists as is presently payable.</p> <p>(ii) The residue, if any, shall, subject to a like lien for sums not presently payable as existed upon the shares before the sale, be paid to the person entitled to the shares at the date of the sale.</p>
Calls on shares	
16.	<p>(i) The Board may, from time to time, make calls upon the members in respect of any monies unpaid on their shares (whether on account of the nominal value of the shares or by way of premium) and not by the conditions of allotment thereof made payable at fixed times:</p> <p>Provided that no call shall exceed one-fourth of the nominal value of the share or be payable at less than one month from the date fixed for the payment of the last preceding call.</p> <p>(ii) Each member shall, subject to receiving at least fourteen days' notice specifying the time or times and place of payment, pay to the company, at the time or times and place so specified, the amount called on his shares.</p> <p>(iii) A call may be revoked or postponed at the discretion of the Board.</p>
17.	A call shall be deemed to have been made at the time when the resolution of the Board authorising the call was passed and may be required to be paid by installment.
18.	The joint holders of a share shall be jointly and severally liable to pay all calls in respect thereof.
19.	<p>(i) If a sum called in respect of a share is not paid before or on the day appointed for payment thereof, the person from whom the sum is due shall pay interest thereon from the day appointed for payment thereof to the time of actual payment at ten percent per annum or at such lower rate, if any, as the Board may determine.</p> <p>(ii) The Board shall be at liberty to waive payment of any such interest wholly or in part.</p>
20.	<p>(i) Any sum which by the terms of issue of a share becomes payable on allotment or at any fixed date, whether on account of the nominal value of the share or by way of premium, shall, for the purposes of these regulations, be deemed to be a call duly made and payable on the date on which by the terms of issue such sum becomes payable.</p> <p>(ii) In case of non-payment of such sum, all the relevant provisions of these regulations as to payment of interest and expenses, forfeiture or otherwise shall apply as if such sum had become payable by virtue of a call duly made and notified.</p>
21.	<p>The Board—</p> <p>(a) may, if it thinks fit, receive from any member willing to advance the same, all or any part of the monies uncalled and unpaid upon any shares held by him; and</p> <p>(b) upon all or any of the monies so advanced, may (until the same would, but for such advance, become presently payable) pay interest at such rate not exceeding, unless the company in general meeting shall otherwise direct, twelve per cent. per annum, as may be agreed upon between the Board and the member paying the sum in advance.</p>
Transfer of shares	
22.	<p>(i) The instrument of transfer of any share in the company shall be executed by or on behalf of both the transferor and transferee.</p> <p>(ii) The transferor shall be deemed to remain a holder of the share until the name of the transferee is entered in the register of members in respect thereof.</p>
23.	<p>The Board may, subject to the right of appeal conferred by section 58 decline to register—</p> <p>(a) the transfer of a share, not being a fully paid share, to a person of whom they do not approve; or</p> <p>(b) any transfer of shares on which the company has a lien.</p>

	<p>(c) Provided however that the Company will not decline to register or acknowledge any transfer of shares on the ground of the transferor being either alone or jointly with any other person or persons indebted to the Company on any account whatsoever.</p> <p>(d) The common form of transfer shall be used by the Company.</p>
24.	<p>The Board may decline to recognise any instrument of transfer unless—</p> <p>(a) the instrument of transfer is in the form as prescribed in rules made under sub-section (1) of section 56;</p> <p>(b) the instrument of transfer is accompanied by the certificate of the shares to which it relates, and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer; and</p> <p>(c) the instrument of transfer is in respect of only one class of shares.</p>
25.	<p>On giving not less than seven days' previous notice in accordance with section 91 and rules made thereunder, the registration of transfers may be suspended at such times and for such periods as the Board may from time to time determine:</p> <p>Provided that such registration shall not be suspended for more than thirty days at any one time or for more than forty-five days in the aggregate in any year.</p>
Transmission of shares	
26.	<p>(i). On the death of a member, the survivor or survivors where the member was a joint holder, and his nominee or nominees or legal representatives where he was a sole holder, shall be the only persons recognised by the company as having any title to his interest in the shares.</p> <p>(ii). Nothing in clause (i) shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons.</p>
27.	<p>(i) Any person becoming entitled to a share in consequence of the death or insolvency of a member may, upon such evidence being produced as may from time to time properly be required by the Board and subject as hereinafter provided, elect, either—</p> <p>(a) to be registered himself as holder of the share; or</p> <p>(b) to make such transfer of the share as the deceased or insolvent member could have made.</p> <p>(ii) The Board shall, in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent member had transferred the share before his death or insolvency.</p>
28.	<p>(i) If the person so becoming entitled shall elect to be registered as holder of the share himself, he shall deliver or send to the company a notice in writing signed by him stating that he so elects.</p> <p>(ii) If the person aforesaid shall elect to transfer the share, he shall testify his election by executing a transfer of the share.</p> <p>(iii) All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice or transfer were a transfer signed by that member.</p>
29.	<p>A person becoming entitled to a share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder of the share, except that he shall not, before being registered as a member in respect of the share, be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the company:</p> <p>Provided that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the share, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the share, until the requirements of the notice have been complied with.</p>
Forfeiture of shares	
30.	<p>If a member fails to pay any call, or installment of a call, on the day appointed for payment thereof, the Board may, at any time there after during such time as any part of the call or installment remains</p>

	unpaid, serve a notice on him requiring payment of so much of the call or installment as is unpaid, together with any interest which may have accrued.
31.	The notice aforesaid shall— (a) name a further day (not being earlier than the expiry of fourteen days from the date of service of the notice) on or before which the payment required by the notice is to be made; and (b) state that, in the event of non-payment on or before the day so named, the shares in respect of which the call was made shall be liable to be forfeited.
32.	If the requirements of any such notice as aforesaid are not complied with, any share in respect of which the notice has been given may, at any time thereafter, before the payment required by the notice has been made, be forfeited by a resolution of the Board to that effect.
33.	(i) A forfeited share may be sold or otherwise disposed of on such terms and in such manner as the Board thinks fit. (ii) At any time before a sale or disposal as aforesaid, the Board may cancel the forfeiture on such terms as it thinks fit.
34.	(i) A person whose shares have been forfeited shall cease to be a member in respect of the forfeited shares, but shall, notwithstanding the forfeiture, remain liable to pay to the company all monies which, at the date of forfeiture, were presently payable by him to the company in respect of the shares. (ii) The liability of such person shall cease if and when the company shall have received payment in full of all such monies in respect of the shares.
35.	(i) A duly verified declaration in writing that the Declarant is a director, the manager or the secretary, of the company, and that a share in the company has been duly forfeited on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the share. (ii) The company may receive the consideration, if any, given for the share on any sale or disposal thereof and may execute a transfer of the share in favour of the person to whom the share is sold or disposed of. (iii) The transferee shall thereupon be registered as the holder of the share. (iv) The transferee shall not be bound to see to the application of the purchase money, if any, nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale or disposal of the share.
36.	The provisions of these regulations as to forfeiture shall apply in the case of non-payment of any sum which, by the terms of issue of a share, becomes payable at a fixed time, whether on account of the nominal value of the share or by way of premium, as if the same had been payable by virtue of a call duly made and notified.
Alteration of capital	
37.	The company may, from time to time, by ordinary resolution increase the share capital by such sum, to be divided into shares of such amount, as may be specified in the resolution.
38.	Subject to the provisions of section 61, the company may, by ordinary resolution,— (a) consolidate and divide all or any of its share capital into shares of larger amount than its existing shares; (b) convert all or any of its fully paid-up shares into stock, and reconvert that stock into fully paid-up shares of any denomination; (c) sub-divide its existing shares or any of them into shares of smaller amount than is fixed by the memorandum; (d) cancel any shares which, at the date of the passing of the resolution, have not been taken or agreed to be taken by any person.
39.	Where shares are converted into stock: (a) the holders of stock may transfer the same or any part thereof in the same manner as, and subject to the same regulations under which, the shares from which the stock arose might before

	<p>the conversion have been transferred, or as near thereto as circumstances admit:</p> <p>Provided that the Board may, from time to time, fix the minimum amount of stock transferable, so, however, that such minimum shall not exceed the nominal amount of the shares from which the stock arose.</p> <p>(b) the holders of stock shall, according to the amount of stock held by them, have the same rights, privileges and advantages as regards dividends, voting at meetings of the company, and other matters, as if they held the shares from which the stock arose; but no such privilege or advantage (except participation in the dividends and profits of the company and in the assets on winding up) shall be conferred by an amount of stock which would not, if existing in shares, have conferred that privilege or advantage.</p> <p>(c) such of the regulations of the company as are applicable to paid-up shares shall apply to stock and the words “share” and “shareholder” in those regulations shall include “stock” and “stock-holder” respectively.</p>
40.	<p>The company may, by special resolution, reduce in any manner and with, and subject to, any incident authorised and consent required by law,—</p> <p>(a) its share capital;</p> <p>(b) any capital redemption reserve account; or</p> <p>(c) any share premium account.</p>
Capitalization of Profit	
41.	<p>(i) The company in general meeting may, upon the recommendation of the Board, resolve—</p> <p>(a) that it is desirable to capitalise any part of the amount for the time being standing to the credit of any of the company’s reserve accounts, or to the credit of the profit and loss account, or otherwise available for distribution;</p> <p>(b) that such sum be accordingly set free for distribution in the manner specified in clause (ii) amongst the members who would have been entitled thereto, if distributed by way of dividend and in the same proportions.</p> <p>(ii) The sum aforesaid shall not be paid in cash but shall be applied, subject to the provision contained in clause (iii), either in or towards—</p> <p>(A) paying up any amounts for the time being unpaid on any shares held by such members respectively;</p> <p>(B) paying up in full, unissued shares of the company to be allotted and distributed, credited as fully paid-up, to and amongst such members in the proportions aforesaid;</p> <p>(C) partly in the way specified in sub-clause (A) & partly in that specified in sub-clause (B);</p> <p>(D) A securities premium account and a capital redemption reserve account may, for the purposes of this regulation, be applied in the paying up of unissued shares to be issued to members of the company as fully paid bonus shares;</p> <p>(E) The board shall give effect to the resolution passed by the company in pursuance of this regulation.</p>
42.	<p>(i) Whenever such a resolution as aforesaid shall have been passed, the Board shall—</p> <p>(a) make all appropriations and applications of the undivided profits resolved to be capitalized thereby, and all allotments and issues of fully paid shares if any; and (b) generally do all acts and things required to give effect thereto.</p> <p>(ii) The Board shall have power—</p> <p>(a) to make such provisions, by the issue of fractional certificates or by payment in cash or</p>

	<p>otherwise as it thinks fit, for the case of shares becoming distributable infractions; and</p> <p>(b) to authorise any person to enter, on behalf of all the members entitled thereto, into an agreement with the company providing for the allotment to them respectively, credited as fully paid-up, of any further shares to which they may be entitled upon such capitalization, or as the case may require, for the payment by the company on their behalf, by the application thereto of their respective proportions of profits resolved to be capitalized, of the amount or any part of the amounts remaining unpaid on their existing shares;</p> <p>(iii) Any agreement made under such authority shall be effective and binding on such members.</p> <p>(iv) Capital paid-up in advance of calls on any share may carry interest but shall not in respect thereof confer a right to dividend or to participate in profits.</p>
Buy-back of shares	
43.	Notwithstanding anything contained in these articles but subject to the provisions of sections 68 to 70 and any other applicable provision of the Act or any other law for the time being in force, the company may purchase its own shares or other specified securities.
General meetings	
44.	All general meetings other than annual general meeting shall be called extra-ordinary general meeting.
45.	<p>(i) The Board may, whenever it thinks fit, call an extraordinary general meeting.</p> <p>(ii) If at any time directors capable of acting who are sufficient in number to form a quorum are not within India, any director or any two members of the company may call an extraordinary general meeting in the same manner, as nearly as possible, as that in which such a meeting may be called by the Board.</p>
Proceedings at general meetings	
46.	<p>(i) No business shall be transacted at any general meeting unless a quorum of members is present at the time when the meeting proceeds to business.</p> <p>(ii) Save as otherwise provided herein, the quorum for the general meetings shall be as provided in section 103.</p>
47.	The chairperson, if any, of the Board shall preside as Chairperson at every general meeting of the company.
48.	If there is no such Chairperson, or if he is not present within fifteen minutes after the time appointed for holding the meeting, or is unwilling to act as chairperson of the meeting, the directors present shall elect one of their members to be Chairperson of the meeting.
49.	If at any meeting no director is willing to act as Chairperson or if no director is present within fifteen minutes after the time appointed for holding the meeting, the members present shall choose one of their members to be Chairperson of the meeting.
Adjournment of meeting	
50.	<p>(i) The Chairperson may, with the consent of any meeting at which a quorum is present, and shall, if so directed by the meeting, adjourn the meeting from time to time and from place to place.</p> <p>(ii) No business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.</p> <p>(iii) When a meeting is adjourned for thirty days or more, notice of the adjourned meeting shall be given as in the case of an original meeting.</p> <p>(iv) Save as aforesaid, and as provided in section 103 of the Act, it shall not be necessary to give any notice of an adjournment or of the business to be transacted at an adjourned meeting.</p>
Voting rights	
51.	<p>Subject to any rights or restrictions for the time being attached to any class or classes of shares,—</p> <p>(a) on a show of hands, every member present in person shall have one vote; and</p> <p>(b) on a poll, the voting rights of members shall be in proportion to his share in the paid-up equity share capital of the company.</p>

52.	A member may exercise his vote at a meeting by electronic means in accordance with section 108 and shall vote only once.
53.	(i) In the case of joint holders, the vote of the senior who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders. (ii) For this purpose, seniority shall be determined by the order in which the names stand in the register of members.
54.	A member of unsound mind, or in respect of whom an order has been made by any court having jurisdiction in lunacy, may vote, whether on a show of hands or on a poll, by his committee or other legal guardian, and any such committee or guardian may, on a poll, vote by proxy.
55.	Any business other than that upon which a poll has been demanded may be proceeded with, pending the taking of the poll.
56.	No member shall be entitled to vote at any general meeting unless all calls or other sums presently payable by him in respect of shares in the company have been paid.
57.	(i) No objection shall be raised to the qualification of any voter except at the meeting or adjourned meeting at which the vote objected to is given or tendered, and every vote not disallowed at such meeting shall be valid for all purposes. (ii) Any such objection made in due time shall be referred to the Chairperson of the meeting, whose decision shall be final and conclusive.
Proxy	
58.	The instrument appointing a proxy and the power-of-attorney or other authority, if any, under which it is signed or a notarized copy of that power or authority, shall be deposited at the registered office of the company not less than 48 hours before the time for holding the meeting or adjourned meeting at which the person named in the instrument proposes to vote, or, in the case of a poll, not less than 24 hours before the time appointed for the taking of the poll; and in default the instrument of proxy shall not be treated as valid.
59.	An instrument appointing a proxy shall be in the form as prescribed in the rules made under section 105.
60.	A vote given in accordance with the terms of an instrument of proxy shall be valid, notwithstanding the previous death or insanity of the principal or the revocation of the proxy or of the authority under which the proxy was executed, or the transfer of the shares in respect of which the proxy is given: Provided that no intimation in writing of such death, insanity, revocation or transfer shall have been received by the company at its office before the commencement of the meeting or adjourned meeting at which the proxy is used.
Board of Directors	
61.	The number of the directors and the names of the current directors shall be determined in writing by the subscribers of the memorandum or a majority of them. The number of the directors shall not be less than two or not more than fifteen and the first directors of the company shall be: The first directors of the Company were: 1. POOJA ALMADI 2. SUMIT TIWARI 3. NEETA ROY
62.	(i) The remuneration of the directors shall, in so far as it consists of a monthly payment, be deemed to accrue from day-to-day. (ii) In addition to the remuneration payable to them in pursuance of the Act, the directors may be paid all travelling, hotel and other expenses properly incurred by them— (a) in attending and returning from meetings of the Board of Directors or any committee thereof or general meetings of the company; or (b) in connection with the business of the company.
63.	The Board may pay all expenses incurred in getting up and registering the company.
64.	The company may exercise the powers conferred on it by section 88 with regard to the keeping of a foreign register; and the Board may (subject to the provisions of that section) make and vary such regulations as it may think fit respecting the keeping of any such register.

65.	All cheques, promissory notes, drafts, hundis, bills of exchange and other negotiable instruments, and all receipts for monies paid to the company, shall be signed, drawn, accepted, endorsed, or otherwise executed, as the case may be, by such person and in such manner as the Board shall from time to time by resolution determine.
66.	Every director present at any meeting of the Board or of a committee thereof shall sign his name in a book to be kept for that purpose.
67.	(i) Subject to the provisions of section 149, the Board shall have power at any time, and from time to time, to appoint a person as an additional director, provided the number of the directors and additional directors together shall not at any time exceed the maximum strength fixed for the Board by the articles. (ii) Such person shall hold office only up to the date of the next annual general meeting of the company but shall be eligible for appointment by the company as a director at that meeting subject to the provisions of the Act.
Managing Director(S)/Whole Time Director(S)/Key Managerial Personnel	
68.	The Managing Director or Whole Time Director shall be appointed in compliance with the Provisions of Companies Act, 2013 and any other applicable law in force.
Powers and duties of Managing Director or whole-time Director	
69.	The Managing Director/Whole-time Director shall be subject to the supervision, control and direction of the Board and subject to the provisions of the Act, exercise such powers as are exercisable under these presents by the Board of Directors, as they may think fit and confer such power for such time and to be exercised as they may think expedient and they may confer such power either collaterally with or to the exclusion of any such substitution for all or any of the powers of the Board of Directors in that behalf and may from time to time revoke, withdraw, alter or vary all or any such powers. The Managing Directors/ whole time Directors may exercise all the powers entrusted to them by the Board of Directors in accordance with the Board's direction.
Proceedings of the Board	
70.	(i) The Board of Directors may meet for the conduct of business, adjourn and otherwise regulate its meetings, as it thinks fit. (ii) A director may, and the manager or secretary on the requisition of a director shall, at any time, summon a meeting of the Board.
71.	(i) Save as otherwise expressly provided in the Act, questions arising at any meeting of the Board shall be decided by a majority of votes. (ii) In case of an equality of votes, the Chairperson of the Board, if any, shall have a second or casting vote.
72.	The continuing directors may act notwithstanding any vacancy in the Board; but, if and so long as their number is reduced below the quorum fixed by the Act for a meeting of the Board, the continuing directors or director may act for the purpose of increasing the number of directors to that fixed for the quorum, or of summoning a general meeting of the company, but for no other purpose.
73.	(i) The Board may elect a Chairperson of its meetings and determine the period for which he is to hold office. (ii) If no such Chairperson is elected, or if at any meeting the Chairperson is not present within five minutes after the time appointed for holding the meeting, the directors present may choose one of their number to be Chairperson of the meeting.
74.	(i) The Board may, subject to the provisions of the Act, delegate any of its powers to committees consisting of such member or members of its body as it thinks fit. (ii) Any committee so formed shall, in the exercise of the powers so delegated, conform to any regulations that may be imposed on it by the Board.
75.	(i) A committee may elect a Chairperson of its meetings.

	(ii) If no such Chairperson is elected, or if at any meeting the Chairperson is not present within five minutes after the time appointed for holding the meeting, the members present may choose one of their members to be Chairperson of the meeting.
76.	(i) A committee may meet and adjourn as it thinks fit. (ii) Questions arising at any meeting of a committee shall be determined by a majority of votes of the members present, and in case of an equality of votes, the Chairperson shall have a second or casting vote.
77.	All acts done in any meeting of the Board or of a committee thereof or by any person acting as a director, shall, notwithstanding that it may be afterwards discovered that there was some defect in the appointment of any one or more of such directors or of any person acting as aforesaid, or that they or any of them were disqualified, be as valid as if every such director or such person had been duly appointed and was qualified to be a director.
78.	Save as otherwise expressly provided in the Act, a resolution in writing, signed by all the members of the Board or of a committee thereof, for the time being entitled to receive notice of a meeting of the Board or committee, shall be valid and effective as if it had been passed at a meeting of the Board or committee, duly convened and held.
Chief Executive Officer, Manager, Company Secretary or Chief Financial Officer	
79.	Subject to the provisions of the Act,— a. A chief executive officer, manager, company secretary or chief financial officer may be appointed by the Board for such term, at such remuneration and upon such conditions as it may think fit; and any chief executive officer, manager, company secretary or chief financial officer so appointed may be removed by means of a resolution of the Board; b. A director may be appointed as chief executive officer, manager, company secretary or chief financial officer.
80.	A provision of the Act or these regulations requiring or authorising a thing to be done by or to a director and chief executive officer, manager, company secretary or chief financial officer shall not be satisfied by its being done by or to the same person acting both as director and as, or in place of, chief executive officer, manager, company secretary or chief financial officer.
The Seal	
81.	(i) The Board shall provide for the safe custody of the seal. (ii) The seal of the company shall not be affixed to any instrument except by the authority of a resolution of the Board or of a committee of the Board authorised by it in that behalf, and except in the presence of at least two directors and of the secretary or such other person as the Board may appoint for the purpose; and those two directors and the secretary or other person aforesaid shall sign every instrument to which the seal of the company is so affixed in their presence.
Dividends and Reserve	
82.	The company in general meeting may declare dividends, but no dividend shall exceed the amount recommended by the Board.
83.	Subject to the provisions of section 123, the Board may from time to time pay to the members such interim dividends as appear to it to be justified by the profits of the company.
84.	(i) The Board may, before recommending any dividend, set aside out of the profits of the company such sums as it thinks fit as a reserve or reserves which shall, at the discretion of the Board, be applicable for any purpose to which the profits of the company may be properly applied, including provision for meeting contingencies or for equalising dividends; and pending such application, may, at the like discretion, either be employed in the business of the company or be invested in such investments (other than shares of the company) as the Board may, from time to time, think fit. (ii) The Board may also carry forward any profits which it may consider necessary not to divide, without setting them aside as a reserve.
85.	(i) Subject to the rights of persons, if any, entitled to shares with special rights as to dividends, all dividends shall be declared and paid according to the amounts paid or credited as paid on the shares in respect whereof the dividend is paid, but if and so long as nothing is paid upon any of the shares in the company, dividends may be declared and paid according to the amounts of the shares.

	<p>(ii) No amount paid or credited as paid on a share in advance of calls shall be treated for the purposes of this regulation as paid on the share.</p> <p>(iii) All dividends shall be apportioned and paid proportionately to the amounts paid or credited as paid on the shares during any portion or portions of the period in respect of which the dividend is paid; but if any share is issued on terms providing that it shall rank for dividend as from a particular date such share shall rank for dividend accordingly.</p>
86.	The Board may deduct from any dividend payable to any member all sums of money, if any, presently payable by him to the company on account of calls or otherwise in relation to the shares of the company.
87.	<p>(i) Any dividend, interest or other monies payable in cash in respect of shares may be paid by cheque or warrant sent through the post directed to the registered address of the holder or, in the case of joint holders, to the registered address of that one of the joint holders who is first named on the register of members, or to such person and to such address as the holder or joint holders may in writing direct.</p> <p>(ii) Every such cheque or warrant shall be made payable to the order of the person to whom it is sent.</p>
88.	Any one of two or more joint holders of a share may give effective receipts for any dividends, bonuses or other monies payable in respect of such share.
89.	Notice of any dividend that may have been declared shall be given to the persons entitled to share therein in the manner mentioned in the Act.
90.	<p>No dividend shall bear interest against the company.</p> <p>Provided however that no amount outstanding as unclaimed dividends shall be forfeited unless the claim becomes barred by law.</p>
Accounts	
91.	<p>(i) The Board shall from time to time determine whether and to what extent and at what times and places and under what conditions or regulations, the accounts and books of the company, or any of them, shall be open to the inspection of members not being directors.</p> <p>(ii) No member (not being a director) shall have any right of inspecting any account or book or document of the company except as conferred by law or authorised by the Board or by the company in general meeting.</p>
Winding up	
92.	<p>Subject to the provisions of Chapter XX of the Act and rules made thereunder—</p> <p>a. If the company shall be wound up, the liquidator may, with the sanction of a special resolution of the company and any other sanction required by the Act, divide amongst the members, in specie or kind, the whole or any part of the assets of the company, whether they shall consist of property of the same kind or not.</p> <p>b. For the purpose aforesaid, the liquidator may set such value as he deems fair upon any property to be divided as aforesaid and may determine how such division shall be carried out as between the members or different classes of members.</p> <p>c. The liquidator may, with the like sanction, vest the whole or any part of such assets in trustees upon such trusts for the benefit of the contributories if he considers necessary, but so that no member shall be compelled to accept any shares or other securities whereon there is any liability.</p>
Indemnity	
93.	Every officer of the company shall be indemnified out of the assets of the company against any liability incurred by him in defending any proceedings, whether civil or criminal, in which judgment is given in his favour or in which he is acquitted or in which relief is granted to him by the court or the Tribunal.

(Adopted by resolution passed at the Annual General Meeting dated 30th September, 2022).
